Quietly My Captain Waits:

Quietly My Captain Waits Evelyn Eaton, 2001-11-05 *Quietly My Captain Waits* is a thrilling novel of two lovers whose fates are sealed by the fateful clash of Empire in early eighteenth century Acadia. This historical romance is based on the real life love of two bold residents of New France: the fiery Louise de Freneuse, married and widowed twice, and Pierre de Bonaventure, Captain in the French Navy. Their doomed relationship helps them endure the day to day struggles in the besieged frontier settlement of Port Royal. *Quietly My Captain Waits* sees beyond the cold facts of history into the hearts of Acadian settlers, government officials, and Native allies. A Formac Fiction Treasures series title. [Quietly My Captain Waits](#) Eleanor S. Though little known today from 1860 to 1940, Canadian novelists from the Maritime provinces were writing highly successful books which were widely read in Canada, the US, and Britain. Although today only Lucy Maud Montgomery is remembered and read, there were several dozen writers who enjoyed the same level of success and renown. This book brings these authors and their most successful books back into the spotlight of Canadian writing. In 2001, Canadian literature specialist Gwen Davies and Formac publisher James Lorimer set out to republish books by these largely forgotten Maritime authors. Readers can now discover 35 of their novels, all reprinted in Formac's Fiction Treasures series. For each book, series editor Gwen Davies commissioned an introduction by a contemporary scholar who offers a brief biography of the writer and a discussion of the text itself. As Gwen Davies notes, these introductions not only capture new research in literary biography or publishing history but also broaden our understanding of regional popular reading tastes from the era of Queen Victoria to the Second World War. This book brings these introductory essays together in a single volume so that readers can discover these writers and get an overview of their best works. *California Arts & Architecture*, 1940. Stout, 2019-02-01. The American 345th Bomb Group, the Air Apaches, was legendary in the war against Japan. The first fully trained and fully equipped group sent to the South Pacific, the 345th racked up a devastating score against the enemy. Armed to the teeth with machine guns and fragmentation bombs and flying their B-25s at impossibly low altitudes, often below fifty feet, the pilots and air crews strafed and bombed enemy installations and shipping with a fury that helped cripple Japan. One of the sharpest tools in the US arsenal, the 345th performed essential missions during Gen. Douglas MacArthur's campaigns in New Guinea and the

Philippines earning an impressive four Distinguished Unit Citations This was punishingly dangerous work and the 345th lost 177 aircraft and 712 men young men doing their duty in the spirit of the Greatest Generation Neither was this the more gentlemanly war of Europe with its more temperate climate resistance networks aiding downed crews and POW camps Airmen shot down in the Pacific theater faced drowning in the ocean disappearing in the jungle or torturing and beheading by the Japanese in a war of no quarter expected no quarter given A compelling follow up to Jay A Stout's *Hell's Angels* Air Apaches reconstructs the missions of the 345th Bomb Group in striking detail with laser focus on the men who manned the cockpits navigated the B 25s dropped the bombs serviced the planes and helped win the war To tell this remarkable story Stout worked closely with the group's surviving veterans and dug deep into firsthand accounts The result is a compelling narrative of men at war that will keep readers on the edge of their seats
