Stamper, 2012-03-06 Awakening the New Masculine is a bridge from the first wave of the mythopoetic mens movement of the last twenty five years to what is only now beginning to emerge Gary Stamper points the way to the second wave of mens work with humor intelligence and the kind of compassion that holds men accountable daring insisting and giving them the tools they need to step up to a new way of being men You re going to awaken to the real possibility of becoming the man you ve always known you could be stepping into the truth of who you are in your fullness cultivating potentials that have called to you bringing your full presence and awareness to every moment for yourself your loved ones and the planet

Five Ring Circus Christopher A. Shaw, 2008-07-01 This is a cleverly written and timely book New Society Publishers have managed to put a well designed paperback on the market just in time to wage a war of words on the tail end of a province wide gag law Indeed the cloak of silence surrounding all things Olympic have taken us to new levels as even the digits 2010 preceded by the name of our fair city are considered fair game and grounds for libel A historical perspective on the original intent and players in the Games from the days of their creation answers trivia questions like who was the first athlete to win the gold while adding a nostalgic touch and the chapter on dissent and resistance of the Olympics in other cities brings the whole book into international focus Christina Ferrero Epoch Times The shiny rings of the Olympic Games have grown tarnished over the years as doping corruption and other scandals rise to the surface Those scandals are the tip of the iceberg according to author Christopher A Shaw the lead spokesperson for several anti Games groups Five Ring Circus details the history of how Vancouver won the bid for the 2010 Games who was involved and what the real motives were It describes the role of corporate media in promoting the Games the machinations of government and business and the opposition that emerged Disturbing questions come to light Why does the International Olympic Committee pay no taxes Who are the real estate developers behind the Vancouver bid Why are mega projects paid for with tax dollars What are the true costs of the Games The Olympic Games once considered the pinnacle of athleticism and fair play have become a cesspool of greed backroom deals and the wholesale trampling of civil liberties In Vancouver preparations for the 2010 Games have had a substantial negative impact on the environment and have resulted in the economic cleansing of the poor and homeless This book is a cautionary tale for future Olympic bid cities and will appeal to those concerned about the effects of globalization on many aspects of life Christopher A Shaw is a professor at the University of British Columbia He is a founding member and lead spokesperson for the No Games 2010 Coalition and 2010 Watch He lives in North Vancouver

Just a Mother of Four Kat O'Clysmic, 2018-10-26 Some people find themselves through God Others achieve this through long distance travel either walking the Camino del Santiago or visiting the great pyramids in Egypt Then there are people like me who get to know their real selves through astrology and prior to that genealogy Everyone

though had one thing in common they all went searching for their selves after trauma or heartache of some description When I first discovered my ancestors and read about their many trials and tribulations via the ancestry website I was dumbfounded Their hidden secrets or so they thought were now exposed for all to see thanks to the advances in technology these historical records were now online There were bigamous marriages prostitution many early deaths as well as some who went into the workhouse and one who had spent 18 years in the asylum As I transferred the information from the database of my ancestry into my modern astrological software I met many aspects of my own current character and in fact my own shadow Parts of which I was yet to master Many of the ancestors were gifted in ways we still don t understand even in this modern age namely they were psychic healers and visionaries As I discovered more about the ancestors through their birth and death charts I also discovered more about myself and who and what was operating within me and through me Science calls this DNA I call it Karma Along with their blood and genes I had inherited their unfulfilled desires their repressed parts their unresolved conflicts as well as memories Let s hope I can bring resolution to these matters that are still outstanding once and for all and by the time I come to pass I have achieved everything that I ever wanted to just so as my children and future generations can fulfil their own desires and not have to fulfil mine first I am not alone we are all spiritual seekers and how we find our own truth and peace matters not only that we find it
