Greece Country Study Guide Volume 1 Strategic Information and Developments IBP USA,2013-08 Greece Country Study Guide Strategic Information and Developments Volume 1 Strategic Information and Developments The New Populism and the New Politics Paul A. Taggart,2016-07-27 Two of the major forces that have made an impact on West European politics in recent years have been Green and New Populist parties While they differ radically in their ideological positions policy prescriptions and bases of support taken together they represent the left and right versions of a protest against the general direction and form of contemporary politics Surveying the fortunes of these two types of parties in different countries the author develops a framework for explaining their relative success and failure Using the specific cases of two Swedish protest parties the Green Party and New Democracy a systematic comparison is made of their electoral constituencies party organization and elite behaviour to show that there are common origins similar difficulties but divergent strategies The case study reveals the different way in which political systems incorporate contemporary left and right forms of protest **The Emergence of Global Maoism** Matthew Galway,2022-03-15 The Emergence of Global Maoism examines the spread of Mao Zedong s writings ideology and institutions when they traveled outside of China Matthew Galway links Chinese Communist Party efforts to globalize Maoism to the dialectical engagement of exported Maoism by Cambodian Maoist intellectuals How do ideas manifest outside of their place of origin Galway analyzes how universal ideological systems became localized both in Mao s indigenization of Marxism Leninism and in the Communist Party of Kampuchea s indigenization of Maoism into its own revolutionary ideology By examining the intellectual journeys of CPK leaders who during their studies in Paris in the 1950s became progressive activist intellectuals and full fledged Communists he shows that they responded to political and socioeconomic crises by speaking back to Maoism adapting it through practice without abandoning its universality Among Mao s greatest achievements the Sinification of Marxism enabled the CCP to canonize Mao s thought and export it to a progressive audience of international intellectuals These intellectuals would come to embrace the ideology as they set a course for social change The Emergence of Global Maoism illuminates the process through which China moved its goal from class revolution to a larger anticolonial project that sought to cast out European and American imperialism from Asia

Assassination C.J. Cronin, To kill a President you need only two things access and determination Who better to kill a President than another national leader **Democracy Denied, 1905-1915** Charles KURZMAN,Charles Kurzman,2009-06-30 Kurzman proposes that the collective agent most directly responsible for democratization was the emerging class of modern intellectuals a group that had gained a global identity and a near messianic sense of mission following the Dreyfus Affair of 1898 Each chapter of this book focuses on a single angle of this story covering all six cases by examining newspaper accounts memoirs and government reports *Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law ...
