Peronism And Argentina

James W. McGuire

Peronism And Argentina:

Peronism and Argentina James P. Brennan,1998 Examines the history origins and contemporary directions of Peronism an important populist movement in twentieth century Latin America This volume clarifies many misconceptions about the nature of Peronism and explains how it has influenced Argentine politics and civil society **Peronism Without Perón**

James W. McGuire,1999-02-01 Peronism the Argentine political movement created by Juan Per n in the 1940 s has revolved since its inception around a personalistic leader a set of powerful trade unions and a weakly institutionalized political party This book examines why Peronism continued to be weakly institutionalized as a party after Per n was overthrown in 1955 and argues that this weakness has impeded the consolidation of Argentine democracy Within an analysis of Peronism from 1943 to 1995 the author pays special attention to the 1962 66 and 1984 88 periods when some Peronist politicians and union leaders tried but failed to strengthen the party structure By identifying the forces that led to these efforts of party building and by analyzing the counterforces that thwarted them he shows how these failures have shaped Argentina s experience with democracy Drawing on this interpretation of Peronism and its place in Argentine politics the book develops a distributive conflict political party explanation for Argentina s democratic instability and contrasts it to alternatives that stress economic dependency populist economic policies political culture and military interventionism Juan Peron and the Reshaping of Argentina

Frederick Turner,Jose Enrique Miguens,1983-05-15 Although Juan Peron changed the course of modern Argentine history scholars have often interpreted him in terms of their own ideologies and interests rather than seeing the effect of this man and his movement had on the Argentine people The essays in this volume seek to uncover the man behind the myth to define the true nature of Peronism Several chapters view Per n s rise to power his deposition and eighteen year exile and his dramatic return in 1973 Others examine opposing forces in modern Argentina including the church and its role in politics the conflict between landed stancieros and urban industrialists terrorist activities and their populist support base Peronism and the labor movement and Evita Per n s role in advancing the political rights of women **Perón and the Enigmas of Argentina**

Robert D. Crassweller,1987 A study of the life of Juan Peron focusing on the values emotions and psychological links of the appeal of Peronism and its mythology and longevity **Why Perón Came to Power** Joseph R. Barager,1968

Populism and Ethnicity Raanan Rein,2020-06-03 Juan Per n s decade long regime from 1946 to 1955 is often presented as Nazi fascist and antisemitic claims that are strongly rooted in Argentina s collective unconscious and popular culture Challenging this widely held view Raanan Rein asserts that there was greater Jewish support for Per n than previously believed and that fewer antisemitic incidents took place in Argentina during Per n s rule than during any other period in the twentieth century Recovering the silenced voices of Jewish Argentines who supported Peronism from the beginning Populism and Ethnicity is a historical sociological and political analysis that describes the many positive changes experienced by the Jewish community as a direct result of Per n s presidencies Per n and his wife Eva gave numerous speeches denouncing

antisemitism and Peronism Argentina was the first Latin American country to open an embassy in the newly established State of Israel Arguing that no president before Peron so unambiguously rejected discrimination against Jews Rein shows that many Jews secured more important posts in government in the 1940s and 1950s than in previous years among them members of the Argentine Jewish Organization which became a section of the ruling Peronist party Deconstructing the myth of antisemitism during Peron's regime Populism and Ethnicity looks deep into the heart of international memory for the truth behind Jewish Argentine relations Argentina and Peronism Charles River Editors, 2020-02-13 Includes pictures Includes a bibliography for further reading It is a doctrine whose object is the happiness of man in the human society through the equilibrium of the material and spiritual the individual and the collective forces Raúl Mend Justicialism The Peronist Doctrine and Reality Until the 1930s nationalism had always tended to be a phenomenon of the right wing or the immigrant anarchists and Bolsheviks Now however the emphasis shifted to the middle ground and ironically one of the issues driving Argentine nationalism was the outsized British presence in Argentine affairs stoked recently by the preferential trade agreement Perhaps most importantly the seizure by the British in 1833 of the Islas Malvinas or as the British termed them the Falkland Islands remained a sore point This wave of cultural nationalism was very different to the more visceral political nationalism that came before it and it gathered a considerable following in Buenos Aires among liberal intellectuals and the middle classes The movement was given further impetus by the outbreak of World War II and the freezing of European markets along with the British emphasis on the imperial preference as a means of saving foreign currency Calls began to be heard for industries to be nationalized for goods no longer imported to be manufactured at home and for a greater degree of protectionism and self sufficiency At the same time Argentina's neutrality during the war was punished by the United States which excluded Argentina from a program of arming several Latin American countries This struck the Argentine armed forces with a bout of the jitters in case they fell behind in matters of military preparedness After the tensions had mounted for over a year matters played out precisely as Peron's opponents had feared By the final months of 1945 his popularity had soared and it seemed inevitable that he would seize control of the military government if permitted to remain in power His enemies organized a coup against him arresting him on October 9 and stripping him of his ministries and titles after which he was taken away from Buenos Aires and imprisoned on a small island controlled by the military However when the news of these events spread his tireless work with the trade unions paid off as these and allied organizations organized a mass rally in front of the Presidential Palace to demand Peron's release The rally attracted hundreds of thousands of supporters making the military rulers realize that they were at risk of a full scale revolution The protestors refused to disband until Peron appeared free in front of them and his captors finally relented realizing how much more skillfully their nemesis had played his hand Late on the night of October 17 Peron appeared on the balcony of the Casa Rosada announcing to his cheering supporters that elections would soon be held Juan Peron won the February election with 56% of the vote a commanding

