Means Without End Notes On Politics:

Means Without End Giorgio Agamben, 2000 In this critical rethinking of the categories of politics within a new sociopolitical and historical context the distinguished political philosopher Giorgio Agamben builds on his previous work to address the status and nature of politics itself Bringing politics face to face with its own failures of consciousness and consequence Agamben frames his analysis in terms of clear contemporary relevance He proposes in his characteristically allusive and intriguing way a politics of gesture a politics of means without end *Means Without End* Giorgio Agamben, 2014-05-14 In this critical rethinking of the categories of politics within a new sociopolitical and historical context the distinguished political philosopher Giorgio Agamben builds on his previous work to address the status and nature of politics itself Bringing politics face to face with its own failures of consciousness and consequence Agamben frames his analysis in terms of clear contemporary relevance He proposes in his characteristically allusive and intriguing way a politics of gesture a politics of means without end **The Choreopolitics of Alain Platel's les ballets C de la B** Christel Stalpaert, Guy Cools, Hildegard De Vuyst, 2020-02-06 Les Ballets C de la B was founded by Alain Platel in 1984 Since then it has become a company that enjoys great success at home and abroad Over the years Platel has developed a unique choreographic oeuvre His motto This dance is for the world and the world is for everyone reveals a deep social and political commitment Through the three topics of emotions gestures and politics this book unravels the choreopolitics of Platel s Les Ballets C de la B His choreopolitics go beyond conveying a political message because rather than defending one opinion Platel is more concerned about the exposure of the complexity within the debate itself Highly respected scholars from different fields contribute to this book to provide an interdisciplinary perspective on the intense emotions the damaged narratives and the precarious bodies in Platel s choreographic oeuvre **Agamben and Radical Politics** McLoughlin Daniel McLoughlin, 2016-06-01 These 12 essays give you new perspectives on how Agamben s work is increasingly relevant to economy and political action the two ideas that frame the most pressing problems of global politics New analyses of Agamben s recent work on government and his relationship to the revolutionary tradition opening up new ways of thinking about politics and critical theory in the post financial crisis world Contributors Daniel McLoughlin Giorgio Agamben Jason E Smith Jessica Whyte Justin Clemens Mathew Abbott Miguel Vatter Nicholas Heron Sergei Prozorov Simone Bignall Steven DeCaroli **Time, Language, and Visuality in Agamben's Philosophy** J. Doussan, 2013-05-21 Giorgio Agamben a philosopher both celebrated and reviled is among the prominent voices in contemporary Italian thought today His work which touches upon fields as diverse as aesthetics and biopolitics is often understood within a framework of Aristotelian potentiality With this incisive critique Doussan identifies a different tendency in the philosopher s work an engagement with the problem of time that is inextricably bound up with language and visuality Founded in his early writings on metaphysics and continuing to his present occupation with inoperativity Time Language and Visuality in Agamben s Philosophy forges an

original path through Agamben's extensive commentary on the linguistic and the visual to illuminate the recurrent temporal theme of capture and evasion the cat and mouse game that bears the foundational violence of not just representation but concept formation itself In the process Doussan both reveals its limit and establishes a ground for future engagements

Religious Ethics and Migration Ilse Ahn, 2013-11-12 What does it mean to provide justice for undocumented workers who have been living among us without proper legal documentation How can we do justice to the undocumented migrants who have been doing the low skilled low paid jobs unwanted by citizens Why should we even try to do justice for people who violate the laws of the society Religious Ethics and Migration Doing Justice to Undocumented Workers addresses these questions from a distinctive religious ethical perspective the Christian theology of forgiveness and radical hospitality In answering these questions the author employs in depth interdisciplinary dialogues with other relevant disciplines such as immigration history global economics political science legal philosophy and social theory He argues that the political appropriation of a Christian theology of forgiveness and the radical hospitality modeled after it are the most practical and justifiable solutions to the current immigration crisis in North America Critical and interdisciplinary in its approach this book offers a unique comprehensive and balanced perspective regarding the urgent immigration crisis *This Thing Called*

