Rise And Fall Of Communism In Sarawak 1940-1990:

The Rise and Fall of Communism in Sarawak, 1940-1990 Vernon L. Porritt, 2004 As Sarawak evolved from a British colonial outpost to statehood in the Federation of Malaysia social and political stability was threatened by communist insurgency This book explains how communism was nurtured among the youth of Sarawak's ethnic Chinese community from the early 1940s how it grew into a powerful guerrilla movement that survived for decades and how the movement was finally overcome through an amnesty in 1990

Borneo in the Cold War, 1950-1990 Keat Gin Ooi, 2019-08-02 Although by about 1950 both British Borneo including the protected sultanate of Brunei and Indonesian Borneo seemed settled under their different regimes and well on the way to post war reconstruction and economic development the upheavals which affected Southeast and East Asia during the Cold War period also deeply affected Borneo Besides the impact of the Korean and Vietnam Wars and the Malayan Emergency and communist uprisings in other Southeast Asian states there was within Borneo the attempted communist takeover of Sarawak from the 1950s a failed coup d'état in Brunei in 1962 Sukarno's Konfrontasi confrontation with Malaysia and the horrific purge of Leftists and ethnic Chinese in the late 1960s This book details these momentous events and assesses their impact on Borneo and its people It is a sequel to the author's earlier books *The Japanese Occupation of Borneo 1941-1945* 2011 and *Post War Borneo 1945-1950* Nationalism Empire and State Building 2013 collectively a trilogy

Brunei - History, Islam, Society and Contemporary Issues Ooi Keat Gin, 2015-12-14 Brunei although a relatively small state is disproportionately important on account of its rich resource base In addition in recent years the country has endeavoured to play a greater role in regional affairs especially through ASEAN holding the chair of the organisation in 2013 and also beyond the region fostering diplomatic political economic and educational ties with many nations This book presents much new research and new thinking on a wide range of issues concerning Brunei largely drawn from Bruneian academics Subjects covered include Brunei's rich history the sultanate formerly had much more extensive territories and was a key player in regional affairs the country's economy politics society and ethnicities and resource issues and international relations

Malaysia and the Cold War Era Ooi Keat

Gin, 2020-04-13 From the end of the Second World War in 1945 to the collapse of the Soviet Union in 1991 there was a great deal of turmoil tension and violence in what became Malaysia as a result of the 1963 Federation upheavals included the Malayan Emergency of 1948 1960 the independence of Malaya in 1957 Konfrontasi with Indonesia of 1963 1966 the Philippines claim to Sabah the Sarawak Communist Insurgency 1962 1990 and the Second Malayan Emergency of 1968 1989 This book breaks new ground in arguing for a longer trajectory of the Cold War tracing this phenomenon back to 1920s colonial Malaya and Sarawak Many new research findings showing how Malaysia coped with and overcame the many trials challenges and difficulties are presented here further enriching the historiography Southeast Asia and the Cold War

Albert Lau, 2012 The origins and the key defining moments of the Cold War in Southeast Asia have been widely debated This book focuses on an area that has received less attention the impact and legacy of the Cold War on the various countries in the region as well as on the region itself The book contributes to the historiography of the Cold War in Southeast Asia by examining not only how the conflict shaped the milieu in which national and regional change unfolded but also how the context influenced the course and tenor of the Cold War in the region It goes on to look at the usefulness or limitations of using the Cold War as an interpretative framework for understanding change in Southeast Asia Chapters discuss how the Cold War had a varied but notable impact on the countries in Southeast Asia not only on the mainland countries belonging to what the British Foreign Office called the upper arc but also on those situated on its maritime lower arc The book is an important contribution to the fields of Asian Studies and International Relations **British Propaganda and Wars of**

Empire Christopher Tuck, 2016-04-15 Influence is a slippery concept yet one of tremendous relevance for those wishing to understand global politics From debates on the changing sources of power in the international system through to analyses of its value as an alternative to the active use of force as a policy instrument influence has become a recurrent theme in discussions of international relations and foreign policy In order to provide a better understanding of the multifaceted and shifting nature of influence this volume looks at how the British government employed various forms of pressure and persuasion to achieve its goals across the twentieth century By focusing on Britain a global actor with great power objectives but declining physical means the collection provides a wide range of case studies to assess how influence was brought to bear on a wide array of non western cultures and societies It furthermore allows for an assessment of just how effective or ineffective British efforts were at influencing non Western targets over a hundred years of operations By shedding important light on the efficacy of British efforts to sustain and advance its interests in the twentieth century the volume will be of interest not only to historians but to anyone interested in contemporary problems surrounding the operation of influence as a foreign policy tool The Life of the Longhouse Peter Metcalf, 2010 The remarkable longhouses of Borneo remain

Rebellion to Riots Jamie Seth Davidson, 2008 From Rebellion to Riots challenges popular explanations of the origins and persistence of ethnic violence in Indonesia's West Kalimantan with new evidence and a multidimensional analysis

