New Jersey State Constitution A Reference Guide

Robert Maddex

New Jersey State Constitution A Reference Guide:

The New Jersey State Constitution Robert F. Williams, Ronald K. Chen, 2023 The New Jersey State Constitution is a thoroughly revised new edition that provides an extensive historical account and constitutional analysis of the state's governing charter. In addition to an overview of New Jersey's constitutional history, it provides an in-depth section-by-section analysis of the entire constitution, detailing the many significant changes that have been made since its initial drafting. This treatment, along with a table of cases, index, and bibliography, is an essential resource for students, scholars, and practitioners of New Jersey's constitution. State constitutions perform different functions and contain different provisions from the more familiar U.S. Constitution. The book first outlines the historical development of New Jersey's state constitution from 1776 to the present and explains the highlights of the process of state constitutional development leading to the current New Jersey constitution. Next, each section of the current constitution is analyzed, including its origins, general intent, and purpose, and important judicial interpretations illustrating the types of situations in which the section can come into play, including references to key academic analysis of each section. Careful explanation is provided with illustrations from cases of the complex and evolving relationship between rights guaranteed by the U.S. Constitution and rights guaranteed by the New Jersey constitution. In many instances, New Jersey's rights can be more protective than those included in the Federal Constitution. Finally, the book provides a thorough bibliographical essay reviewing the evolution of the New Jersey constitution.

The New Jersey State Constitution Robert F. Williams, Robert Forrest Williams, 1990 Williams launches our new series with this guide to the state constitution of New Jersey. His volume treats New Jersey's constitutional development since statehood, covering the constitutions of 1776, 1844, up to and including the current constitution written in 1947. Through this in-depth study, Williams is able to provide important insight into the broader issues of New Jersey's political, economic, and social growth. The book's first part traces the constitution's development since statehood, and a second part is a thorough section-by-section analysis of the current constitution, a useful purchase for libraries that specialize in constitutional matters or that want a reference source on their state. *Library Journal* Robert F. Williams launches our new series, *Reference Guides to the State Constitutions of the United States*, with this guide to the New Jersey State Constitution. The New Jersey Constitution is strictly a basic constitutional document, not a code of laws. It remains unblemished and envied. State constitutions have been referred to as mine's of instruction for the natural history of democratic communities. This in-depth study of New Jersey's constitutional development provides an important insight into the broader issues of New Jersey's political, economic, and social growth. In Part I, Williams traces the constitutional development from statehood in 1776, followed by a thorough analysis of the current constitution in Part II. With forewords by G. Alan Tarr and former New Jersey Governor and Chief Justice Richard J. Hughes, Williams' *The New Jersey State Constitution: A Reference Guide* covers the historical development of the constitutions of 1776, 1844, the Constitutional Commission of 1873, and the current constitution written in

1947 The volume then provides a section by section analysis of the present day constitution **The New Jersey State Constitution** Robert Forrest Williams, 2012-05-24 The New Jersey State Constitution provides an outstanding constitutional and historical account of the state's governing charter In addition to an overview of New Jersey's constitutional history it provides an in depth section by section analysis of the entire constitution detailing the many significant changes that have been made since its initial drafting This treatment along with a table of cases index and bibliography provides an unsurpassed reference guide for students scholars and practitioners of New Jersey's constitution State constitutions perform different functions and contain different provisions from the more familiar U S Constitution The book first outlines the historical development of New Jersey's state constitution from 1776 to the present and explains the highlights of the process of state constitutional development leading to the current New Jersey constitution Next each section of the current constitution is analyzed including its origins general intent and purpose and important judicial interpretations illustrating the types of situations in which the section can come into play including references to key academic analysis of each section Careful explanation is provided with illustrations from cases of the complex and evolving relationship between rights guaranteed by the U S Constitution and rights guaranteed by the New Jersey constitution In many instances New Jersey's rights can be more protective than those included in the Federal Constitution Finally the book provides a thorough bibliographical essay reviewing the evolution of the New Jersey constitution The Oxford Commentaries on the State Constitutions of the United States is an important new series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions Each volume in this innovative series contains a historical overview of the state's constitutional development a section by section analysis of its current constitution and a comprehensive guide to further research Under the expert editorship of Professor G Alan Tarr Director of the Center on State Constitutional Studies at Rutgers University this series provides essential reference tools for understanding state constitutional law Books in the series can be purchased individually or as part of a complete set giving readers unmatched access to these important political documents **The New Jersey State Constitution** Professor Robert F. Williams, 2012-06-01 The New Jersey State Constitution is a completely revised new edition that provide an outstanding constitutional and historical account of the state's governing charter In addition to an overview of New Jersey's constitutional history it provides an in depth section by section analysis of the entire constitution detailing the many significant changes that have been made since its initial drafting This treatment along with a table of cases index and bibliography provides an unsurpassed reference guide for students scholars and practitioners of New Jersey's constitution State constitutions perform different functions and contain different provisions from the more familiar U S Constitution The book first outlines the historical development of New Jersey's state constitution from 1776 to the present and explains the highlights of the process of state constitutional development leading to the current New Jersey constitution Next each section of the current

