Salisbury,2013-06-17 Perpetua s Passion studies the third century martyrdom of a young woman and places it in the intellectual and social context of her age Conflicting ideas of religion family and gender are explored as Salisbury follows Perpetua from her youth in a wealthy Roman household to her imprisonment and death in the arena **The Passion and the Glory** Ysatis De Saint Simon,2001-03-14 The Passion and The Glory The Greatest Love Story Ever Lived There have been numerous accounts of the life of Jesus but throughout the whole century there has never been a single one written from the point of view of a woman The Passion and the Glory The Greatest Love Story Ever Lived is the first Gospel written from the point of view of a woman furthermore it is the only one written from the perspective of the woman who loved Jesus passionately as a God and as a Man Mary of Magdala It is the Gospel of Mary of Magdala A Gospel for the new Century The Passion and the Glory The Greatest Love Story Ever Lived offers to the reader the most complete account of the life of Jesus the Christ that has ever been written in the history of Christianity That is it includes in it witnesses accounts of His birth miracles and stories of His Infancy the occult or lost years His mission passion and death and the rarely found mystery teachings of the Christ Jesus to His apostles

after His Resurrection these although known to Theologians have only been disclosed in some rare and hard to find Apocryphal Gospels The Gospel of Mary Magdala is illuminating human intriguing and interesting because it gives us dimensions unknown to most of us of the humanity and divinity of Jesus the Christ dimensions that only the woman who loved Him experienced and can help us to know Him better At the same time it also gives to us dimensions of our humanity and our unconscious quest to recuperate our forgotten divine status Mary of Magdala is an integral part of us the fallen humanity Her fall and her redemption are both irrevocably tied to our fallen human nature and to our hopes for redemption when we read her story we are able to understand our human selves our relationship with Jesus the Christ and our divine potentials subjectively It is as if her love affair with the Christ is our own love affair with His Spirit and her rise from sin into sainthood the hope for our own future divinization As we penetrate it The Passion and The Glory The Greatest Story Ever Lived becomes our own story We learn more about Jesus His Love for us and are exposed to His Mystery teachings a priceless treasure of wisdom which is not only liberating but helps to fuel in us the innate desire to discover and recuperate our true divine nature The Gospel of Mary Magdalene is indeed a revolutionary Gospel of Love for the new minds and spirits of the Twenty first Century The Passion and The Glory The Greatest Love Story Ever Lived is a Gospel that was rejected in the past mainly because it came from a woman Things have changed what makes it most valuable in the new century is precisely that it comes from a woman A woman who was not only one of Jesus closest disciples and His most intimate companion but the one He chose to make an apostle to His apostles by making her the sole harbinger of His resurrection In an age when women don t have to bend anymore under the dark cloud of male chauvinism the Gospel of Mary Magdalene the woman who loved Jesus is more than welcome The fact that her vision of Jesus is that of a woman makes her Gospel a great love story passionate deeper and more human very different indeed from that of the male apostles Mary of Magdala lived with Jesus Christ by and through His Grace The Greatest Story of Love Ever Lived Thus it is her Gospel

A Passion for Egypt Julie Hankey, 2001-09-27 The biography of Arthur Weigall the British Egyptologist who was involved in the exploration and conservation of the monuments and antiquities of a region stretching from Luxor to the Sudan border At a time when Egypt was being ransacked by private collectors and the agents of Western museums it was said that without Weigall much more would have been lost altogether most notably the wall paintings in the Tombs of the Nobles The enthusiasm and energy of the man and of the books and articles he wrote played a large part in popularising Egypt and Egyptology and in promoting the then radical view that Egypt s antiquities belonged to the Egyptians When in 1922 Tutankhamun s tomb was discovered by his old colleague Howard Carter Weigall came into open conflict with Carter s patron Lord Carnarvon for his handling of the question of rights in the tomb and for his sale of information from it to the London Times Following Carnarvon s premature death in Egypt it was Weigall s remarks to the press that led to the notorious story of the Curse of the Pharaohs a myth that persists to this day Weigall had many talents he also designed theatre scenery made films and wrote novels But his real legacy derives from his passion for Egypt both ancient and modern a passion that informs the whole of his compelling story

A BIBLICAL JOURNEY SUPPORTED BY SCIENCE Edouard RIVIER, Emmanuel RIVIER, 2022-09-05 Science in the present state of our scientific knowledge including the most advanced can support our faith in order to make the texts not only understandable but also interesting and often beneficial for our reflection or our interior life This systematic alliance between faith and science is one of the most innovative aspects of the book which is highlighted by its title Thus on a general level history geography archaeology linguistics paleoanthropology and other disciplines are now able to retrace the history of ancient palestine over a long period of time Retracing by the same token the history of the small territory of canaan that the hebrews conquered under the leadership of moses and then joshua You will discover egypt master of the entire near east for more than a thousand years and the invasions of the sea peoples who ravaged the land of canaan shortly before its conquest by joshua as well as the hittites and the invasion of egypt by the hyksos If we place ourselves at the more modest level of the protagonists of the profane or sacred stories that are told in this volume 1 the time of the patriarchs science will teach us a lot about their habits their fears and their joys Texts found in the remains of the city state of nuzi will shed light on the

lifestyle of these nomadic shepherds Finally I propose to use the theories of information and communication in a totally new way as two scientific tools at the service of the bible We will consider the sacred text as containing a series of messages in the sense of telecommunications that god addresses to us through time and space The senders of these messages are characters inspired by god the patriarchs in this volume 1 These messages reach our mailbox either e mail or brain Communication theory and habits will dictate our first action authenticate the sender so that he doesn t send spam or bugs You will discover how to authenticate abraham through history and plate tectonics and jacob through paleoclimatology and hieroglyphic inscriptions Geophysics including paleoclimatology plate tectonics volcanology and seismology makes it possible to convert facts tainted with divine wonder to simple manifestations of the earth s moods which can often be dated and which make it possible to take these great patriarchs out of the mythical fog in which our ignorance has tended to confine them
