Racism And Colonialism:

Racism and Colonialism R.J. Ross, 2012-12-06 1 REFLECTIONS ON A THEME by ROBERT ROSS This book the fourth in the series Comparative Studies in Overseas History and like its predecessors the product of a symposium held by the Leiden Centre for the History of European Expansion is organised around a single theme the relationship between the ideological structures of domination and oppression that have come to be called racism and the political and economic ones which grew out of Europe's conquering and ruling much of the rest of the world By racism we mean those systems of thought in which group characteristics of human beings of a non somatic nature are considered to be fixed by principles of descent and in which in general physical attributes other than those of sex are the main sign by which characteristics are attributed In addition almost by definition the systems of thought entailed in this require that there is a hierarchy of the various races and that those people in the lower ranks of that hierarchy are seriously disadvantaged at least if the proponents of racist thought are able to impose their will on the society in which they live The exclusion of the discrimination of women from the concept of racism should not be thought as entailing that racist and sexist ideas do not have much in common since both derive from essentially biological determinism and indeed 2 racist societies have historically almost invariably been strongly sexist

Racist Trademarks Malte Hinrichsen, 2012 Since the beginning of commodity culture products have been marketed with images reflecting racist concepts of otherness Using the prominent examples of three companies Uncle Ben's Sarotti and Banania this book examines how racist trademark figures were established in the U S Germany and France and built on nation specific processes of racial stereotyping While it finds that the three figures mirror their national histories of slavery Orientalism and colonialism the book reveals that their paths through popular culture also followed strikingly similar

patterns Conceived in an era of overt racism each symbol was challenged by social movements over the course of the 20th century and became increasingly marginalized in promotional activities In the early 2000s however all three figures were relaunched with supposedly new makeovers hitting once again at the heart of commodity culture and illustrating the subtle prevalence of racist stereotypes Series Racism Analysis Series A Studies Vol 3 *Colonial Advertising & Commodity Racism* Wulf D. Hund, Michael Pickering, 2013 Colonial Advertising Commodity Racism is the latest volume in LIT Verlag's series Racism Analysis Series B Yearbooks This series explores racial discrimination in all its varying historical ideological and cultural patterns It examines the invention of race and the dimensions of modern racism and it inquires into racism avant la lettre Racism Analysis brings together scholars from various disciplines and schools of thought with the key aim of contributing to the conceptualization of racism and to identify the practices of dehumanization that are intrinsic to it The contents of Colonial Advertising Commodity Racism include Advertising White Supremacy Capitalism Colonialism and Commodity Racism Come and Join the Freedom Lovers Race Appropriation and Resistance in Advertising Buffalo Bill's Wild West The Racialization of the Cosmopolitan Imagination Fun Without Vulgarity Commodity Racism and the Promotion of Blackface Fantasies From Oecumene to Trademark The Symbolism of the Moor in the Occident Bittersweet Temptations Race and the Advertising of Cocoa The German Alternative Nationalism and Racism in Afri Cola Series Racism Analysis Series B Yearbooks Vol 4 **The New Age of Empire** Kehinde Andrews, 2021-03-02 A damning exploration of the many ways in which the effects and logic of anti black colonialism continue to inform our modern world Colonialism and imperialism are often thought to be distant memories whether they're glorified in Britain's collective nostalgia or taught as a sin of the past in history classes This idea is bolstered by the emergence of India China Argentina and other non western nations as leading world powers Multiculturalism immigration and globalization have led traditionalists to fear that the west is in decline and that white people are rapidly being left behind progressives and reactionaries alike espouse the belief that we live in a post racial society But imperialism as Kehinde Andrews argues is alive and well It's just taken a new form one in which the U S and not Europe is at the center of Western dominion and imperial power looks more like racial capitalism than the expansion of colonial holdings The International Monetary Fund World Bank World Trade Organization and even the United Nations are only some of these modern mechanisms of Western imperialism Yet these imperialist logics and tactics are not limited to just the west or to white people as in the neocolonial relationship between China and Africa Diving deep into the concepts of racial capitalism and racial patriarchy Andrews adds nuance and context to these often over simplified narratives challenging the right and the left in equal measure Andrews takes the reader from genocide to slavery to colonialism deftly explaining the histories of these phenomena how their justifications are linked and how they continue to shape our world to this day The New Age of Empire is a damning indictment of white centered ideologies from Marxism to neoliberalism and a reminder that our histories are never really over **Racism and Colonialism** Robert Ross, 1982

Slavery, Colonialism, and Racism, 1974

The Left's Jewish Problem Dave Rich, 2018-09-20 New updated edition of an important and timely critique of Anti Jewish sentiment on the left There is a sickness at the heart of left wing British politics and in recent years it has silently spread becoming ever more malignant Today it seems hard to believe that until the 1980s the British left was broadly pro Israel And while Jeremy Corbyn's leadership may have thrown a harsher spotlight on the crisis it is by no means a recent phenomenon The widening gulf between British Jews and the anti Israel left now allying itself with Islamist extremists who demand Israel's destruction did not happen overnight or by chance political activists made it happen This book reveals who they were why they chose Palestine and how they sold their cause to the left Based on new academic research Dave Rich's nuanced and thoughtful guide brings fresh insight to an increasingly fraught debate As the question becomes more urgent than ever this new fully updated edition taking in events since 2016 provides an essential guide to the left's increasingly controversial Jewish problem

Decolonial Environmentalisms David J. Vázquez, 2025 In *Decolonial Environmentalisms* David Vázquez provides material strategies for understanding how Latinx environmental thinking over the past three decades interrogates environmental harm and the ways racial capitalism the idea that racism is a structuring logic of capitalism and colonialism are embedded in some forms of mainstream environmentalism Vázquez critiques the ways that dialogues on environmental degradation have frequently ignored or minimally engaged with Latinx thought and cultural works on these issues As he points out and we frequently see now with climate change environmental damage does not affect everyone equally He argues that most ecocriticism when it does engage with Latinx work tends to draw from the same few sources again and again and often misreads their intentions *Decolonial Environmentalisms* considers multiple genres and forms novels films visual art and short stories created by authors from multiple ethnic communities Chicanx Puerto Rican Dominican Cuban American Peruvian and Central American into this conversation This approach makes it possible to shape a more nuanced account of how Latinxs from multiple racial class gender sexual and other identity positions think about and represent environmental ideas By doing so he asks what do Latinx environmental representations do How do they convey their imaginaries And especially how do Latinx authors and artists imagine a more just and equitable material outcome for the characters and situations they depict
