Michener,Mark A. Lamport,2024-10-24 Postconservative theology may be said to parallel with postliberal theology at its best Orthodox biblical but open to new insights about how to interpret Scripture But the new insights must be faithful as well as fresh Postconservative theology is not the same as progressive theology which tends to lean toward indeterminant faith expressions whereas postconservative allows for particular faith commitments and expressions but understands that the constructive task of theology is never finished Authors emphasize various interpretive theological lenses used for doing theology among various postconservative theologians rather than emphasizing the philosophical background to hermeneutical theory present in other works such as past influential thinkers including Gadamer Grondin Ricoeur Heidegger etc This resource could also function as a companion to Evangelical Theological Method Five Views 2018 This emphasis of the chapters will not be on the nuts and bolts of how to interpret but rather on the theological impulses that govern various lenses Bible cultural context etc for doing theology and the way Scripture functions with respect to the practice of interpretation      *Heroines in African-Arabic Folktales* Cassandra Chambliss,2001      **African Hermeneutics** Elizabeth Mburu,2019-02-28 Interpretation of Scripture occurs within one s worldview and culture which enhances our understanding and ability to apply Scripture in the world However few books address Bible interpretation from an African perspective and no other textbook uses the intercultural approach found here This book brings both an awareness of how one s African context gives a lens to hermeneutics but also how to interpret texts with integrity despite our cultural influences African Hermeneutics was born of Prof Elizabeth Mburu s frustration at only having textbooks that predominantly followed a Western worldview to teach her African students Mburu s approach to hermeneutics is one that begins in Africa moving from the known to the unknown as students learn to apply her four legged stool model to biblical texts namely examining the parallels to African contexts the theological context the literary context and the historical and cultural context This textbook will help students and pastors interpret Scripture with greater accuracy in their own context allowing for faithful application in their local contexts      How To Tell Your Personal Story: The Essential Guide To Memorable Storytelling Obehi Ewanfoh , Small businesses and content creators are you ready to take your storytelling skills to the next level How To Tell Your Personal Story is the third book in The Storytelling Series for African Diaspora Beginners Guide for Small Businesses Content
