New Essays On Sister Carrie:

New Essays on Sister Carrie , **New Essays on Sister Carrie** ,1991 **New essays on Sister Carrie** ,1991

New Essays on The Awakening Wendy Martin,1988-07-29 When *The Awakening* was first published in 1899 it was an extraordinarily controversial book. One of the first American novels to concern itself with themes of adultery and divorce, it was widely attacked as vulgar and unhealthy. In her introduction to this collection, Wendy Martin discusses the historical background of the novel and analyses the heroine's evolution from a role of traditional femininity to one of autonomous individualism. The essays that follow explore other central themes of the novel as well as locating Chopin in the tradition of American women novelists and discussing her status as a pre-modernist writer. *The Cambridge Companion to Theodore Dreiser* Leonard Cassuto, Clare Virginia Eby, 2004-02-12 The specially commissioned essays collected in this volume establish new parameters for both scholarly and classroom discussion of Dreiser. This Companion provides fresh perspectives on the frequently read classics *Sister Carrie* and *An American Tragedy* as well as on topics of perennial interest such as Dreiser's representation of the city and his prose style. The volume investigates topics such as his representation of masculinity and femininity and his treatment of ethnicity. It is the most comprehensive introduction to Dreiser's work available. [Ashcan Art, Whiteness, and the Unspectacular Man](#) Alexis L. Boylan, 2017-04-20 Arriving in New York City in the first decade of the twentieth century, six painters—Robert Henri, John Sloan, Everett Shinn, Glackens, George Luks, and George Bellows—subsequently known as the Ashcan Circle—faced a visual culture that depicted the urban man as a diseased body under assault. Ashcan artists countered this narrative by manipulating the bodies of construction workers, tramps, entertainers, and office workers to stand in visual opposition to popular political and commercial cultures. They did so by repeatedly positioning white male bodies as having no cleverness, no moral authority, no style, and no particular charisma, crafting with consistency an unspectacular man. This was an attempt, both radical and deeply insidious, to make the white male body stand outside visual systems of knowledge to resist the disciplining powers of commercial capitalism and to simply be, with no justification or rationale. *Ashcan Art, Whiteness, and the Unspectacular Man* maps how Ashcan artists reconfigured urban masculinity for national audiences and reimagined the possibility and privilege of the unremarkable white male body, thus shaping dialogues about modernity, gender, and race that shifted visual culture in the United States. **Dreiser and Veblen, Saboteurs of the Status Quo** Clare Virginia Eby, 1999 The works of Dreiser and Veblen make up a neglected chapter in the history of United States cultural criticism. Their central subjects, such as the myriad effects of consumer capitalism and the invidious status system, still preoccupy cultural critics, and with good reason. Veblen and Dreiser also pioneered strategies for positioning themselves as confrontational intellectuals, such as by attacking foundationalism and claims of epistemological certainty that continue to inform the practice of many cultural critics. Thus, in both subject matter and rhetorical strategy, Dreiser's and Veblen's writings provide prototypes for the work that many United States scholars want to do now, work which often turns to

European or postmodern theory for inspiration In making this claim about the usefulness of Dreiser and Veblen for current intellectual work my argument parallels recent rehabilitations of American thinkers **Sexualizing Power in Naturalism**

Irene Gammel,1994 Presenting a revisionary reading of German Canadian and American texts such as Fanny Essler Settlers of the Marsh and Sister Carrie Gammel English U of Prince Edward Island attributes to naturalism a predominantly male genre the appropriation of a disruptive female sexuality not so much to liberate it from Victorian repression as to contain it within the male boundaries of naturalism Annotation copyright by Book News Inc Portland OR *American Archives* Shawn Michelle Smith,1999-12-19 Visual texts uniquely demonstrate the contested terms of American identity In *American Archives* Shawn Michelle Smith offers a bold and disturbing account of how photography and the sciences of biological racialism joined forces in the nineteenth century to offer an idea of what Americans look like or should look like Her varied sources which include the middle class portrait baby picture criminal mugshot and eugenicist record as well as literary scientific and popular texts enable her to demonstrate how new visual paradigms posed bodily appearance as an index to interior essence Ultimately we see how competing preoccupations over gender class race and American identity were played out in the making of a wide range of popular and institutional photographs Smith demonstrates that as the body was variously mapped and defined as the key to essentialized identities the image of the white middle class woman was often held up as the most complete American ideal She begins by studying gendered images of middle class domesticity to expose a transformation of feminine architectures of interiority into the essences of blood character and race She reads visual documents as well as literary texts by Nathaniel Hawthorne Pauline Hopkins and Theodore Dreiser as both indices of and forms of resistance to dominant images of gender class race and national identity Through this analysis Smith shows how the white male gaze that sought to define and constrain white women and people of color was contested and transformed over the course of the nineteenth century Smith identifies nineteenth century visual paradigms that continue to shape debates about the terms of American belonging today *American Archives* contributes significantly to the growing field of American visual cultural studies and it is unprecedented in explaining how practices of racialized looking and the parameters of American looks were established in the first place **Theodore Dreiser** Miriam Gogol,1995-10 Theodore Dreiser is indisputably one of America s most important twentieth century novelists *An American Tragedy* *Sister Carrie* and *Jennie Gerhardt* have all made an indelible mark on the American literary landscape And yet remarkably few critical books and no recent collections of critical essays have been published that attempt to answer current theoretical questions about Dreiser s entire canon This collection is the first to appear in twenty four years The ten contributing essayists offer original interpretations of Dreiser s works from such disparate points of view as new historicism poststructuralism psychoanalysis feminism film studies and canon formation A vital reassessment *Theodore Dreiser Beyond Naturalism* brings this influential modern writer into the 1990s by viewing him through the lens of the latest literary theory and cultural criticism

Eventually, you will very discover a other experience and deed by spending more cash. yet when? complete you resign yourself to that you require to get those all needs subsequent to having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to comprehend even more in this area the globe, experience, some places, as soon as history, amusement, and a lot more?

It is your very own get older to doing reviewing habit. accompanied by guides you could enjoy now is **New Essays On Sister Carrie** below.