victory that gave him a free hand to pursue his policies which sought a nationalistic drive for autonomy and economic power as well as the creation of an expansive welfare state. It finally appeared as though Argentina had a strongman that might be able to hold onto power but either way it was now clear to most that there would be no going back. Peron's policies and the opposition to him would define the course of Argentina's history for the next several decades.

Argentina and Peronism: The History and Legacy of Argentina's Transition from Juan Peron to Democracy looks at the turbulent history of the country during the 20th century from the rise of Peron to various attempts to become more democratic. Along with pictures and a bibliography you will learn about Argentina and Peronism like never before. *The New Cultural History of Peronism* Matthew B. Karush, Oscar Chamosa, 2010-05-21. A collection of essays on the cultural dimensions of Peronism: the connections between Argentine popular consciousness and the state particularly during Peron's first regime 1946-55. Peron and Peronism Kerry Bolton, 2014-02. Peron and Peronism is unique especially among English language books insofar as it is not so much a biography of the remarkable Argentine president but an explanation of Peronism in theory and practice. While the lives of Juan and especially Eva Peron are relatively easy to access, seldom is it that a biography of the Perons or even a scholarly history of Argentina details the doctrine of Justicialism. In *Peron and Peronism* Bolton draws on primary documents and speeches to define the Peronist doctrine that has moved the hearts and minds of the majority of Argentines for generations. Peron is shown to have been not only a great leader who built the foundations of modern Argentina but a philosopher who drew upon various philosophical schools from Classical Greece onwards in synthesising a third position that transcends capitalism and communism. Right and Left and exposes demoliberalism as a fraud. Here we also see a man of vision, an exponent of geopolitical blocs to counter globalist hegemony whose ideals remain profoundly relevant in the age of globalisation. *Why Peron Came to Power; The Background to Peronism in Argentina. Edited, With an Introduction, by Joseph R. Barager* Joseph R. Barager (Comp), 1968. **Peronism as a Big Tent** Raanan Rein, Ariel Noyjovich, 2022-02-15. Argentina's populist movement led by Juan Peron welcomed people from a broad range of cultural backgrounds to join its ranks. Unlike most populist movements in Europe and North America, Peronism had an inclusive nature, rejecting racism and xenophobia. In *Peronism as a Big Tent*, Raanan Rein and Ariel Noyjovich examine Peronism's attempts at garnering the support of Argentines of Middle Eastern origins, be they Jewish, Maronite, Orthodox, Catholic, Druze, or Muslim, in both Buenos Aires and the interior provinces. By following the process that started with Peron's administration in the mid 1940s and culminated with the 1989 election of President Carlos Menem of Syrian parentage, Rein and Noyjovich paint a nuanced picture of Argentina's journey from failed attempts to build a mosque in Buenos Aires in 1950 to the inauguration of the King Fahd Islamic Cultural Center in the nation's capital in the year 2000. Peronism as a Big Tent reflects on Peron's own evolution from perceiving Argentina as a Catholic country with little room for those outside the faith to embracing a vision of a society that was multicultural and that welcomed and celebrated religious plurality. The legacy of this spirit of inclusiveness can still be felt today. *Peronistas*

