**Guidebook** Roberto Tottoli, 2023-02-20. The Qur'an A Guidebook is an updated English version of the work appeared in Italian Rome 2021. Leggere e studiare il Corano which deals with the contents of the Qur'an, the style and formal features of the text, the history and fixation of it, and an outline of the reception in Islamic literature. The aim of the work is to give a reader a description of what he/she can find in the Islamic holy text and the state of the critical debates on all the topics dealt with, focusing mainly on the growing scholarly literature which appeared in the last 30 years. As such, the work is unique in combining the aim to give comprehensive information on the topic and at the same time reconstruct the critical debate in a balanced outline, also emphasizing confessional approaches and the dynamics in the study of the Qur'an. There is nothing similar in contemporary scholarship, and the book is a handbook for students and scholars of Islam, but also for readers in religious studies who need to know how the main questions related to the Islamic text have been discussed in recent scholarship. *Contemporary Qur'anic Hermeneutics* Georges Tamer, 2025-04-21. This project presents the hermeneutical approaches to the Qur'an of the most prominent Qur'anic scholars in Islamic intellectual history. Not only scholars who wrote commentaries on the Qur'an in the narrow sense of the word, but also those who dealt

hermeneutically with the Qur'an in various ways. The Handbook of Qur'anic Hermeneutics is the first book that discusses all the hermeneutical fields of the Qur'an. It will be published in seven volumes. The Shi'i World Farhad Daftary, Amyn Sajoo, Shainool Jiwa, 2015-09-25. I B Tauris in association with the Institute of Ismaili Studies. The world's 200 million Shi'i Muslims express their faith in a multiplicity of ways, united by reverence for the ahl al-bayt, the family of the Prophet. In embracing a pluralistic ethic, fourteen centuries of Shi'i Islam have given rise to diverse traditions and practices across varied geographic and cultural landscapes. The Shi'i World is a comprehensive work authored by leading scholars from assorted disciplines to provide a better understanding of how Shi'i communities view themselves and articulate their teachings. The topics range from Shi'i Islam's historical and conceptual foundations, formative figures, and intellectual, legal, and moral traditions to its devotional practices, art, and architecture, literature, music, and cinema, as well as expressions and experiences of modernity. The book thus provides a panoramic perspective of the richly textured narratives that have shaped the social and moral universe of Shi'i Muslims around the globe. This fourth volume in the Muslim Heritage Series will appeal to specialists and general readers alike as a timely resource on the prevailing complexities, not only of the Muslim world but also of the dynamic Shi'i diasporas of Europe and North America. The Qur'an's Self-Image Daniel Madigan, 2018-06-05. Islam is frequently characterized as a religion of the book, and yet Muslims take an almost entirely oral approach to their scripture. Qur'an means recitation, and refers to the actual words Muslims believe were revealed to Muhammad by God. Many recite the entire sacred text from memory, and it was some years after the Prophet's death that it was first put in book form. Physical

books play no part in Islamic ritual What does the Qur'an mean then when it so often calls itself *kitab* a term usually taken both by Muslims and by Western scholars to mean book To answer this question Daniel Madigan reevaluates this key term *kitab* in close readings of the Qur'an's own declarations about itself More than any other canon of scripture the Qur'an is self-aware It observes and discusses the process of its own revelation and reception it asserts its own authority and claims its place within the history of revelation Here Madigan presents a compelling semantic analysis of its self-awareness arguing that the Qur'an understands itself not so much as a completed book but as an ongoing process of divine writing and re-writing as God's authoritative response to actual people and circumstances Grasping this dynamic responsive dimension of the Qur'an is central to understanding Islamic religion and identity Madigan's book will be invaluable not only to Islamicists but also to scholars who study revelation across religious boundaries

**Interfaith Relationships and Perceptions of the Other in the Medieval Mediterranean**

Sarah Davis-Secord, Belen Vicens, Robin Vose, 2021-12-16 This book is a collaborative contribution that expands our understanding of how interfaith relations both real and imagined developed across medieval Iberia and the Mediterranean The volume pays homage to the late Olivia Remie Constable's scholarship and presents innovative thought provoking interdisciplinary investigations of cross cultural exchange ranging widely across time and geography Divided into two parts Perceptions of the Other and Interfaith relations this volume features scholars engaging with church art literature historiography scientific treatises and polemics in order to study how the religious Other was depicted to serve different purposes and audiences There are also microhistories that examine the experiences of individual families classes and communities as they interacted with one another in their own specific contexts Several of these studies draw their source material from church and state archives as well as jurisprudential texts and span the centuries from the late medieval to early modern periods

