Points of View William Somerset Maugham, 1968 **Marxism And The Moral Point Of View** Kai Nielsen, 2021-11-28

Marxism and the Moral Point of View attempts to say what consistent Marxists working within the parameters of the canonical conceptions of Marxism should say about morality This includes what they should say about the function of morality in society about the extent of moral comment they can justifiably make and about freedom equality and justice including the justice of whole social formations Karl Marx and most Marxists follow him was opposed *Five Essays* Stig Strömholm, 1989 *Ludwig Wittgenstein - A Cultural Point of View* William J. DeAngelis, 2016-05-13 In the preface to his Philosophical Investigations Ludwig Wittgenstein expresses pessimism about the culture of his time and doubts as to whether his ideas would be understood in such a time I make them public with doubtful feelings It is not impossible that it should fall to the lot of this work in its poverty and in the darkness of this time to bring light into one brain or another but of course it is not likely In this book William James DeAngelis develops a deeper understanding of Wittgenstein s remark and argues that it is an expression of a significant cultural component in Wittgenstein s later thought which while latent is very much intended DeAngelis focuses on the fascinating connection between Wittgenstein and Oswald Spengler and in particular the acknowledged influence of Spengler s Decline of the West His book shows in meticulous detail how Spengler s dark conception of an ongoing cultural decline resonated deeply for Wittgenstein and influenced his later work In so doing the work takes into account discussions of these matters by major commentators such as Malcolm Von Wright Cavell Winch and Clack among others A noteworthy feature of this book is its attempt to link Wittgenstein s cultural concerns with his views on religion and religious language DeAngelis offers a fresh and original interpretation of the latter **The Oxford Point of View**, 1902 *Environmental Control & Safety Management*, 1912 **Insurance Engineering**, 1912 **The Influence of Religion on the Development of International Law** Mark W. Janis, 2024-12-16 **New Perspectives on Language Variety in the South** Michael D. Picone, Catherine Evans Davies, 2015-03-15 An outgrowth of the Language Variety in the South III symposium New Perspectives on Language Variety in the South Historical and Contemporary Approaches comprises forty five original essays on a range of topics regarding the languages and dialects of the American South Book jacket *Experimental Social Psychology* Chester A. Insko, John Schopler, 2013-09-03 Experimental Social Psychology Text with Illustrative Readings represents a new approach to undergraduate social psychology by combining both text and readings This book grew out of the authors laborious and yet rewarding collaboration as associate editors of the Journal of Experimental Social Psychology The book is organized into three parts that cover the three overlapping categories of social psychology attitude and belief change interpersonal processes and small groups The investigation of attitude and belief change typically involves the persuasive impact produced by a written or orally presented communication when directed at a person The area of interpersonal processes typically involves two people puts greater emphasis upon the interactive nature

of social relations and is not restricted to just certain effects such as attitude or belief change The study of interpersonal processes includes person perception interpersonal attraction conformity conflict resolution norm formation etc The area of small groups includes the study of groups varying in size between two and the number beyond which face to face interaction among all the members does not or cannot easily occur Included within this category is the study of leadership status group decision making etc Psychological Themes in the School of Alexius Meinong Arnaud Dewalque, Venanzio

Raspa, 2019-12-16 This volume addresses key aspects of the philosophical psychology elaborated by Alexius Meinong and some of his students It covers a wide range of topics from the place of psychological investigations in Meinong's unique philosophical program to his thought provoking views on perception colors *Vorstellungsproduktion* assumptions values truth and emotions *The Pilot*, 1900 **Companion to Literature** Abby H. P. Werlock, 2009 Praise for the previous edition