and New Dealers Glenn J. Dorn, 2005 This book utilizes a corporatistic analytical framework meshed with a comparative approach to examine inter American relations during the early years of the Cold War The emergence of Juan and Eva Peron in Argentina provoked a major ideological crisis as Argentina briefly emerged as a genuine rival to U S leadership of the Western hemisphere By advocating a statist brand of corporatism reminiscent of European fascism and utilizing a populist appeal remarkably similar to that of communism Peron challenged U S efforts to disseminate liberal capitalism multilateral trade and traditional Anglo Saxon democracy The resulting clash was one in which the Truman Administration worked steadily but quietly to derail the Peronist experiment without engaging in any potentially counterproductive open intervention in Argentine affairs *Peronistas and New Dealers* makes a substantial contribution to the historiography of the inter American relations by illustrating clearly that anti communism was not a dominant factor in the U S policymaking in Latin America in the late 1940 s

BOOK JACKET *The Fourth Enemy* James Cane, 2011 The rise of Juan Peron to power in Argentina in the 1940s is one of the most studied subjects in Argentine history But no book before this has examined the role the Peronists struggle with the major commercial newspaper media played in the movement's evolution or what the resulting transformation of this industry meant for the normative and practical redefinition of the relationships among state press and public In *The Fourth Enemy* James Cane traces the violent confrontations backroom deals and legal actions that allowed Juan Domingo Peron to convert Latin America's most vibrant commercial newspaper industry into the region's largest state dominated media empire An interdisciplinary study drawing from labor history communication studies and the history of ideas this book shows how decades old conflicts within the newspaper industry helped shape not just the social crises from which Peronism emerged but the very nature of the Peronist experiment as well

Dignifying Argentina Eduardo Elena, 2011-08-21 During the mid twentieth century Latin American countries witnessed unprecedented struggles over the terms of national sovereignty civic participation and social justice Nowhere was this more visible than in Peronist Argentina 1946-1955 where Juan and Eva Peron led the region's largest populist movement in pursuit of new political hopes and material desires Eduardo Elena considers this transformative moment from a fresh perspective by exploring the intersection of populism and mass consumption He argues that Peronist actors redefined national citizenship around expansive promises of a *vida digna* dignified life which encompassed not only the satisfaction of basic wants but also the integration of working Argentines into a modern consumer society Drawing on documents such as the correspondence between Peronist sympathizers and authorities Elena sheds light on the contest over the *vida digna* He shows how the consumer aspirations of citizens overlapped with Peronist paradigms of state led development but not without generating great friction among allies and opposition from diverse sectors of society Consumer practices encouraged intense public scrutiny of class and gender comportment and everyday objects became charged with new cultural meaning By providing important insights on why Peronism struck such a powerful chord *Dignifying Argentina* situates Latin America within the broader history of citizenship

and consumption at midcentury and provides innovative ways to understand the politics of redistribution in the region today

Juan Domingo Peron Robert J. Alexander, 2019-04-11 This book presents a tentative assessment of the Argentine leader Juan Domingo Peron's overall importance in his own country and in the American Hemisphere It is based largely on the observations of the author on the evolution of Argentina over almost a third of a century *Perón's Argentina* George I. Blanksten, 1953

Why Per Joseph R. Barager, 1968

The Fourth Enemy James Cane, 2012-01-17 The rise of Juan Peron to power in Argentina in the 1940s is one of the most studied subjects in Argentine history But no book before this has examined the role the Peronists struggle with the major commercial newspaper media played in the movement's evolution or what the resulting transformation of this industry meant for the normative and practical redefinition of the relationships among state press and public In *The Fourth Enemy* James Cane traces the violent confrontations backroom deals and legal actions that allowed Juan Domingo Peron to convert Latin America's most vibrant commercial newspaper industry into the region's largest state dominated media empire An interdisciplinary study drawing from labor history communication studies and the history of ideas this book shows how decades old conflicts within the newspaper industry helped shape not just the social crises from which Peronism emerged but the very nature of the Peronist experiment as well *Authoritarian Argentina* David Rock, 1995

Annotation David Rock has written the first comprehensive study of nationalism in Argentina a fundamentalist movement pledged to violence and a dictatorship that came to a head with the notorious disappearances of the 1970s This radical right wing movement has had a profound impact on twentieth century Argentina leaving its mark on almost all aspects of Argentine life art and literature journalism education the church and of course politics