Strangers at Home Yew-Foong Hui, 2011-09-09 This is an ethno historical study of Chinese from West Kalimantan Indonesia that unlike other Chinese Diasporic studies takes its departure from the away position The study aims to interrogate how where and in what terms home is defined for the stranger Through examining historical events such as the Japanese Occupation the repatriation of overseas Chinese to China and ethnic and state violence in West Kalimantan this study highlights the plight of the Chinese as political orphans in search of a home that eludes them whether in Indonesia or China Through a rich array of different kinds of data including oral histories and memoirs of the Communist underground this book offers novel perspectives on the role of history in subject formation Limbang Rebellion Eileen

Chanin, 2020-01-31 In early December 1962 there was a surprise rebel uprising in northern Borneo The leader of the anti colonialist North Kalimantan National Army Sheikh Azahari mounted the insurrection that became known as the Brunei Revolt It aimed to thwart Britain and Malaya's plan to combine the British territories of Borneo into a new Federation of Malaysia The river town of Limbang an administrative centre in the British colony of Sarawak became the pivot of the rebellion that was to be the opening act of the military and diplomatic conflict known as Konfrontasi Combining eyewitness accounts with thorough research Limbang Rebellion reveals what it was like to be thrown into this intense and unexpected conflict in which hostages were taken and threatened with execution It describes the involvement of the Royal Marines under Captain Jeremy Moore MC and the daring rescue mission he led under challenging circumstances which included being vastly outnumbered by the rebel forces The result is a gripping account of seven dramatic days when a small town in northern Borneo suddenly seized the world's attention Southeast Asia's Cold War Ang Cheng Guan, 2018-02-28 The historiography of the Cold War has long been dominated by American motivations and concerns with Southeast Asian perspectives largely confined to the Indochina wars and Indonesia under Sukarno Southeast Asia's Cold War corrects this situation by examining the international politics of the region from within rather than without It provides an up to date coherent narrative of the Cold War as it played out in Southeast Asia against a backdrop of superpower rivalry When viewed through a Southeast Asian lens the Cold War can be traced back to the interwar years and antagonisms between indigenous communists and their opponents the colonial governments and their later successors Burma Malaysia Singapore Brunei and the Philippines join Vietnam and Indonesia as key regional players with their own agendas as evidenced by the formation of SEATO and the Bandung conference The threat of global Communism orchestrated from Moscow which had such a powerful hold in the West passed largely unnoticed in Southeast Asia where ideology took a back seat to regime preservation China and its evolving attitude toward the region proved far more compelling the emergence of the communist government there in 1949 helped further the development of communist networks in the Southeast Asian region Except in Vietnam the Soviet

Union's role was peripheral managing relationships with the United States and China was what preoccupied Southeast Asia's leaders. The impact of the Sino-Soviet split is visible in the decade-long Cambodian conflict and the Sino-Vietnamese War of 1979. This succinct volume not only demonstrates the complexity of the region but for the first time provides a narrative that places decolonization and nation building alongside the usual geopolitical conflicts. It focuses on local actors and marshals a wide range of literature in support of its argument. Most importantly, it tells us how and why the Cold War in Southeast Asia evolved the way it did and offers a deeper understanding of the Southeast Asia we know today. *The 1963 Operation*

Coldstore in Singapore Poh Soo Kai, Tan Kok Fang, Hong Lysa, Operation Coldstore remains the most contentious event in the history of postcolonial Singapore. Despite attempts by the state to silence ex-detainees by warning that they would not be permitted to rewrite the state's official version of history, the authors in this volume have done just that. They have placed on record their own perspective of events. The autobiographical element in the narratives brings to life what these individuals went through as left-wing political actors who responded to the call of anti-colonialism and the challenge of shaping a new society. Their accounts of life in prison are a sober reminder of the deprivations and tortures inflicted to break their spirit. These stirring accounts are supplemented by academic contributions that provide contextual depth to the historical events and a critique of history writing in Singapore. Deals, Datus and Dayaks

Michael Leigh, This book tells the story of Malaysia's formation and its early struggle for survival. A treasure trove of recently declassified records from the UK National Archives and the US Consulate in Kuching demonstrate how the British Singapore and Malayan governments seized upon the Brunei revolt and Indonesian attacks across the Sarawak border to justify their extensive use of coercive measures against the strongest opponents of the federation proposal and to reinforce strong messaging that forming Malaysia was the best available future for Sarawak, Sabah, and Singapore too. Despite all of those efforts, new archival evidence shows how the political situation in Sarawak almost caused Malaysia to be aborted at the last minute. The book then goes on to document how strong international and internal pressures throughout 1964 and 1965 meant that the very survival of Malaysia was in doubt. Global Political Ecology

