Modern Art In America 1928:

American Artists, Authors, and Collectors Bennard B. Perlman, Walter Pach, 2002-01-01 Offers a behind the scenes look at a significant era in the development and emergence of modern American art *Paul T. Frankl and Modern American Design* Christopher Long, 2007-01-01 A comprehensive view of the life work and ideas of one of the creative giants of modern American design Arriving in the United States in 1914 Viennese born Paul T Frankl 1886 1958 brought with him an outsider's fresh perspective and an enthusiasm for forging a uniquely American design aesthetic In the years between the two world wars he more than any other designer helped shape the distinctive look of American modernism This authoritative book draws on an extensive collection of unpublished documents and family papers and photographs to provide the first full account of Frankl's life and ideas The book also explores the history of modern American design and the extent of Frankl's influence on its trajectory In the early 1920s Frankl opened a New York City shop that became an epicenter of American modernism Over the next decades his work encompassed everything from individual pieces of furniture and decorative accessories to entire interiors and his style continuously evolved from early Skyscraper furniture to relaxed and casual designs favored by the Hollywood elite in the 1930s to manufactured pieces for the mass market in the 1950s The book charts the impact of Frankl's ideas on merchants and consumers on his fellow designers and on the changing look of American homes and workplaces With close to 170 illustrations *Paul T Frankl and Modern American Design* is an essential reference on 20th century design **Modern Art on Display** K. Porter Aichele, 2016-05-19 *Modern Art on Display The Legacies of Six Collectors* is structured as a sequence of case studies that pair collectors of modern art with artists they particularly favored Duncan Phillips and Augustus Vincent Tack Albert Barnes and Chaim Soutine Albert Eugene Gallatin and Juan Gris Lillie Bliss and Paul C zanne Etta Cone and Henri Matisse G David Thompson and Paul Klee The case studies are linked by a thematic focus on the integral relationship between the collectors acquired knowledge about the work they amassed and their innovative display models This focus brings a new perspective to the history of collecting and interpreting modern art in America for nearly half a century 1915 1960 By examining the books the collectors themselves read and analyzing archival photographs of their displays the author makes a case for the historical significance of how the collectors presented the art they acquired before their collections were institutionalized Who's who Among North American Authors, 1929 *Queer Thing, Painting - Forty Years in the World of Art* Walter Pach, 2013-05-31 Walter Pach was an artist critic lecturer art adviser and art historian who wrote extensively about modern art and championed the cause of modern art Through his numerous books articles and translations of European art texts Pach brought the emerging modernist viewpoint to the American public Pach's fluency in French German and Spanish made it possible for him to understand and interpret the avant garde ideas developing in Europe and translate them for the English speaking audience He was able to communicate personally with many noted artists in Europe and Mexico and mediate between gallery dealers and museum

curators on their behalf This is an interesting look at the American art scene and a little peak at the Parisian scene and how Americans especially appreciated art in the late nineteenth and early 20th century *The Life & the Work* Charles G. Salas,2007 It is often assumed that reading about the lives of artists enhances our understanding of their work and that their work reveals something about them but the relationship between biography and art is rarely straightforward In *The Life and the Work* art historians Thomas Crow Charles Harrison Rosalind Krauss Debora Silverman Paul Smith and Robert Williams address this fundamental if convoluted relationship Looking to such figures as Andy Warhol Bob Dylan Vincent van Gogh Paul C zanne Leonardo da Vinci and the artists associated with the name Art Language the volume s authors have written a set of provocative essays that explore how an artist s life and art are intertwined **American Modern, 1925-1940** J. Stewart Johnson,2000 *Machine Art, 1934* Jennifer Jane Marshall,2019-01-23 In 1934 New York s Museum of Modern Art staged a major exhibition of ball bearings airplane propellers pots and pans cocktail tumblers petri dishes protractors and other machine parts and products The exhibition titled *Machine Art* explored these ordinary objects as works of modern art teaching museumgoers about the nature of beauty and value in the era of mass production Telling the story of this extraordinarily popular but controversial show Jennifer Jane Marshall examines its history and the relationship between the museum s director Alfred H Barr Jr and its curator Philip Johnson who oversaw it She situates the show within the tumultuous climate of the interwar period and the Great Depression considering how these unadorned objects served as a response to timely debates over photography abstract art the end of the American gold standard and John Dewey s insight that how a person experiences things depends on the context in which they are encountered An engaging investigation of interwar American modernism *Machine Art 1934* reveals how even simple things can serve as a defense against uncertainty