The Qur'an and Its Biblical Reflexes Mark Durie, 2018-08-15 This path breaking book sets aside the traditional story of the life of Muhammad and inquires into the internal history of the Qur'an itself Drawing on fresh insights from linguistics and theology Durie puts forward a new and very different explanation for the Mecca Medina division attributing it to a theological crisis which arose in the Qur'anic community Through careful investigation of theologically charged topics such as prophecy Satan sin the oneness of God covenant warfare divine presence and holiness Durie questions whether the Qur'an and Bible really do share a deeper connection He invites the reader to set aside the frames through which the Qur'an has been viewed in the past whether Biblical or Islamic and invites us to attend to the Qur'an's distinctive and unique theological vision in its own terms

**Quran 5** Joseph C. Codsí, 2010-04-29 The Forbidden Rumi and I Rumi is a great Muslim mystic and poet His faith in God does not deter him from riding the winds of dangerous thinking and free expression His most audacious poems were published in a collection called The Forbidden Rumi I have chosen one of them and interspersed its verses between the chapters of my book I wanted to let some fresh air in my dry discussion of the Quranic text You see the fifth chapter of the Quran was the last one to have been

composed It discusses theological questions and lacks the poetic rhythm of the much shorter chapters of the early days I am neither a poet nor a mystic I am not even a Muslim And yet I feel I have something in common with a Rumi I do not let the requirements of Islamic tradition the strict rules of modern scholarship and the taboos of our time constrict my freedom to say what I think and to explain my forbidden views I do so however in a friendly manner and without any animosity My study of the Quran is based on knowledge not on faith My purpose is not to provide spiritual ammunition to the faith It is much more prosaic I propose a new way of reading the Quranic text Instead of seeing in it a divine revelation I see in it the work of a man called Muhammad I do what is forbidden for a believer But I recognize the believer's right to see in the Book the very words of God

The Qur'an in Christian-Muslim Dialogue Corrie Block, 2013-10-08 Offering an analysis of Christian Muslim dialogue across four centuries this book highlights those voices of ecumenical tone which have more often used the Qur'an for drawing the two faiths together rather than pushing them apart and amplifies the voice of the Qur'an itself Finding that there is tremendous ecumenical ground between Christianity and Islam in the voices of their own scholars this book ranges from a period of declining ecumenism during the first three centuries of Islam to a period of resurging ecumenism during the most recent century until now Among the ecumenical voices in the Christian Muslim dialogue this book points out that the Qur'an itself is possibly the strongest of those voices These findings are cause for and evidence of hope for the Christian Muslim relationship that although agreement may never be reached dialogue has led at times to very real mutual understanding and appreciation of the religious other Providing a tool for those pursuing understanding and mutual appreciation between the Islamic and Christian faiths this book will be of interest to scholars and students of Islam the Qur'an and the history of Christian Muslim relations

*The Cambridge Companion to the Qur'ān* Jane Dammen McAuliffe, 2006-11-23 An introduction to the Qur'an Koran a text that has guided the lives of millions

The Quranic Jesus Carlos Andrés Segovia, 2018-11-19 Is it possible to rethink the multilayered and polyvalent Christology of the Qur'an against the intersecting of competing peripheral Christianities anti Jewish Christian polemics and the making of a new Arab state in the 7th century Near East To what extent may this help us to decipher moreover the intricate redactional process of the quranic corpus And can we unearth from any conclusions as to the tension between a messianic oriented and a prophetic guided religious thought buried in the document By analysing first the typology and plausible date of the Jesus texts contained in the Qur'an which implies moving far beyond both the habitual chronology of the Qur'an and the common thematic division of the passages in question and by examining in the second place the Qur'an's earliest Christology via vis its later and indeed much better known Muhamadan kerygma the present study answers these crucial questions and thereby sheds new light on the Qur'an's original sectarian milieu and pre canonical development

Muslims and Others Jacques Waardenburg, 2008-08-22 Jacques Waardenburg writes about relations between Muslims and adherents of other religions After illuminating various aspects of Islam from an outside point of view in his volume Islam published in 2002 by de Gruyter

his second volume changes the perspective The author shows how Muslims perceived non Muslims particularly Christianity and the West but also Judaism and Asian religions in many centuries of religious dialogue and tensions The main focus is on Muslim minorities in Western countries and on religious dialogues of which he provides first hand knowledge through his participation in several important dialogue meetings After 50 years of research and personal involvement Waardenburg aims at a mutual understanding and reconciliation of Islam and other religions particularly Christianity both on an international level as well as on a more local level where old and new Christian and Muslim Europeans live together

