Excerpt from Round the Block An American Novel Now the west side of the block was in all respects exactly opposite to the east side The houses were built of bricks dingy with the whirling dust of twenty years Two of the three stories swarmed with women and children always visible at all Seasons and the lower story was devoted to some kind of cheap trade Wholesale business is gregarious in its ways but it is the habit of retail business to scatter so as to present in the same neighborhood no two people in exactly the same line thus it happened that on the west Side of the block there was only one drygoods dealer whose Shop front and awning posts were festooned with calicoes and other fabrics ticketed with ingeniously deformed figures and bearing some attractive adjective expressing the owner's private and conscientious opinion of their excellence There was one boot maker who strung up his products in long branches like onions and although his business was not at all flourishing solaced himself with the reflection that he had a monopoly of it on the block There was one apothecary between whose ashing red and yellow lights and those of his nearest rival there was a desirable distance A solitary confectioner a butcher a baker a newspaper vender a barber a confectioner a hardware merchant a hatter and a tailor each encroaching rather extensively on the Sidewalk with the emblems of his trade rejoiced in their exemption from a ruinous competition The only people on the block whose interests appeared to clash were the grocers who anked either corner and made a large and delusive Show of boxes barrels and tea chests and it was strongly suspected that they were identical in interests under different names and maintained a secret league to catch all the custom of the vicinity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such
