New Hope for Divorced Catholics Barry Brunzman, 1985 *New Hope for Divorced Catholics* Barry Brunzman, 1985

Catholics Can Come Home Again! Carrie Kemp, 2001 A handbook for welcoming inactive Catholics back to membership or participation in a parish community **The Catholic Tradition, Second Edition** Timothy G. McCarthy, 2012-04-16 This expanded edition of a Loyola Press best seller traces profound changes in Catholicism's institutional intellectual and devotional life in this century Organized by theme authority mission social justice sexual morality and others the book explains Church thinking prior to Vatican II Church thinking now and the how and why of Council changes It shows the Church struggling to find the best way to maintain and hand on the Catholic tradition even as it engages in intrafaith and interreligious dialogue A new chapter on women in the Church their contributions and issues completes the update

Marriage After Modernity Adrian Thatcher, 1999-09 For most Christians marriage is considered a sacrament created and uniquely blessed by God Yet the theology of marriage rarely matches the actual experience Marriage is too often a violent loveless institution and it is increasingly delayed avoided or terminated Marriage After Modernity offers new hope for Christian marriage at a time of unprecedented social and theological change It provides an unreserved commendation of Christian marriage reaffirming its status as a sacrament and institution of mutual self giving At the same time it breaks new ground It draws on earlier traditions of betrothal and informal marriage to accept some forms of pre marital cohabitation and provides a new defense of the link between marriage and procreation by sketching a theology of liberation for children Chapters shed new light on divorce and legitimate theological grounds for the parting of the ways contraception and the question of whether marriage is a heterosexual institution Particular attention is paid throughout the book to overcoming the androcentric bias of much Christian thought and the distorting effect it has had on marriage Marriage After Modernity argues for a vision of marriage which does not abandon its history and which draws upon its premodern roots to grapple with our current social cultural and intellectual upheavals **Christian Marriage and Family** Michael G. Lawler, William P.

Roberts, 1996 A definite shift in the Catholic Church's understanding of marriage took place at Vatican Council II Rather than perceiving marriage as a contract whose primary purpose was the procreation of children the council spoke of marriage as an intimate partnership of life and love Then recapturing an earlier tradition it went on to describe the family as a domestic church In this book seven theologians who have lectured and written extensively on marriage probe the rich theology of marriage and family that emerged from Vatican II and explore some of the implications that flow from this theology Part One reflects on the sacramentality of marriage and on the family as a church of the home Part Two examines the pastoral implications this has for marital and family ministry and spirituality BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Restoration & Renewal* Joseph F. Vasoli,1998 The United States is home to only 6% of the world's Catholics Robert Vasoli points out but it now accounts for 75% of all Church annulments two thirds of which are granted on ostensibly psychological grounds The real scandal though is not simply the numbers but that Church marriage courts annul thousands of marriages that are actually valid according to Catholic teaching Drawing on considerable research the author details precisely how these courts let divorced Catholics and many non Catholics as well bypass Catholic teaching and law The result has been a tidal wave in 1968 the American Church granted fewer than 600 annulments today it hands out more than 60 000 a year But Rome has not smiled on the performance of U S tribunals of those psychological annulments appealed to the Roman Rota the Vatican's highest marriage tribunal more than 90% are overturned

The Pope, the Council, and the Mass James Likoudis,K. D. Whitehead,2006 The Pope the Council and the Mass the definitive response to Traditionalist Catholics when first published in 1981 has been updated to include the developments from the time of the first publication up to and including the beginning of the pontificate of Pope Benedict XVI In addressing the concerns raised by the followers of the late Archbishop Lefebvre and other Traditionalists the authors give a truly Catholic understanding of Tradition the Second Vatican Council and its implementation and the nature of true liturgical reform This book not only provides the reader with a sound perspective on the past it also offers insight into the present state of the Church and the outlook for the future History canon law ecclesiastical and papal documents and Scripture are mined in this solid apologetic for a faith that is One Holy Catholic and Apostolic

What Binds Marriage Timothy Buckley,2002-01-07 From apostolic times the Church has wrestled with the dilemma of how to defend its belief in the sanctity and permanence of marriage while at the same time ministering the love and compassion of Christ to those traumatised by the experience of marital breakdown Timothy Buckley is a Redemptorist priest who produced a report for the Catholic bishops of England and Wales on the pastoral situation among priests and people argues that the theology of the bond of marriage is responsible for an impasse which often limits the Church's official solutions to the granting of annulments By tracing the history of the teaching on the bond he concludes that the present discipline is based on disputable theology and he proposes a way forward An enlightened sound and original look at marriage today
