Short listed for the Art and Christian Enquiry Mercers International Book Award 2009 a book which makes an outstanding contribution to the dialogue between religious faith and the visual arts What does modern Jewish art look like Where many scholars critics and curators have gone searching for the essence of Jewish art in Biblical illustrations and other traditional subjects Rosen sets out to discover Jewishness in unlikely places How he asks have modern Jewish painters explored their Jewish identity using an artistic past which is by and large non Jewish In this new book we encounter some of the great works of Western art history through Jewish eyes We see Matthias Grunewald s Isenheim Altarpiece re imagined by Marc Chagall 1887 1985 traces of Paolo Uccello and Piero della Francesca in Philip Guston 1913 1980 and images by Diego Velazquez and Paul Cezanne studiously reworked by R B Kitaj 1932 2007 This highly comparative study draws on theological philosophical and literary sources from Franz Rosenzweig to Franz Kafka and Philip Roth Rosen deepens our understanding not only of Chagall Guston and Kitaj but also of how art might serve as a key resource for rethinking such fundamental Jewish concepts as family tradition and homeland *R. B. Kitaj* ,1995-02-08 February 8 March 4 1995 **Pictorial Narrative in the Nazi Period** Deborah Schultz,Edward Timms,2013-10-31 This book investigates creative responses to the Nazi period in the work of three artists Felix Nussbaum Charlotte Salomon and Arnold Daghani focusing on their use of pictorial narrative It analyses their contrasting aesthetic strategies and their innovative forms of artistic production In contrast with the autonomous modernist art object their works were explicitly linked with the historical conditions under which they were produced the pressures of persecution and exile Conditions in the slave labour camps and ghettos in the Ukraine which shaped the paintings and drawings of Daghani are contrasted with the experiences of exile in Belgium and France which inspired Nussbaum and Salomon In defiance of conventional artistic practice they produced word image combinations that can be read as narrative sequences incorporating specific references to political events While there has been a wealth of literary philosophical and historical studies relating to the Holocaust aesthetic debate has developed less extensively This is the first comparative study of three artists who are only belatedly achieving recognition and the recent reception of their work is evaluated By identifying the aesthetic principles and narrative strategies underlying their work the book reassesses their achievement in creating new forms of modernism with an unmistakable political momentum This book was published as a special issue of Word Image **R.B. Absence / Presence Stephen C. Feinstein, 2005-08-11 Since the liberation of the Nazi concentration camps and recognition of the Holocaust as a watershed event of the twentieth century if not in Western Civilization itself the capacity of art to represent this event adequately has been questioned As it analyzes a cross section of Holocaust art within the context of art history Absence Presence addresses the discussion head on and explores the interchange between media and horror The book s contributors include case studies from a broad spectrum of artists in North America Europe and Israel to examine some of the more dominant themes in these artists work In addition to standard readings of Holocaust art the essays help illuminate the issues of eugenics the importance of art for Hitler and the Nazis the immense pilfering of art that occurred during World War II and the length and degree of the destruction of European Jewry which forced artists to reinvent their work through their own fate This selection of essays also provides alternative views to more typical readings on the Holocaust specifically to the story of the Shoah as a relevant art subject and to those who have a right to create art about the Holocaust These issues were the subject of an intense international debate based on an exhibition at New York s Jewish Museum titled *Mirroring Evil* The retrospective brought to art a series of contemporary perspectives that represented both the outer edges as well as mainstream postmodern thinking concerning representations of the Holocaust This book which covers the art from the late 1980s through 2002 includes the work of an array of scholars curators and artists from many countries It will be of great interest to art historians Jewish scholars and anyone interested in learning more about the art and artists of the Holocaust
