New Global Politics Of The Asia Pacific:

The New Global Politics of the Asia Pacific Michael Connors, Remy Davison, Jörn Dosch, 2009 **The New Global Politics of the Asia Pacific** Michael K. Connors, Rémy Davison, Jörn Dosch, 2011-07-18 The new fully updated second edition of *The New Global Politics of the Asia Pacific* builds on its coherent framework for understanding the complex international and global politics of the Asia Pacific. The textbook provides an introductory guide for the main frameworks needed to understand the region: realism, liberalism, critical theory, which is reader friendly while still offering sophisticated competing interpretations. Key content includes: the US in the Asia Pacific, China and Japan in the Asia Pacific, Southeast Asia in the Asia Pacific, India in the Asia Pacific, Russia in the Asia Pacific, Australia in the Asia Pacific, Europe in the Asia Pacific, globalization, regionalism and political economy, Asian values, democracy and human rights, transnational actors, region security order and the impact of terrorism on the region. A highly topical account which provides an overview of the main actors, institutions and contemporary issues such as security, terrorism and transnational actors. The book is required reading for undergraduate students of Asian studies, international politics and anyone interested in the region. *The New Global Politics of the Asia-Pacific* Michael K. Connors, Rémy Davison, Jörn Dosch, 2017-10-30 Now in its new and fully updated third edition *The New Global Politics of the Asia Pacific* continues to provide a compelling analysis of a region undergoing dramatic changes. Based on new research and offering fresh interpretation, this edition evaluates the prospects for continuing US dominance in the Asian Century. Whilst presenting evidence for a multifaceted Beijing Strategy which aims to counter the US by building an alternative regional order, it also explains Japan's definitive departure from its limited military role. Providing an introductory guide for the main frameworks needed to understand the region including realism, liberalism and critical theory, this new edition is reader friendly and offers sophisticated competing explanations. Key content includes: Intra regional conflicts in the South China Sea and the Korean peninsula, The different responses within the Asia Pacific to the globalization of Western ideas of democracy and political economy, The underappreciated success of the Association of Southeast Asian Nations in building a regional identity, The European Union's soft power in the region. A highly topical account which offers an overview of the main actors, institutions and contemporary issues in the Asia Pacific. The book will be essential reading for undergraduate students of Asian Studies, International Politics and anyone interested in the region. *Gender and Global Politics in the Asia-Pacific* B. D'Costa, K. Lee-Koo, 2008-12-22 This book demonstrates the integral nature of gendered issues and feminist frameworks for a comprehensive understanding of contemporary IR, bringing together the work of feminist scholars, teachers and activists into a coherent and accessible collection. **Geopolitics and Maritime Territorial Disputes in East Asia** Ralf Emmers, 2009-09-11 This book examines geopolitics in East Asia, focusing in particular on East Asia's contentious maritime territorial disputes. It examines how important factors including territory, natural resources and power relations influence state behaviour and relations between important powers including the United States, China, Japan.

and South Korea **Understanding Global Politics** Klaus Larres, Ruth Wittlinger, 2019-08-13 Contemporary international affairs are largely shaped by widely differing thematic issues and actors such as nation states international institutions NGOs and multinational companies Obtaining a deeper understanding of these multifaceted themes and actors is crucial for developing a genuine understanding of contemporary international affairs This book provides undergraduate and postgraduate students of global politics and international relations with the necessary knowledge of the forces that shape and dominate our global political economic and social cultural environment The book significantly enhances our understanding of the essentials of contemporary international affairs Understanding Global Politics takes a pragmatic approach to international relations with each chapter being written by an expert in their respective field Part I provides the historical background that has led to the current state of world affairs It also provides clear outlines of the major yet often complex theories of international relations Part II is dedicated to the main actors in global politics It discusses actors such as the most important nation states the UN EU international organizations NGOs and multinational companies Part III considers important contemporary themes and challenges in global politics including non state centered challenges Chapters focus on international terrorism energy and climate change issues religious fundamentalism and demographic changes The comprehensive structure of this book makes it particularly viable to students who wish to pursue careers in international organizations diplomacy consultancy the think tank world and the media **Asia Pacific in the New World Politics** James Chieh Hsiung, 1993 **Transforming World Politics** Anna M. Agathangelou, L.H.M. Ling, 2009-06-02 Critiques neo liberalism and provides an alternative understanding of contemporary world politics by arguing that the neo liberal approach to international relations is deeply flawed reproducing violence instability insecurity and marginalization *Global Politics* Stephanie Lawson, 2021 The most concise introduction to international relations covers all the essentials with learning features that link theories to the real world Global Politics is a concise and engaging introduction to international relations In it Stephanie Lawson introduces the key theories and concepts underpinning the discipline giving readers a foundation to study politics on both a personal and global scale including issues relating to gender sexuality and ethnicity as well as the economy environment and concepts of justice The textbook presents theories in their historical context demonstrating how they can evolve over time Case studies both contemporary and historical and biographies of key figures help bring these issues to life Additional features such as key debates and summary questions provide opportunities to analyse issues from a range of perspectives *Knowledge, Desire and Power in Global Politics* Chengxin Pan, 2012-01-01 China threat or China opportunity like beauty is in the eyes of the beholder Western imaginations of China come under close scrutiny in this book in a new philosophical depth seldom attempted before Dr Pan displays in full force his analytical skills and his mastery of knowledge both East and West Contrary to conventional approaches he takes a step back to exercise a powerful reflective process to watch the China watchers with illuminating results Dr Pan's book deserves wide and careful reading Professor

Gerald Chan University of Auckland New Zealand The rise of China is largely seen as either a threat or an opportunity Chengxin Pan exposes both of these representations as expressions of Western fears and desires for certainty and predictability His call for a more reflective and culturally sensitive understanding of China offers an important contribution to one of the big political debates of our time Professor Roland Bleiker University of Queensland Australia This is a brilliant and insightful treatment of Western representations of China with a theoretical framework suggesting they come not only from China itself but also the West Although it is not the first treatment of this topic it is innovative in considering the China threat and China opportunity both aspects of the rise of China are of crucial importance for our times With provocative conclusions it is a truly path breaking contribution to the literature I recommend it highly Emeritus Professor Colin Mackerras Griffith University Australia Pan has produced a book which not only challenges some basic assumptions about the nature of China s rise but more importantly forces us to rethink the very basic starting points of how we know what we know about China Professor Shaun Breslin University of Warwick UK How is the rise of China perceived in the West Why is it often labelled as threat and or opportunity What are the implications of these China imageries for global politics Taking up these important questions this groundbreaking book argues that the dominant Western perceptions of China s rise tell us less about China and more about Western self imagination and its desire for certainty Chengxin Pan expertly illustrates how this desire masked as China knowledge is bound up with the political economy of fears and fantasies thereby both informing and complicating foreign policy practice in Sino Western relations Insofar as this vital relationship is shaped not only by China s rise but also by the way we conceptualise its rise this book makes a compelling case for critical reflection on China watching Knowledge Desire and Power in Global Politics is the first systematic and deconstructive analysis of contemporary Western representation of China s rise Setting itself apart from the mainstream empiricist literature its critical interpretative approach and unconventional and innovative perspective will not only strongly appeal to academics students and the broader reading public but also likely spark debate in the field of Chinese international relations
