New Essays On The Sound And The Fury:

New Essays on The Sound and the Fury Noel Polk, 1993-10-29 While it met with only limited success when published in 1929 this novel has since become one of the most popular of Faulkner's works This study includes critical responses from the time of its publication to the present day as well as contemporary reassessments from a variety of critical perspectives

New Essays on The Sound and the Fury ,1993 *New Essays on The Sound and the Fury* ,1993 *Faulkner and the Ecology of the South* Joseph R. Urgo, Ann J. Abadie, 2009-09-18 In 1952 Faulkner noted the exceptional nature of the South when he characterized it as the only really authentic region in the United States because a deep indestructible bond still exists between man and his environment The essays collected in *Faulkner and the Ecology of the South* explore Faulkner's environmental imagination seeking what Ann Fisher Wirth calls the ecological counter melody of his texts Ecology was not a term in common use outside the sciences in Faulkner's time However the word environment seems to have held deep meaning for Faulkner Often he repeated his abiding interest in man in conflict with himself with his fellow man or with his time and place his environment Eco criticism has led to a renewed interest among literary scholars for what in this volume Cecelia Tichi calls humanness within congeries of habitats and environments Philip Weinstein draws on Pierre Bourdieu's notion of habitus Eric Anderson argues that Faulkner's fiction has much to do with ecology in the sense that his work often examines the ways in which human communities interact with the natural world and François Pitavy sees Faulkner's wilderness as unnatural in the ways it represents reflections of man's longings and frustrations Throughout these essays scholars illuminate in fresh ways the precarious ecosystem of Yoknapatawpha County *New Essays on Light in August* Michael Millgate, 1987-06-26 *Light in August* 1932 is one of William Faulkner's most important most challenging and most widely studied novels demanding to be approached from many angles and with a variety of critical and scholarly skills Here five distinguished critics offer just such a range of approaches discussing the novel in terms of its composition and its place in Faulkner's oeuvre its structure and narrative techniques its relation to the religious racial and sexual assumptions of the society it depicts its presentation of women and handling of gender related issues and the social and moral implications of the hero status accorded to a figure like Joe Christmas Each contributor has had a double ambition to write clearly and directly thus making the volume accessible to the widest possible audience and to write freshly and originally so as to enhance even for those thoroughly familiar with the existing criticism understanding and appreciation of *Light in August* itself and of Faulkner's work as a whole **Inventing Benjy** Frédérique Spill, 2024-01-30 *Inventing Benjy* William Faulkner's Most Splendid Creative Leap is a groundbreaking work at the intersection of Faulkner studies and disability studies Originally published in 2009 by Presses de la Sorbonne Nouvelle as *L'Idiotie dans l'œuvre de Faulkner* this translation brings the book to English language readers for the first time Author Frédérique Spill begins with a sustained look at the monologue of Benjy Compson the initial first person narrator in Faulkner's *The Sound and the Fury* Spill questions the reasons for this

narrative choice bringing readers to consider Benjy's monologue which is told by a narrator who is deaf and cognitively disabled as an impossible discourse. This paradoxical discourse which relies mostly on senses and sensory perception sets the foundation of a sophisticated poetics of idiocy. Using this form of writing, Faulkner shaped perspective from a disabled character, revealing a certain depth to characters that were previously only portrayed on a shallow level. This style encompasses some of the most striking forms and figures of his leap into modernist writing. In that respect, *Inventing Benjy* thoroughly examines Benjy's discourse as an experimental workshop in which objects and words are exclusively modelled by the senses. This study regards Faulkner's decision to place a disabled character at the center of perception as the inaugural and emblematic gesture of his writing. Closely examining excerpts from Faulkner's novels and a few short stories, *Spill* emphasizes how the corporal, temporal, sensorial, and narrative figures of idiocy are reflected throughout Faulkner's work. These writing choices underlie some of his most compelling inventions and certainly contribute to his unmistakable writing style. In the process, Faulkner's writing takes on a phenomenological dimension, simultaneously dismantling and reinventing the intertwined dynamics of perception and language.

Doing Science + Culture Roddey Reid, Sharon Traweek, 2013-01-11. *Doing Science + Culture* is a groundbreaking book on the cultural study of science, technology, and medicine. Outstanding contributors including life and physical scientists, anthropologists, sociologists, literature communication scholars, and historians of science who focus on the analysis of science and scientific discourses within culture, what it means to do science.

The Oxford Encyclopedia of American Literature Jay Parini, 2004. The *Encyclopedia of American Literature* gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the *Encyclopedia* lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail, with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach.
