Qumran Cave 4 Vol Xv Pt 1 The Sapiential Texts:

The Texts from the Judaean Desert Martin G. Abegg, 2002 Composed at the end of the editorial process this volume provides a general overview of and introduction to the thirty eight volumes of the Discoveries in the Judaean Desert series published from 1951 onwards by Oxford University Press It contains a general description of the series and its editorial principles as well as different indexes several lists of the texts found in the Judaean desert a list of scribal notations annotated lists of internal overlaps and parallels the texts found in the Judaean desert arranged by their presumed dates and a concordance of the proper names The Dead Sea Scrolls After Fifty Years, Volume 1 Peter Flint, James C.

Vanderkam, 2019-05-09 **The Self-Understanding of the Dead Sea Scrolls Community** Paul Swarup, 2006-08-31 This is a study of two metaphors an eternal planting and a house of holiness which were used extensively by the DSS Community in expression of their self understanding These two metaphors embrace a wide range of biblical themes which they appropriated for themselves The sectarian writings and non sectarian writings used by the community have been examined in order to bring out the theology behind these two metaphors Each passage is compared and contrasted primarily with the Hebrew Bible to see how the text has been reworked or nuanced to suit its new context It is concluded that these two metaphors express the deep yearning of the DSS Community for a complete restoration of Israel for a return to Edenic conditions as before the Fall and for a temple which was pure These metaphors contribute to the community's self understanding of themselves as the eternal planting or True Israel the faithful remnant who practised justice and righteousness and awaited the eschaton They believed that they were indeed a kingdom of priests and a holy nation They understood themselves to be a proleptic temple in advance of the eschatological temple to be built by God They were also the true priests functioning in God's heavenly temple carrying out the priestly ministry of atonement teaching intercession and blessing These two metaphors appear to be quite distinct at first sight but on closer examination they are seen to convey many complementary theological ideas **Qumran Interpretation of the Genesis Flood** Jeremy D. Lyon, 2015-09-28 The

Dead Sea Scrolls have opened up for modern readers the ancient world of Jewish interpretation of the Bible during the Second Temple period Among these scrolls are several manuscripts dating to the first century BC the oldest surviving texts dealing with interpretation of the Genesis Flood A literary analysis of the four primary Qumran Flood texts 1QapGen 4Q252 4Q370 and 4Q422 reveals how ancient Jews interpreted and employed the Genesis Flood narrative These texts contain commentary paraphrase and admonition among other things addressing issues such as the cause chronology and purpose of the Flood In addition these fragmentary treasures reveal such ancient understandings of the Flood as a reversal and renewal of creation a restoration of Eden and anticipation of the Promised Land and an archetype of eschatological judgment

Households, Sects, and the Origins of Rabbinic Judaism Alexei Sivertsev, 2022-01-04 This book suggests a new approach to the social history of Jewish religious movements in the Second Temple and early Rabbinic periods It argues that most of these movements and their traditions emerged within the context of complex interaction between traditional families and disciple circles The first part of the book examines the development of Jewish religious movements during the Second Temple period It culminates with the discussion of the Dead Sea Sect which is analyzed as the first unambiguous example of a movement shifting from a social structure based on families to a social structure based on disciple circles The second part of the book discusses the history of pharisaic and early rabbinic movements from a similar perspective Topics covered in the book will be of interest to scholars of Judaism and Early Christianity

The Religious Worldviews Reflected in the Dead Sea Scrolls Ruth A. Clements, Menahem

Kister, Michael Segal, 2018-10-16 The Dead Sea Scrolls offer a window onto the rich theological landscape of Judaism in the Second Temple period Through careful textual analysis the authors of these twelve studies explore such topics as dualism and determinism esoteric knowledge eschatology and covenant the nature of heaven and or the divine moral agency and more as well as connections between concepts expressed in the Qumran corpus and in later Jewish and Christian literature The religious worldviews reflected in the Scrolls constitute part of the ideological environment of Second Temple Judaism the analysis of these texts is essential for the reconstruction of that milieu Taken together these studies indicate the breadth and depth of theological reflection in the Second Temple period
