Race Class And Community In Southern Labor History:

Race, Class and Community in Southern Labor History Gary M. Fink, Merl E. Reed, *Labor in the Modern South* Glenn T. Eskew, 2001 Embracing but moving beyond the traditional concerns of labor history these nine original essays give a voice to workers underrepresented in the scholarship on labor in the twentieth century South Covering locales as diverse as Atlanta Richmond Tampa and Houston the essays encompass issues related to the specialized jobs of building ships and airplanes in the defense industries of World War II and to the unskilled work of oyster shuckers and cigar tobacco stemmers Heeding issues of race gender and class in labor history *Labor in the Modern South* includes an analysis of how young female workers spent their wages and an account of how purported underground unions of domestic workers fed white anxieties about the loosening hold of Jim Crow Additional materials include an interview with and an afterword by Gary Fink one of the foremost senior scholars in American labor history Filled with new insights into southerners concerns about workplace safety access to training job mobility and worker solidarity these essays offer a sophisticated and inclusive interpretation of twentieth century labor

The Human Tradition in American Labor History Eric Arnesen, 2004 Assembles biographical stories of famous leaders and unknown activists covering the 18th century up to 1970 Relates to enslaved artisans interracial unionism immigration Jewish radicalism and gender the New Black Politics reverse migration in World War II the United Farm Workers Union etc *A Companion to the American South* John B. Debating Southern History Bruce Clayton, John A. Salmond, 1999 Noted historians Bruce Clayton and John Salmond explore the mind of the new South from the pivotal 1920s to the tempestuous 60s *Left Out* Judith Stepan-Norris, Maurice Zeitlin, 2003 From the late 1930s through the mid 1950s the Congress of Industrial Organizations CIO brought together America s working men and women under a united class banner Of the 38 CIO unions 18 were left wing or Communist dominated Yet the political struggle between the CIO s Communist dominated and right leaning unions was immensely divisive and self destructive How did the Communists win hold and wield power in the CIO unions Did they subordinate the needs of workers to those of the Soviet regime The authors of this book first published in 2002 provide testable answers to these questions with historically specific quantitative analyses of data on the CIO s origins internal struggles and political relations They find that among the CIO unions the Communists were more egalitarian the most progressive on class race and gender issues and leading fighters in struggles to enlarge the freedom and enhance the human dignity of America s workers

City of Dust Gregg Andrews, 2002-09-20 Mark Twain s boyhood home of Hannibal Missouri often brings to mind

romanticized images of Twain's fictional characters Huck Finn or Tom Sawyer exploring caves and fishing from the banks of the Mississippi River In *City of Dust* Gregg Andrews tells another story of the Hannibal area the very real story of the exploitation and eventual destruction of Ilasco Missouri an industrial town created to serve the purposes of the Atlas Portland Cement Company In this new edition Andrews provides an introduction detailing the impact of this book since its initial publication in 1996 He writes of a new twist in the Ilasco saga one that concerns the Continental Cement Company's attempt not unlike Atlas's one hundred years earlier to manipulate the sale of a piece of land near its plant in the town He explores the uneasy relationship between preservationists and the plant's CEO and officials in St Louis the growing movement to preserve Ilasco's heritage including the building of a monument to commemorate the early residents of the town and the grassroots petition drive and letter writing campaign that stopped the Continental Cement Company's machinations *The Cultural Front* Michael Denning, 1996 Denning illuminates the radical movement of artists and intellectuals activists and workers which strove to create a genuinely democratic popular culture in America during the 1930s **Struggle for the Soul of the Postwar South** Ken Fones-Wolf, Elizabeth A. Fones-Wolf, 2015-03-15 In 1946 the Congress of Industrial Organizations CIO undertook Operation Dixie an initiative to recruit industrial workers in the American South Elizabeth and Ken Fones Wolf plumb rarely used archival sources and rich oral histories to explore the CIO's fraught encounter with the evangelical Protestantism and religious culture of southern whites The authors nuanced look at working class religion reveals how laborers across the surprisingly wide evangelical spectrum interpreted their lives through their faith Factors like conscience community need and lived experience led individual preachers to become union activists and mill villagers to defy the foreman and minister alike to listen to organizers As the authors show however all sides enlisted belief in the battle In the end the inability of northern organizers to overcome the suspicion with which many evangelicals viewed modernity played a key role in Operation Dixie's failure with repercussions for labor and liberalism that are still being felt today Identifying the role of the sacred in the struggle for southern economic justice and placing class as a central aspect in southern religion *Struggle for the Soul of the Postwar South* provides new understandings of how whites in the region wrestled with the options available to them during a crucial period of change and possibility *There Goes My Everything* Jason Sokol, 2008-12-10 During the civil rights movement epic battles for justice were fought in the streets at lunch counters and in the classrooms of the American South Just as many battles were waged however in the hearts and minds of ordinary white southerners whose world became unrecognizable to them Jason Sokol's vivid and unprecedented account of white southerners attitudes and actions related in their own words reveals in a new light the contradictory mixture of stubborn resistance and pragmatic acceptance as well as the startling and unexpected personal transformations with which they greeted the enforcement of legal equality **Divergent Paths** Marc Egnal, 1996-07-18 Why are some countries without an apparent abundance of natural resources such as Japan economic success stories while others languish in the doldrums of

