New Directions In The Study Of Justice Law And Social Control:

New Directions in the Study of Justice, Law, and Social Control School of Justice Studies, 2013-11-11 The publication of this anthology culminates what began as a Visiting Distinguished Scholars Lecture Series sponsored by the School of Justice Studies When Dr John M Johnson was awarded the Arizona State University Graduate College's Distinguished Research Award for 1986-1987 the School faculty voted to use the accompanying stipend to bring several scholars to campus Each visiting scholar was commissioned to present an original paper on contemporary issues in justice and to meet with graduate students and faculty during a week long visit to campus This collection of essays promotes wide ranging conceptions of justice As first conceived we sought to bring an interdisciplinary perspective to the study of justice as a way of intellectually extending the current focus of research and teaching As it developed the collection permitted us to reflect on our own instructional program in law and the social sciences and to promote a conception of social conflict and control which includes social political economic and legal controls *New Directions in the Study of Justice* School of Justice Studies, 2014-01-15