Richard Peet, Paul Robbins, Michael Watts, 2010-12-17 The world is caught in the mesh of a series of environmental crises. So far, attempts at resolving the deep basis of these have been superficial and disorganized. Global Political Ecology links the political economy of global capitalism with the political ecology of a series of environmental disasters and failed attempts at environmental policies. This critical volume draws together contributions from twenty-five leading intellectuals in the field. It begins with an introductory chapter that introduces the readers to political ecology and summarizes the book's main findings. The following seven sections cover topics on the political ecology of war and the disaster state, fuelling capitalism, energy scarcity and abundance, global governance of health bodies and genomics, the contradictions of global food capital's marginal product, effluents, waste and garbage, water as a commodity, a human right and power, the functions and dysfunctions of the global green economy, political ecology of the global climate and carbon emissions. This

book contains accounts of the main currents of thought in each area that bring the topics completely up to date The individual chapters contain a theoretical introduction linking in with the main themes of political ecology as well as empirical information and case material Global Political Ecology serves as a valuable reference for students interested in political ecology environmental justice and geography *Religion and Nationalism in Global Perspective* J. Christopher Soper, Joel S. Fetzer, 2018-10-11 It is difficult to imagine forces in the modern world as potent as nationalism and religion Both provide people with a source of meaning each has motivated individuals to carry out extraordinary acts of heroism and cruelty and both serve as the foundation for communal and personal identity While the subject has received both scholarly and popular attention this distinctive book is the first comparative study to examine the origins and development of three distinct models religious nationalism secular nationalism and civil religious nationalism Using multiple methods the authors develop a new theoretical framework that can be applied across diverse countries and religious traditions to understand the emergence development and stability of different church state arrangements over time The work combines public opinion constitutional and content analysis of the United States Israel India Greece Uruguay and Malaysia weaving together historical and contemporary illustrations **The A to Z of Malaysia** Ooi Keat Gin, 2010-06-07 The A to Z of Malaysia encapsulates the development of Malaysia from prehistory to the early years of the 21st century It covers not only Malaysia's history but also its politics economy multiethnic society multiculturalism scientific and technological developments and the state of its environment A host of contemporary issues and challenges are featured including ethnic polarization economic equity and polygamy concepts like Ketuanan Melayu Malay Dominance Malaysian Malaysia Malay and Islam Hadhari Civilizational Islam and terms like Ali Baba business kiasi bejalai and Twenty Points Over 500 cross referenced dictionary entries are contained in this reference covering everything from ethno historical entries to those on culinary favorites and personalities A chronology an introductory essay appendixes and a bibliography complement the dictionary entries enhancing the authoritative and up to date information provided **MARCH THROUGH TIME** Frankie Billy Tadius, 2023-07-31 Introduction The Sarawak Police Band of Malaysia is a revered musical institution that has captivated audiences and made significant contributions to the country's cultural landscape Hendricks et al 2016 In this captivating introductory chapter we embark on a fascinating journey to explore the origins and formation of the Sarawak Police Band We uncover the factors that led to its inception and trace its early steps weaving a tale that intertwines music culture and the commitment to excellence Our exploration takes us on a chronological analysis of the band's evolution and development over the years We delve into the remarkable changes in its instrumentation performance methods and musical styles immersing ourselves in the band's transformative journey Additionally we explore the band's pedagogical initiatives and its partnerships with educational institutions We shed light on the training and development programs that have shaped its members into exceptional musicians elevating the ensemble to new heights Through this chapter our aim is to provide a comprehensive overview of the

At the Edges of States Michael Eilenberg, 2012-01-01

Set in West Kalimantan, Indonesian Borneo, this study explores the shifting relationships between border communities and the state along the political border with East Malaysia. The book rests on the premise that remote border regions offer an exciting study arena that can tell us important things about how marginal citizens relate to their nation-state. The basic assumption is that central state authority in the Indonesian borderlands has never been absolute but waxes and wanes, and state rules and laws are always up for local interpretation and negotiation. In its role as key symbol of state sovereignty, the borderland has become a place where central state authorities are often most eager to govern and exercise power. But as illustrated, the borderland is also a place where state authority is most likely to be challenged, questioned, and manipulated, as border communities often have multiple loyalties that transcend state borders and contradict imaginations of the state as guardians of national sovereignty and citizenship.

Borneo and Sulawesi Ooi Keat Gin, 2019-11-28

This book presents a great deal of new research findings on the history of Borneo, the history of Sulawesi, and the interrelationship between the two islands. Some specific chapters focus on empires and colonizers, including the activities of James Brooke in Sulawesi, of Chinese mining communities in Borneo, and of the quisling issue in immediate post-war Sarawak. Other chapters consider indigenous peoples and how different regimes have handled them. The book is published in honour of Victor T. King, a leading scholar in the field of Southeast Asian studies, and a final chapter discusses his contribution to scholarship, in particular his views on how area studies should be approached and the implications of this for future research.
