

New Left

Lee Drutman

New Left:

The Historical Development of West Germany's New Left after 1968 Matthias Dapprich, 2018-03-14 There is a gap in the existing literature as to why the New Left in West Germany entered a phase of rapid decline by the end of the 1970s. The overarching aim of this thesis is to offer a politico theoretical explanation for the historical development of the New Left and why the red decade between 1967 and 1976/77 ended so abruptly. Within this context the thesis will focus on the Maoist K Gruppen and particular emphasis will be placed on the Marxistische Gruppe which defied the general decline of West Germany's New Left and developed into its largest organisation during the 1980s. Furthermore the Red Cells movement will be analysed from which both currents emerged in the wake of the student movement. In conclusion this thesis will reveal that the influence of politico theoretical aspects on the historical development of the New Left has been given too little consideration and that the New Left's fate cannot be adequately explained by external factors but demands the consideration of the very development of theories and the practical conclusions organisations reached regarding their social economic and cultural circumstances. This work will be the first to provide an insight into the potential of such a theoretical explanation for an understanding of the specific developments of the post 1968 West German New Left. *Japan's New Left Movements* Takemasa Ando, 2013-10-08 The Fukushima Daiichi nuclear accident that followed the March 2011 tsunami and earthquake in Japan shocked the world. In the wake of the disaster questions were asked as to why Japanese antinuclear movements were not able to prevent those with vested interests such as businesses, bureaucrats, the media and academics from facilitating nuclear energy policies. Taking this question as its starting point, this book looks more widely at the development and powerlessness of Japanese civil society and seeks to untangle this intersection between social movements and civil society in postwar Japan. Central to this book are the Japanese New Left movements that emerged in the 1960s and 1970s and the impact they have had on civil society and politics. By focusing on a key idea that a wide range of new leftists shared, the self-revolution in everydayness, Takemasa Ando shows how these groups did not seek immediate change in the realms of politics and legislation but rather it was believed that personal transformation would lead to broader social and political change. By reconsidering the relationship between Japanese New Left movements of the 1960s and later social movements, this book crucially connects the constructive and disruptive legacies of the movements and in doing so provides valuable insights into the powerlessness that plagues Japanese civil society today. Presenting a comprehensive picture of the New Left movements and their legacies in Japan, this book will be of great interest to students and scholars working in the fields of Japanese politics, Japanese history and Japanese culture and society. *Community and Organization in the New Left, 1962-1968* Wini Breines, 1989 Did New Left activists have an opportunity to start a revolution that they simply could not bring off? Was their rejection of conventional forms of political organization a fatal flaw or were the apparent weaknesses of the movement, the lack of central authority, the distrust of politics, actually hidden strengths? Wini Breines traces the evolution