Booklist RBB Twenty Best Bets for Student Researchers RUSA ALA Outstanding Reference Source useful Recommended for public libraries and undergraduates **Encyclopedia of the American Short Story** Abby H. P. Werlock, 2015-04-22 Two volume set that presents an introduction to American short fiction from the 19th century to the present Intention and Identity John Finnis, 2011-04-07 The essays in *Intention and Identity* explore themes in Finnis's work touched on only lightly if at all in *Natural Law and Natural Rights* developing profound accounts of personal identity and existence group identity and common good and intention and choice as action and self shaping In his many faceted study of what it is to be a human person and a human community Finnis not only engages with contemporary philosophers and bioethicists such as Peter Singer Michael Lockwood and John Harris with thinkers from other traditions such as Karol Wojtyla John Paul II and with judges in the highest courts He also offers illuminating and deeply considered readings of Shakespeare and Aquinas and debates with Roger Scruton Joseph Raz Hans Kelsen John Rawls Glanville Williams Richard Posner Ronald Dworkin and others The role of intention in the criminal law and the law of civil wrongs is searchingly explored through case law as are judicial attempts to understand conditional and preparatory intentions Moral or bioethical issues discussed include in vitro fertilization cloning abortion euthanasia and brain death patriotism multi culturalism and immigration The papers show the power of a sometimes neglected aspect of the new classical theory of natural law The volume includes previously unpublished papers on whether brain life is relevant to the beginning of a person's life on its relevance to the end of one's life and a substantial introduction in which John Finnis reflects on the changes in his thinking on personal reality and on how intention is to be analysed and understood and its moral significance appreciated Freud, V.1 Paul E.

Stepansky, 2015-01-28 A response to the veritable renaissance in Freud studies *Freud Appraisals and Reappraisals* presents the readers with the fruits of recent scholarship on Freud the man and scientist and the origins and development of the psychoanalytic movement spawned by his work The premier volume of this series offers three major essays embodying different tributaries of contemporary Freud research Peter Swales drawing on extensive archival research reveals the

identity and explores the life and times of the woman Freud terms his first teacher but presented to his readers only as the Frau Caecilie M of the Studies on Hysteria Barry Silverstein brings together complementary strands of textual analysis and psychobiographical reconstruction in his provocative reconsideration of the circumstances surrounding Freud's lost papers on metapsychology Finally Edwin Wallace's integrative review of Freud's scattered remarks on ethics and morality combined with his appraisal of Freud's personal ethics yield a measured and scholarly account of Freud as ethicist Briefer essays on Freud and the oral tradition Patrick Mahony Freud's psychology of religion Paul Stepansky and recent assessments of Freud's character John Gedo round out a volume that is destined for a place of distinction in the secondary literature on Freud Collectively these essays represent a most auspicious debut for the new series they admirably bear out Paul Stepansky's intent of presenting readers with original articles that embody high scholarship and a thought provoking and imaginative use of the fruits of this scholarship

Professional Journal of the United States Army ,1969-07 *Monetarist Perspectives*

David E. W. Laidler,1982 Here is a clear and thoughtful introduction to the current literature of monetary economics and macroeconomics The book's central theme is a view of the macroeconomy in which recession and inflation are to be interpreted as the result of the economy adjusting to a discrepancy between the quantity of money supplied and the quantity of money demanded with the latter quantity being determined by a stable aggregate demand function The author discusses in turn the place of monetarism in macroeconomics its implications for the interpretation of the short run demand for money function its relationship to equilibrium business cycle theory the disequilibrium transmission mechanism that underlies the monetarist viewpoint and finally its implications for the policy of neo-gradualism He synthesizes a large body of theoretical and empirical literature and his empirical observations are broadly based on the experiences of England and Australia as well as Canada and the United States Each chapter can be read apart from the others and Laidler has taken particular care to keep the technical level of exposition low without sacrificing much in the way of theoretical sophistication

Quarterly Review of Military Literature ,1969 **Human Welfare and Moral Worth** Thomas E. Hill Jr.,2002-07-11 Thomas Hill a leading figure in the recent development of Kantian moral philosophy presents a series of essays that interpret and develop Kant's ideas on ethics The first part of the book focuses on basic concepts a priori method a good will categorical imperatives autonomy and constructivist strategies of argument Hill goes on to consider aspects of human welfare and then moral worth the nature and grounds of moral assessment of persons as deserving esteem or blame He offers illuminating discussions of happiness beneficence personal values conscience moral desert moral dilemmas and feelings of regret He is critical of Kant at many points but he shows how many familiar objections miss the mark Two previously unpublished essays challenge the views of other influential Kant scholars and defend alternative interpretations of Kant on beneficence supererogation and what it means to set oneself an end These clear and careful writings show moral political and social philosophers just how valuable Kantian ethical theory can be in addressing practical matters
