## **Lovers For A Day New And Collected Stories On Love:**

**Lovers for a Day** Ivan Klíma, 2007-12-01 This short story collection spanning the celebrated Czech author's career is a taxonomic survey of Eros by a writer at the top of his form. The Boston Globe In these stories that span an acclaimed career from the 1960s to the present Ivan Klíma offers a vivid gallery of people searching for an escape in love: factory girls and assembly line workers find respite from their daily grind in Walter Mitty-esque fantasies; a young woman finds herself on a honeymoon with a man she did not marry; a divorce court judge loves the routines of his marriage in ways his mistress can't understand; and a young wife falls into a passionate affair with an elderly bookbinder crippled by war. **Lovers for a Day** is a book stamped with Klíma's unique vision. With a personal history of a nation's evolution, this moving examination of our attempts to find freedom in love will demonstrate why Klíma is considered by so many to be a Czech genius. **Loving Arms** Karen Schneider, 2021-09-15 **Loving Arms** examines the war-related writings of five British women whose works explore the connections among gender, war, and story telling. While not the first study to relate the subjects of gender and war, it is the first within a growing body of criticism to focus specifically on British culture during and after World War II. Evoking the famous St Crispin's Day speech from Henry V and then her own father's account of being moved to tears on V J Day because he had been too young to fight, Karen Schneider posits that the war story has a far-reaching potency. She admits perhaps for all of us that such stories had powerfully shaped my consciousness in ways I could not completely resist. How a story is narrated and by whom are matters of no small importance. As widely defined and accepted war stories are men's stories. If we are to hear another story of war, then we must listen to the stories women tell. Many of the war stories written by women insist that war is not the condition of men but rather the condition of humanity, beginning with relations between the sexes. For the five women whose work is examined in **Loving Arms**, Stevie Smith, Katharine Burdekin, Virginia Woolf, Elizabeth Bowen, and Doris Lessing, this latter point was particularly relevant. Their positions as women within a patriarchal militarist culture that was externally threatened by an overtly fascist one led to an acute ambivalence, says Schneider. Though all five women perceived the war from substantially different perspectives, each in her own way exposed and critiqued the seductive power of war and war stories with their densely interwoven tropes of masculinity and nationalism. Yet these writers' conflicting impulses of loyalty to England and resistance to the war betray their ambivalence. **Loving Arms** will interest students of twentieth-century British literature and culture, gender studies, and narratology. Even today we maintain an unabated love affair with the war story. But unless we listen to what the women had to say fifty years ago, we are doomed to hear only the same old story.

his death *Hope Against Hope* is her harrowing account of their last years together and a window into Stalin's persecution of Russia's literary intelligentsia in the 1930s and beyond. But it is also a profoundly inspiring love story that relates their determination to keep both love and art alive in the most desperate circumstances. After years of circulating privately in the Soviet Union, *Hope Against Hope* was smuggled out and published in the West in 1970 and has since achieved the status of a classic not only for its essential testimony to a dramatic period of history but also for the enduring brilliance of Mandelstam's writing. *Henry James: Complete Stories Vol. 1 1864-1874 (LOA #111)* Henry James, 1999-08-30 A dignified and impressive addition to your bookshelf that reveals James's virtuoso performance in a genre he helped to define, refine, and elevate. The Commercial Appeal This Library of America volume, the first of five of Henry James's short fiction, brings together his first twenty-four published stories, thirteen never collected by James. Encompassing a wide range of subjects, settings, and formal techniques, they show the first explorations of some of James's most significant themes: the force of social convention and the compromises it demands; the complex and often ambiguous encounter between Europe and America; the energies of passion measured against the rigors of artistic discipline. By his mid-twenties, James was a regular contributor to the most prestigious and popular magazines of his era. He is equally at ease writing historical tales such as *Gabrielle de Bergerac*, a love story set in pre-Revolutionary France, as he is exploring contemporary events as in the three stories that treat the effects of the American Civil War on civilians. James's psychological acuity is already evident in *Master Eustace*, a study of the ruthlessness of a spoiled child, and in *Guest's Confession*, where the comic portrayal of an arrogant businessman hints at his cruelty and self-absorption. In *The Romance of Certain Old Clothes* and *The Last of the Valerii*, James begins to work with the supernatural and fantastic motifs that would continue to surface in his work. Early examples of James's lifelong fascination with art and artists include *A Landscape Painter*, about a young painter's attraction to a seemingly simple family living in a desolate coastal town, and *The Madonna of the Future*, where an aging artist avoids the unveiling of his masterpiece. Adumbrating later triumphs and compelling in their own right, these stories reveal and accomplished and cosmopolitan young talent mastering the art of the short story.