of the New Left movement through the Free Speech Movement Students for a Democratic Society SDS and SDS's community organization projects For Breines the movement's goal of participatory decision making even when it was not achieved made up for its failure to take practical and direct action By the late 1960s antiwar activism contributed to the decline of the New Left as the movement was flooded with new participants who did not share the founding generation's political experiences or values Originally published in 1982 Wini Breines's classic work now includes a new preface in which she reassesses and for the most part affirms her initial views of the movement She argues that the movement remains effective in the midst of radical changes in activist movements Breines also summarizes and evaluates the new and growing scholarship on the 1960s Her provocative analysis of the New Left remains important today **ED Mehdi Hasan**,2012-09-26 What makes a man put politics and ambition before family Ed Miliband is perhaps the least understood political leader of modern times Brought up against A backdrop of tragedy with a prominent Marxist thinker for a father Ed followed his brother to the same college at Oxford into Parliament and into the Cabinet before at the eleventh hour snatching away David's dream of the leadership This new and fully updated edition follows Ed through the highs of leading the charge against Rupert Murdoch and News International to the lows of plummeting poll ratings poor press and that infamous Blackbustlers tweet Yet in the wake of Osborne's omnishambles Budget and Labour's impressive gains in May 2012's local elections political commentators have started to ask with increasing volume if we could indeed see Prime Minister Ed Miliband As the 2015 general election approaches Mehdi Hasan and James Macintyre ask the important questions Is Ed up to the job Can he be trusted on the economy And will he manage to bury the hatchet with David and bring his brother back to the Labour frontbench New Social Movements in Western Europe Hanspeter Kriesi,1995 Shows how social change affects political mobilization indirectly through the restructuring of existing power relations comparing the impact of the ecology gay rights peace and women's movements in France Germany the Netherlands and Switzerland Of interest to students and researchers in political science and sociology Annotation copyright by Book News Inc Portland OR **Interpreting the Labour Party** John Callaghan,Steven Fielding,Steve Ludlam,2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license Interpreting the Labour Party consists of twelve essays on the principal thinkers and schools of thought concerned with the political and historical development of the Labour Party and Labour movement The essays are written by contributors who have devoted many years to the study of the Labour Party the trade union movement and the various ideologies associated with them The book begins with an in depth analysis of how to study the Labour Party and goes on to examine key periods in the development of the ideologies to which the party has subscribed Each chapter situates its subject matter in the context of a broader intellectual legacy including the works of Sidney and Beatrice Webb Theodore Rothstein Stuart Hall and Samuel Beer among others **New Left Revisited** John Mcmillian,Paul Buhle,2003-01-07 You didn't have to be there A Feminist Glossary of Human Geography Linda McDowell,Joanne P

Sharp,2014-05-01 A Feminist Glossary of Human Geography is the first guide to the main theories concepts and terms commonly used in geographical debates about gender relations Written by key contributors to feminist theory it contains over 400 lively and accessible definitions of the terms found in feminist debates which students of geography need to know Four levels of entry are used from 50 to 1500 words taking account of the varying degrees of complexity of the terms covered From AIDS to witch from abortion to whiteness this Glossary is cross referenced throughout and includes a comprehensive bibliography It is an invaluable reference for anyone studying geography and gender enabling them to approach the terminology of feminist theory and ideas with confidence **Inspiring Participatory Democracy** Tom Hayden,2015-12-03 The famous 1962 Port Huron Statement by the Students for a Democratic Society SDS introduced the concept of participatory democracy to popular discourse and practice In Inspiring Participatory Democracy Tom Hayden one of the principal architects of the statement analyses its historical impact and relevance to today s movements Inspiring Participatory Democracy includes the full transcript of the Port Huron statment and shows how it played an important role in the movements for black civil rights against the Vietnam war and for the Freedom of Information Act Published during the year of Port Huron s 50th anniversary Inspiring Participatory Democracy will be of great interest to readers interested in social history politics and social activism *Breaking the Two-Party Doom Loop* Lee Drutman,2019-12-02 American democracy is at an impasse After years of zero sum partisan trench warfare our political institutions are deteriorating Our norms are collapsing Democrats and Republicans no longer merely argue they cut off contact with each other In short the two party system is breaking our democracy and driving us all crazy Deftly weaving together history democratic theory and cutting edge political science research Drutman tells the story of how American politics became so toxic why the country is trapped in a doom loop of escalating two party warfare and why it is destroying the shared sense of fairness and legitimacy on which democracy depends He argues that the only way out is to have more partisanship more parties to short circuit the zero sum nature of binary partisan conflict American democracy was once stable because the two parties held within them multiple factions which made it possible to assemble flexible majorities and kept the temperature of political combat from overheating But as conservative Southern Democrats and liberal Northeastern Republicans disappeared partisan conflict flattened and pulled apart Once the parties fully separated toxic partisanship took over With the two parties divided over competing visions of national identity Democrats and Republicans no longer see each other as opponents but as enemies And the more the conflict escalates the shakier our democracy feels Breaking the Two Party Doom Loop makes a compelling case for large scale electoral reform importantly reform not requiring a constitutional amendment that would give America more parties making American democracy more representative more responsive and ultimately more stable

Uncover the mysteries within Crafted by is enigmatic creation, Discover the Intrigue in **New Left** . This downloadable ebook, shrouded in suspense, is available in a PDF format (PDF Size: *).
