Constituting the Indian/female Body in Mexican Painting, Cinema and Visual Culture, 1900-1950 Adriana Zavala, 2001 Critical Theory and Performance Janelle G. Reinelt, Joseph R. Roach, 2007 Updated and enlarged this groundbreaking collection surveys the major critical currents and approaches in drama theater and performance **A Craving Vacancy** Susan Ostrov Weisser, 1997 Susan Ostrov Weisser scrutinizes sexuality by questioning the changing ideas of romantic love and femininity in Victorian England Focusing her analysis on the works of Samuel Richardson George Eliot and Emily and Charlotte Bronte Weisser reveals the complex relationship between conceptions of romantic passion and tenets of sexuality She defines the Victorian period as a time when these ideas were shifting according to changing ideas of

gender With close attention to textual details she introduces the concept of Moral Femininity placing it in useful opposition to the competing Victorian ideal of the Lady "All Our Girls Are Men" Mary Anne Long,2004 *Good Girls, Good Food, Good Fun* Meghan K. Winchell,2008-12-07 Throughout World War II when Saturday nights came around servicemen and hostesses happily forgot the war for a little while as they danced together in USO clubs which served as havens of stability in a time of social moral and geographic upheaval Meghan Winchell demonstrates that in addition to boosting soldier morale the USO acted as an architect of the gender roles and sexual codes that shaped the greatest generation Combining archival research with extensive firsthand accounts from among the hundreds of thousands of female USO volunteers Winchell shows how the organization both reflected and shaped 1940s American society at large The USO had hoped that respectable feminine companionship would limit venereal disease rates in the military To that end Winchell explains USO recruitment practices characterized white middle class women as sexually respectable thus implying that the sexual behavior of working class women and women of color was suspicious In response women of color sought to redefine the USO s definition of beauty and respectability challenging the USO s vision of a home front that was free of racial gender and sexual conflict Despite clashes over class and racial ideologies of sex and respectability Winchell finds that most hostesses benefited from the USO s chaste image In exploring the USO s treatment of female volunteers Winchell not only brings the hostesses stories to light but also supplies a crucial missing piece for understanding the complex ways in which the war both destabilized and restored certain versions of social order Strangers in Our Midst Elise Chenier,2008-06-28 Contemporary efforts to treat sex offenders are rooted in the post Second World War era in which an unshakable faith in science convinced many Canadian parents that pedophilia could be cured Strangers in Our Midst explores the popularization of the notion of sexual deviancy as a way of understanding sexual behaviour the emergence in Canada of legislation directed at sex offenders and the evolution of treatment programs in Ontario Popular discourses regarding sexual deviancy legislative action against sex criminals and the implementation of treatment programs for sex offenders have been widely attributed to a reactionary conservative moral panic over changing sex and gender roles after the Second World War Elise Chenier challenges this assumption arguing that in Canada advocates of sex offender treatment were actually liberal progressives Drawing on previously unexamined sources including medical reports government commissions prison files and interviews with key figures Strangers in Our Midst offers an original critical analysis of the rise of sexological thinking in Canada and shows how what was conceived as a humane alternative to traditional punishment could be put into practice in inhumane ways The Spectacle of Violence Gail Mason,2003-09-02 Drawing on in depth interviews with women reflecting a range of experiences of verbal hostility physical violence and sexual violence Spectacle of Violence explores the issues surrounding violence and hostility towards lesbians and gay men Challenging current thinking Gail Mason highlights the ways in which different identities bodes and systems of through interact and asks fundamental questions Where does violence come from What effects does it have How do lesbians

and gay men manage the risk of violence What is the relationship between violence and power She argues for the importance of thinking about homophobic violence in the context of other core issues such as gender and race Focusing on real life experiences of violence The Spectacle of Violence is an important contribution to current thought about violence Moving beyond issues of causation and prevention it offers new ways of theorizing the relationship between identity knowledge and power

Performance Anxieties Ann Pellegrini, 2014-02-04 Performance Anxieties looks at the on going debates over the value of psychoanalysis for feminist theory and politics specifically concerning the social and psychical meanings of racialization Beginning with an historicized return to Freud and the meaning of Jewishness in Freud's day Ann Pellegrini indicates how race and racialization are not incidental features of psychoanalysis or of modern subjectivity but are among the generative conditions of both Performance Anxieties stages a series of playful encounters between elite and popular performance texts Freud meets Sarah Bernhardt meets Sandra Bernhard Joan Riviere's masquerading women are refigured in relation to the hard female bodies in the film Pumping Iron II The Women and the Terminator and Alien films In re reading psychoanalysis alongside other performance texts Pellegrini unsettles relations between popular and elite performance and performative

Movie-Struck Girls Shelley Stamp, 2018-06-05 Movie Struck Girls examines women's films and filmgoing in the 1910s a period when female patronage was energetically courted by the industry for the first time By looking closely at how women were invited to participate in movie culture the films they were offered and the visual pleasures they enjoyed Shelley Stamp demonstrates that women significantly complicated cinema going throughout this formative transitional era Growing female patronage and increased emphasis on women's subject matter did not necessarily bolster cinema's cultural legitimacy as many in the industry had hoped for women were not always enticed to the cinema by dignified uplifting material and once there they were not always seamlessly integrated in the social space of theaters nor the new optical pleasures of film viewing In fact Stamp argues that much about women's films and filmgoing in the post nickelodeon years challenged rather than served the industry's drive for greater respectability White slave films action adventure serial dramas and women's suffrage photoplays all drew female audiences to the cinema with stories aimed directly at women's interests and with advertising campaigns that specifically targeted female moviegoers Yet these examples suggest that women's patronage was built with stories focused on sexuality sensational thrill seeking and feminist agitation topics not normally associated with ladylike gentility And in each case concerns were raised about women's conduct at cinemas and the viewing habits they enjoyed demonstrating that women's integration into motion picture culture was not as smooth as many have thought