slow growth In this comprehensive look at North American economic history Marc Egnal argues that culture and institutions play an integral role in determining economic outcome He focuses his examination on the eight colonies of the North five colonies of the South which together made up the original thirteen states and French Canada Using census data diaries travelers accounts and current scholarship Egnal systematically explores how institutions such as slavery in the South and the seigneurial system in French Canada and cultural arenas such as religion literacy entrepreneurial spirit and intellectual activity influenced development He seeks to answer why three societies with similar standards of living in 1750 became so dissimilar in development By the mid nineteenth century the northern states had surged ahead in growth and this gap continued to widen into the twentieth century Egnal argues that culture and institutions allowed this growth in the North not resources or government policies Both the South and French Canada stressed hierarchy and social order more than the drive for wealth Rarely have such parallels been drawn between these two societies Complete numerous helpful appendices figures tables and maps *Divergent Paths* is a rich source of unique perspectives on economic development with strong implications for emerging societies

Grant, Lincoln and the Freedmen John David Smith, Micheal J. Larson, 2023-08-18 In 1863 General Ulysses S Grant appointed one of his regimental chaplains John Eaton of Ohio as general superintendent of contrabands for the Department of the Tennessee As the American Civil War raged the former chaplain s approach to humanitarian aid and education for the newly freed people marked one of the first attempts to consider how an entire population of formerly enslaved people would be assimilated into and become citizens of the postwar Union General superintendent Eaton chronicled these pioneering efforts in his 1907 memoir *Grant Lincoln and the Freedmen* *Reminiscences of the Civil War* a work that for more than a century has been an invaluable primary source for historians of

the Civil War era In this long awaited scholarly edition editors John David Smith and Micheal J Larson provide a detailed introduction and chapter by chapter annotations to highlight the lasting significance of Eaton s narrative These robust supplements to the 1907 volume contextualize important events unpack the complexities of inter agency relationships during the war and postwar periods and present Eaton s view that the military should determine how best to assimilate the freed people into the reunited Union Grant Lincoln and the Freedmen presents a firsthand account of the challenges Grant Lincoln and Eaton himself faced in serving and organizing the integration of the newly freed people This heavily annotated reprint reminds us just how important Eaton s recollections remain to the historiography of the emancipation process and the Civil War era

Becoming Free in the Cotton South Susan Eva O'Donovan,2010-04-10 Becoming Free in the Cotton South challenges our most basic ideas about slavery and freedom in America Instead of seeing emancipation as the beginning or the ending of the story as most histories do Susan Eva O Donovan explores the perilous transition between these two conditions offering a unique vision of both the enormous changes and the profound continuities in black life before and after the Civil War This boldly argued work focuses on a small place the southwest corner of Georgia in order to explicate a big question how did black men and black women s experiences in slavery shape their lives in freedom The reality of slavery s demise is harsh in this land where cotton was king the promise of Reconstruction passed quickly even as radicalism crested and swept the rest of the South Ultimately the lives former slaves made for themselves were conditioned and often constrained by what they had endured in bondage O Donovan s significant scholarship does not diminish the heroic efforts of black Americans to make their world anew rather it offers troubling but necessary insight into the astounding challenges they faced Becoming Free in the Cotton South is a moving and intimate narrative drawing upon a multiplicity of sources and individual stories to provide new understanding of the forces that shaped both slavery and freedom and of the generation of African Americans who tackled the passage that lay between

