Hess, Pratibha A. Dabholkar, 2020-10-02 Whether as a curiosity or a beloved idol Gene Kelly 1912-1996 lives on in our cultural memory as a fantastic dancer in MGM musicals especially *Singin' in the Rain* But dancing however extraordinary was only one of his many gifts This book for the first time offers a full picture of Gene Kelly as the Renaissance man he actually was dancer yes but also choreographer actor clown singer director teacher and mentor Kelly was star of radio and television as well as film avant garde as artist and auteur but also ahead of the curve in opening the world of dance to differences of race ethnicity and gender Gene Kelly *The Making of a Creative Legend* takes us from Kelly's youth in Depression era Pittsburgh through his years on Broadway and ascendance to stardom in Hollywood Authors Hess and Dabholkar pay particular attention to his work with the US Navy solo directing and lesser known but considerable accomplishments in television radio and on the stage in later years The book gives us a rare inside look at Kelly's relationships with dancing partners and peers from Leslie Caron Vera Ellen and Cyd Charisse to Fred Astaire and at his directorial collaboration with Stanley Donen and Vincent

Minnelli and at his solo directing The authors show us significant but little examined facets of Kelly's character and career such as the political convictions that got him graylisted in Hollywood his passion for creating cine dance and serving as an ambassador of dance in America and his forging of links between dance civil rights and the common man Steeped in research and replete with photographs this career biography uniquely encompasses all phases of Gene Kelly's life and work and finally gives us a full portrait of this central figure in the history of the film musical during Hollywood's Golden Age

**The Cinematic Voyage of THE PIRATE** Earl J. Hess, Pratibha A. Dabholkar, 2014-07-21 During Metro Goldwyn Mayer's glory days the studio's famous Arthur Freed Unit made an extraordinary string of dazzling musicals One of its very best was The Pirate Based on a successful 1942 Broadway production the film was directed by Vincente Minnelli and starred Gene Kelly and Judy Garland It showcased some of the brightest work of these three gifted moviemakers and entranced many critics and viewers with exotic set design and costumes brilliant Technicolor application stunning dance routines and a clever plot about an actor who pretends to be a famous pirate to win the love of a fanciful island girl The Cinematic Voyage of The Pirate Kelly Garland and Minnelli at Work follows the model of Hess and Dabholkar's previous study of Singin' in the Rain Drawing on exhaustive research in archives memoirs interviews and newspaper coverage it takes the reader from the original conception of the story in the mind of a German playwright named Ludwig Fulda through S. N. Behrman's Broadway production starring Alfred Lunt and Lynn Fontanne to the arduous task of crafting a suitable screenplay at MGM Behind the scenes issues such as Garland's personal problems during the making of the film and the shaping of the film by Minnelli and Kelly are among the many subjects detailed here While the initial reception of The Pirate reinforced hopes for its success many audiences did not understand the film's tongue-in-cheek aspect and some critical reviews were mixed This shaded the perception of the film and its significance As this careful study shows The Pirate was a commercial and critical success despite some early misperceptions The movie made a small profit for MGM and the film grew in public appeal over time The Pirate has been studied by film historians gender studies scholars and film studies professionals since it was released in 1948 The Cinematic Voyage of The Pirate contributes to a growing literature asserting the importance of single film production history and the significance of the film musical in the golden age of Hollywood