**The Crucifixion and the Qur'an** Todd Lawson,2014-10-01 The first book to examine the controversial Qur'anic phrase which divides Christianity and Islam According to the majority of modern Muslims and Christians the Qur'an denies the crucifixion of Jesus and with it one of the most sacred beliefs of Christianity However it is only mentioned in one verse They did not kill him and they did not crucify him rather it only appeared so to them and contrary to popular belief its translation has been the subject of fierce debate among Muslims for centuries This innovative work is the first book devoted to the issue delving deeply into largely ignored Arabic sources which suggest that the origins of the conventional translation may lie within the Christian Church Arranged along historical lines and covering various Muslim schools of thought from Sunni to Sufi The Crucifixion and the Qur'an unravels the crucial dispute that separates the World's two principal faiths

Islamic Interpretations of Christianity Lloyd Ridgeon,2013-09-13 Many books about Islam and Christianity are comparative however this book examines Christianity from an Islamic perspective Each chapter focuses upon theological philosophical and mystical issues which are as relevant today as they always have been in the Muslim Christian dialogue The book is divided into two sections the classical and modern periods thus the reader will benefit from a broad overview of the myriad Islamic interpretations of Christianity

*The Qur'an* Jane Dammen McAuliffe,2020 Millions of non Muslims know the name of the Muslim scripture whether it is written as Qur'an or Quran or Koran But for most that is all they know Many have fallen victim to the mass of misinformation that circulates about the Qur'an Others may have tried to read the Qur'an but the text itself is tough to decipher With no sense of context chronology or interpretive history many would be readers of the Qur'an quickly give up the effort As for those trying to find out what the Qur'an says about any particular subject or issue they too soon discover that this is not a simple or straightforward undertaking A clear concise introduction to the holy book that guides the lives of 1.6 billion people on our planet this brief volume opens the world of the Qur'an to interested readers who want to know where this scripture came from and how it has achieved a profound influence in today's world Writing in an easy to read question and answer format Jane McAuliffe one of the world's foremost scholars of the Qur'an introduces readers to this important text by discussing its origins structure themes interpretations and what it has to say about a host of critical contemporary issues Where did the Qur'an come from Do Muslims believe that the Qur'an is God's own word How do Muslims study the Qur'an What does the Qur'an say about God About family About ethics About violence By answering the questions that many

people have about the Qur'an and its role in Muslim faith this book offers an invaluable resource for anyone who is curious about one of the world's most important faiths

**The Theology of Louis Massignon** Christian S. Krokus, 2017 In *The Theology of Louis Massignon* author Christian Krokus argues that Louis Massignon's achievements in Christian-Muslim understanding, his activism on behalf of Muslim immigrants, refugees and Middle Eastern Christians as well as his developing understanding of Islam must be understood in the light of his Catholic convictions in relation to God, Christ and the Church. With ample references to primary works, many translated into English for the first time, Krokus offers a comprehensive account of the main points of Massignon's religious thought that will prove essential to theologians and historians working on questions of Christian-Muslim dialogue, comparative theology and religious pluralism

**Qur'an Commentary and the Biblical Turn** Samuel Ross, 2024-02-19 The Qur'an and the Bible have been called intertwined scriptures due to the Qur'an's frequent invocation of biblical narratives and figures. But what is the history of Muslims' exegetical engagement with the biblical text? Through a comprehensive survey of more than 170 Qur'an commentaries, Samuel Ross traces the longitudinal history of the Bible in tafsīr. Offering detailed case studies and rich in historical context, Ross's narrative culminates in the remarkable late nineteenth and early twentieth century biblical turn. Global in scope, this development has not only generated new Muslim views of the Bible but even new interpretations of the Qur'an itself. This monograph has been awarded the annual BRAIS De Gruyter Prize in the Study of Islam and the Muslim World

**Human Conscience and Muslim-Christian Relations** Oddbjørn Leirvik, 2007-01-24 Leirvik puts forward a discussion of how the notion of conscience may unite Muslim and Christians across religious divides as well as examining the relation between selfhood and otherness in interfaith dialogue