Theory Teresa Stoppani, Giorgio Ponzio, George Themistokleous, 2016-11-10 22 White wide and scattered picturing her housing career 23 Toward a theory of Interior 24 Repositioning Theory now Don't excavate change reality Part VII Forms of engagement 25 Unpolitical 26 Prince complex narcissism and reproduction of the architectural mirror 27 Less than enough a critique of Aureli's project 28 Repositioning Having ideas 29 Post scriptum But that is not enough Index **Enacting a Public Theology** Clive Pearson, 2019-12-13 The practice of a public theology is to identify issues that require attention for the sake of a civil society and the flourishing of all In diverse ways the writers of Enacting a Public Theology recognise that the present is a volatile moment in time The publication explores the loss of confidence in the contemporary expressions of democracy the climate emergency accompanies the dawn of the Anthropocene the migration of people raises concerns to do with identity belonging and where is home the invasion of land wrongly described as terra nullius and then invaded demands a deepened praxis of reconciliation between first and second peoples and lastly there is an urgent need to speak into the situation of those pushed to the margins because of HIV Aids Enacting a Public Theology represents the thinking of writers from Australia and Aotearoa New Zealand It is both local and global in its concern Each one of the contributors participated in the triennial gathering of the Global Network of Public Theology held in Stellenbosch in 2016 **The Ethics of a**

Potential Urbanism Camillo Boano, 2016-11-25 The Ethics of a Potential Urbanism explores the possible and potential relevance of Giorgio Agamben's political thoughts and writings for the theory and the practice of architecture and urban design It sketches out the potentiality of Agamben's politics which can affect change in current architectural and design discourses The book investigates the possibility of an inoperative architecture as an ethical shift for a different practice just a

little bit different but able to deactivate the sociospatial dispositive and mobilize a new theory and a new project for the urban now to come This particular reading from Agamben's oeuvre suggests a destituent mode of both thinking and practicing of architecture and urbanism that could possibly redeem them from their social emptiness cultural irrelevance economic reductionism and proto avant garde extravagance contributing to a renewed critical encounter with architecture's aesthetic political function

Biopolitical Animal Carlo Salzani, Felice Cimatti, 2024-11-30 The two issues around which this collection revolves are that it is impossible to address biopolitics without taking the animal question into account and that the animal question inherently concerns the politics of life beyond species barriers Although biopolitical theories are necessarily structured around animal metaphors they predominantly refer to human corporeality On the other hand the animal question is typically treated as an ethical issue that is a question of how human beings the dominant species ought to learn how to live peaceably with and respect other forms of life This collection of essays by leading scholars in the fields of biopolitics and animal studies problematises reconceptualises and redefines these categories in order to realise the full potential of the biopolitical framework of analysis in the context of animal studies and praxis

The Year's Work in Lebowsky Studies Edward P. Comentale, Aaron Jaffe, 2009-11-17 A massive underground sensation The Big Lebowsky has been hailed as the first cult film of the internet age In this book 21 fans and scholars address the film's influences westerns noir grail legends the 1960s and Fluxus and its historical connections to the first Iraq war boomers slackerdom surrealism college culture and of course bowling The Year's Work in Lebowsky Studies contains neither arid analyses nor lectures for the late night crowd but new ways of thinking and writing about film culture

Legacies of Ancient Greece in Contemporary Perspectives Thomas M. F. Gerry, 2022-04-20 Legacies of Ancient Greece in Contemporary Perspectives provides readers with opportunities to reconnect with the origins of thought in an astonishingly wide variety of areas politics economics art spirituality gender relations medicine literature philosophy music and so on As the chapters in the book show Classical Greek thought still informs much of contemporary culture There are countless books and articles that deal with ancient Greece historically and a similar number that focus on Greece as a contemporary travel destination There is both a lot of interest in Greece as a place now and in Greece's history and culture which formed the early origins of much of Western civilisation The distinctive attraction of Legacies of Ancient Greece in Contemporary Perspectives is that it brings together by means of fascinating examples the two areas of interest Greece's past in relation to its and our present In addition to the general interest factor the book suggests questions for re-examination the individual chapters provide abundant original research on their subjects and in most cases offer critiques on the assumptions about and the interpretations of Greece's ancient and contemporary cultural practices These challenges themselves stimulate far reaching thought and discussion a feature highly attractive to readers and students wishing to develop a more in depth understanding of the legacies of ancient Greece

