Low-Carb Fraud T. Colin Campbell, Howard Jacobson, 2014-02-25 By now the low carb diet s refrain is a familiar one Bread is bad for you Fat doesn t matter Carbs are the real reason you can t lose weight The low carb universe Dr Atkins brought into being continues to expand Low carb diets from South Beach to the Zone and beyond are still the go to method for weight loss for millions These diets marketing may differ but they all share two crucial components the condemnation of carbs and an emphasis on meat and fat for calories Even the latest diet trend the Paleo diet is despite its increased focus on some whole foods just another variation on the same carbohydrate fears In *The Low Carb Fraud* longtime leader in the nutritional science field T Colin Campbell author of *The China Study* and *Whole* outlines where and how the low carb proponents get it wrong

where the belief that carbohydrates are bad came from and why it persists despite all the evidence to the contrary The foods we misleadingly refer to as carbs aren't all created equal and treating them that way has major consequences for our nutritional well being If you're considering a low carb diet read this e book first It will change the way you think about what you eat and how you should be eating to lose weight and optimize your health now and for the long term [The Fat Burning Blueprint](#) Paris Louiselle,2013-10-06 Fat Burning Blueprint Why Willpower Doesn't Help You Lose Weight and Other Weight Loss Illusions Imagine you could lose the same amount of weight on two diet plans On program one you're hungry all the time You have to use every drop of willpower you can muster to stay on it You're frequently subject to cravings You rarely feel full and when you do it doesn't last very long To top it off this same eating plan requires you be a mathematician and a journalist keeping track of every calorie and fat gram On program two you choose from basic foods that have sustained the human genus for a couple of million years You eat as much as possible from this varied list You rarely have cravings and hunger is a thing of the past Your appetite is regulated naturally your energy level is high and you feel satisfied all the time Which program would you want to do Now let's go one step further and assume that these two eating programs produced identical results in the weight loss department