constitution is analyzed including its origins general intent and purpose and important judicial interpretations illustrating the types of situations in which the section can come into play including references to key academic analysis of each section Careful explanation is provided with illustrations from cases of the complex and evolving relationship between rights guaranteed by the U S Constitution and rights guaranteed by the New Jersey constitution In many instances New Jersey s rights can be more protective than those included in the Federal Constitution Finally the book provides a thorough bibliographical essay reviewing the evolution of the New Jersey constitution The Oxford Commentaries on the State Constitutions of the United States is an important series that reflects a renewed international interest in constitutional history and provides expert insight into each of the 50 state constitutions Each volume in this innovative series contains a historical overview of the state s constitutional development a section by section analysis of its current constitution and a comprehensive guide to further research Under the expert editorship of Professor G Alan Tarr Director of the Center on State Constitutional Studies at Rutgers University this series provides essential reference tools for understanding state constitutional law Books in the series can be purchased individually or as part of a complete set giving readers unmatched access to these important political documents

State Constitutions for the Twenty-first Century, Volumes 1, 2 & 3
G. Alan Tarr, Frank P. Grad, Robert F. Williams, 2007-06-01 State Constitutions for the Twenty first Century Volume 1 The Politics of State Constitutional Reform State Constitutions for the Twenty first Century Volume 2 Drafting State Constitutions Revisions and Amendments State Constitutions for the Twenty first Century Volume 3 The Agenda of State Constitutional Reform

State Constitutions for the Twenty-first Century, Volume 3 G. Alan Tarr, Robert F. Williams, 2012-02-01 This third and final volume in a series devoted to state constitutions analyzes how these documents address major constitutional issues such as the protection of rights voting and elections constitutional change the legislature the executive the judiciary taxing spending and borrowing local government education and the environment Contributors identify the strengths and weaknesses of current state constitutions highlight the major issues confronting the states and assess various approaches for reform

Understanding State Constitutions G. Alan Tarr, 2018-06-05 For many Americans the word constitution means just one thing the national Constitution According to a recent survey almost half do not know that individual states also have constitutions Scholars have also paid little attention to state constitutions favoring the apparently more dynamic and significant federal scene G Alan Tarr seeks to change that in this landmark book A leading authority on state legal issues he combines history law and political science to present a thorough and long needed account of the distinct and important role of state constitutions in American life Tarr shows that state constitutional politics are dominated by three crucial issues with little salience at the national level the distribution of power among groups and regions within states the scope of state and local governmental authority and the relation of the state to economic activity He explains how state constitutions differ from the national Constitution in treating not only matters of high principle but also such mundane subjects as ski trails and motor

vehicle revenues He also explores why state constitutions unlike their federal counterpart have been so frequently amended and replaced Tarr concludes that the United States not only has a system of dual constitutionalism but also has dual constitutional cultures Powerfully argued and meticulously researched the book fills an important gap in political and legal studies and finally gives state constitutions the scholarly attention they richly deserve

State Constitutions of the United States Robert Maddex, 2005-09-23 Newly updated and reflecting the diversity of state policies and the issues that are important to them State Constitutions of the United States collects explains and offers comparison of each of the fifty state constitutions Its in depth explorations and easy to follow structure reveal individual state priorities the significance of state constitutions and their impact on issues that affect the day to day lives of citizens This major revision incorporates specific details and describes trends and patterns in state constitutions drawing on over 380 amendments passed since the first edition of this resource was published in 1998 These amendments address at the state level important issues that are also being debated on the national level such as freedom of religion Alabama tobacco Arizona death penalty Florida and same sex marriage in a number of states The new edition addresses all of these issues and more in well organized state by state chapters including a new chapter on Washington DC Beyond the extensive state by state coverage this resource provides further insights through supplemental materials including an overview of state constitutions comparative tables new rights such as privacy and victim s rights special provisions such as the environment and home rule and much more This is the only one volume resource on state constitutions designed to inform non specialists including students non constitutional scholars and interested citizens about the variety influence and continual revision and innovation that define state constitutions in the U S A wide range of libraries including those that serve college students AP high school students and the general public will want to update their collections with this unique and essential reference work

The Law of American State Constitutions Robert F. Williams, Lawrence Friedman, 2023 The second edition of The Law of American State Constitutions provides complete coverage of the legal doctrines surrounding applying to and arising from American state constitutions and their judicial interpretation Drawing on examples from specific states Professors Williams and Friedman analyze the nature and function of state constitutions in contrast to the federal Constitution including rights separation of powers issues of interpretation and the processes for amendment and revision In this edition Williams and Friedman focus on recent developments including the state constitutional dimensions of same sex marriage and the reaction of state courts to U S Supreme Court decision making This edition of The Law of American State Constitutions remains an important analytical tool that explains the unique character and the range of interpretive approaches to these constitutions It covers the structure of state governments under state constitutions as well as the distribution of powers among the legislative executive and judicial branches Like the first edition this edition presents a complete picture of state constitutional law and the attributes and features that make this body of law so distinctive

The American State Constitutional Tradition John J. Dinan, 2006 The

first comprehensive study of all 114 state constitutional conventions for which there are records from Connecticut s in 1818 to New Hampshire s in 1984 By integrating state constitution makers with the federal constitutional tradition this path breaking work yields a superior understanding of how American citizens have chosen to govern themselves