economic history classic *One Kind of Freedom* reprints the entire text of the first edition together with an introduction by the authors and an extensive bibliography of works in Southern history published since the appearance of the first edition The book examines the economic institutions that replaced slavery and the conditions under which ex slaves were allowed to enter the economic life of the United States following the Civil War The authors contend that although the kind of freedom permitted to black Americans allowed substantial increases in their economic welfare it effectively curtailed further black advancement and retarded Southern economic development Quantitative data are used to describe the historical setting but also shape the authors economic analysis and test the appropriateness of their interpretations Ransom and Sutch s revised findings enrich the picture of the era and offer directions for future research *Building the Black City* Joe William Trotter Jr.,2024-10-29 A new way of seeing Black history the sweeping story of how American cities as we know them developed from the vision aspirations and actions of the Black poor *Building the Black City* shows how African Americans built and rebuilt thriving cities for themselves even as their unpaid and underpaid labor enriched the nation s economic political and cultural elites Covering an incredible range of cities from the North to the South the East to the West Joe William Trotter Jr traces the growth of Black cities and political power from the preindustrial era to the present Trotter defines the Black city as a complicated socioeconomic spiritual political and spatial process unfolding time and again as Black communities carved out urban space against the violent backdrop of recurring assaults on their civil and human rights including the right to the city As we illuminate the destructive depths of racial capitalism and how Black people have shaped American culture politics and democracy *Building the Black City* reminds us that the case for reparations must also include a profound appreciation for the creativity and productivity of African Americans on their own behalf Cities covered Charleston Savannah New Orleans Washington D C Baltimore Richmond Birmingham Durham Atlanta Houston Miami Tulsa early New York New Amsterdam Philadelphia Boston Chicago Detroit Milwaukee Cleveland Cincinnati Pittsburgh San Francisco Bay Area Los Angeles and Seattle *No Mercy Here* Sarah Haley,2016-02-17 In the late nineteenth and early twentieth centuries imprisoned black women faced wrenching forms of gendered racial terror and heinous structures of economic exploitation Subjugated as convict laborers and forced to serve additional time as domestic workers before they were allowed their freedom black women faced a pitiless system of violence terror and debasement Drawing upon black feminist criticism and a diverse array of archival materials Sarah Haley uncovers imprisoned women s brutalization in local county and state convict labor systems while also illuminating the prisoners acts of resistance and sabotage challenging ideologies of racial capitalism and patriarchy and offering alternative conceptions of social and political life A landmark history of black women s imprisonment in the South this book recovers stories of the captivity and punishment of black women to demonstrate how the system of incarceration was crucial to organizing the logics of gender and race and constructing Jim Crow modernity *Money over Mastery, Family over Freedom* Calvin Schermerhorn,2011-06-15 Elegantly argued convincingly shows the centrality of

enslaved men and women to the transformation of the coastal upper South's commercial life. The *Journal of Southern History* Once a sleepy plantation society, the region from the Chesapeake Bay to coastal North Carolina modernized and diversified its economy in the years before the Civil War. Central to this industrializing process was slave labor. *Money over Mastery: Family over Freedom* tells the story of how slaves seized opportunities in these conditions to protect their family members from the auction block. Calvin Schermerhorn argues that the African American family provided the key to economic growth in the antebellum Chesapeake. To maximize profits in the burgeoning regional industries, slaveholders needed to employ or hire out a healthy supply of strong slaves, which tended to scatter family members. From each generation, they also selected the young, fit, and fertile for sale or removal to the cotton South. Conscious of this pattern, the enslaved were sometimes able to negotiate mutually beneficial labor terms to save their families, despite that new economy. *Money over Mastery: Family over Freedom* proposes a new way of understanding the role of American slaves in the antebellum marketplace. Rather than work against it, as one might suppose, enslaved people engaged with the market somewhat as did free Americans. Slaves focused their energy and attention, however, not on making money as slaveholders increasingly did, but on keeping their kin out of the human coffles of the slave trade. Displays exhaustive research, a well-crafted argument, and is a valuable addition to antebellum slave historiography. *H-CivWar* *H-Net* Reviews