Live Coding Alan F. Blackwell, Emma Cocker, Geoff Cox, Alex McLean, Thor Magnusson, 2022-11-22 The first comprehensive introduction to

the origins aspirations and evolution of live coding Performative improvised on the fly live coding is about how people interact with the world and each other via code In the last few decades live coding has emerged as a dynamic creative practice gaining attention across cultural and technical fields from music and the visual arts through to computer science Live Coding A User s Manual is the first comprehensive introduction to the practice and a broader cultural commentary on the potential for live coding to open up deeper questions about contemporary cultural production and computational culture This multi authored book by artists and musicians software designers and researchers provides a practice focused account of the origins aspirations and evolution of live coding including expositions from a wide range of live coding practitioners In a more conceptual register the authors consider liveness temporality and knowledge in relation to live coding alongside speculating on the practice s future forms *Incorporations of Chineseness* Serena Fusco,2016-04-26 Divided into two parts the first a combination of historical introduction and theoretical analysis the second consisting of comprehensive in depth detailed close readings of representative literary works this book is a unique bridge connecting the fields of Comparative Literature Asian American Studies and Asian Studies Through a repositioning of the Chinese component of Asian America in relation to the transformations of Chinese identity in modern times it reads Asian American literature and Asian American literary studies in the context of the historical events and geopolitical changes that have informed the construction of Chineseness Drawing on feminist theory philosophy narratology and semiotics the book focuses on the body as a point of interchange between collectivity and individuality race and culture matter and discourse The body as argued here symbolically and narratively reflects in the texts the encounter between Chineseness and Americanness revealing it as a matter germane to the construction of American multiculturalism but simultaneously informed by the broader politics of the Chinese diaspora This book historicizes Chineseness from an ex centric perspective thus contributing to the understanding of its present and re focalizes Asian American literature from a non US perspective thus exploring the Asian American field with a comparative outlook Overall this work illuminates an aspect of the topical and inevitably contemporary dialogue of two major Pacific superpowers the US and China The Pentecostal Principle Nimi Wariboko,2012 This volume brings Pentecostal intuitions to bear on the task of reconceptualizing the process of ethical methodology in a pluralistic world applying a Pentecostal sensibility to the study of social ethics *Speculations II* Michael Austin,Paul J. Ennis,Fabio Gironi,Thomas Gokey,2020 From the Editorial Introduction If the first volume of *Speculations* was enough of an explicit wager a willing blind leap in the terra incognita of the publishing world then this volume forces us to stop and evaluate the reasons for the journal s protracted existence This is all the more important when we consider how the range of meanings of the term speculative realism seems to be growing with increasing numbers of thinkers situating themselves in its trail or holding a somewhat cautious interest in it while its e ffective reference seems nowhere to be found Theory and the Disappearing Future Tom Cohen,Claire Colebrook,J. Hillis Miller,with a manuscript by Paul de Man,2011-11-10 Paul de Man

is often associated with an era of high theory an era it is argued may now be coming to a close This book written by three leading contemporary scholars includes both a transcript and facsimile print of a previously unpublished text by de Man of his handwritten notes for a lecture on Walter Benjamin Challenging and relevant this volume presents de Man s work as a critical resource for dealing with the most important questions of the twenty first century and argues for the place of theory within it The humanities are flooded with crises of globalism capitalism and terrorism contemporary narratives of financial collapse viral annihilation species extinction environmental disaster and terrorist destruction Cohen Colebrook and Miller draw out the implications of these crises and their narratives and reflecting on this work by de Man explore the limits of political thinking of historical retrieval and the ethics of archives and cultural memory Dying for Rights Sandra Fahy,2019-09-10 North Korea s human rights violations are unparalleled in the contemporary world In Dying for Rights Sandra Fahy provides the definitive account of the abuses committed by the North Korean state domestically and internationally from its founding to the present Dying for Rights scrutinizes North Korea s treatment of its own people as well as foreign nationals how violations committed by the state spread into the international realm and how North Korea uses its state media and presence at the United Nations Fahy meticulously documents the extent of arbitrary detention torture executions and the network of prison camps throughout the country The book details systematic and widespread violations of freedom of speech and of movement freedom from discrimination and the rights to food and to life Fahy weaves together public and private testimonies from North Koreans resettled abroad as well as NGO reports the stories and facts brought to light by the United Nations Commission of Inquiry into North Korea and North Korea s own state media to share powerful personal narratives of human rights abuses A compassionate yet objective investigation into the factors that sustain and perpetuate the flouting of basic rights Dying for Rights reveals the profound culpability of the North Korean state in the systematic denial of human dignity **Reticulations** Philip Armstrong,2009 Significantly advancing our notion of what constitutes a network Philip Armstrong proposes a rethinking of political public space that specifically separates networks from the current popular discussion of globalization and information technology **Work of Giorgio Agamben** Justin Clemens,2011-06-21 This collection of essays newly available in paperback seeks to explore Agamben s work from philosophical and literary perspectives thereby underpinning its place within larger debates in continental philosophy
