Multidisciplinary and cross cultural coverage EDITORIAL BOARD Clifton D Bryant Editor in Chief Patty M Bryant Managing Editor Charles K Edgley Associate Editor Michael R Leming Associate Editor Dennis L Peck Associate Editor Kent L Sandstrom Associate Editor Watson F Rogers II Assistant Editor *Storytelling in Yellowstone* Lee H. Whittlesey, 2007 Whittlesey shares tales of the great Geyserland as told by the earliest tour guides of America's first and most unique national park Believing History Richard L. Bushman, Richard Lyman Bushman, 2004 Eminent historian Richard Lyman Bushman presents an engaging history of the Mormon religion that is full of intricate subplots and peculiar twists He discusses the Book of Mormon's ambivalence toward republican government and its fascination with records translation and history explores the culture of the Lamanites the enemies of the favored people and recasts Joseph Smith as an original thinker who offered the possibility of belief in a time of growing skepticism Believing History is also a rare and honest confession in which Bushman reflects on his faith and ponders how scholars are to write about subjects in which they are personally invested In this book believers gain a whole new perspective on their religion nonbelievers learn that Mormonism cannot be summed up with a simple label and all are treated to a provocative and open look at a believing historian studying his own faith

Education in the School of Dreams Jennifer Lynn Peterson, 2013-05-22 Through innovative readings of travelogues and other nonfiction films exhibited in the United States between 1907 and 1915 Jennifer Lynn Peterson offers new insights into the aesthetic and commercial history of early cinema Souvenir Nation William L. Bird, Jr., 2013-10-22 Buried within the collection of the Smithsonian Institution's National Museum of American History exists an astonishing group of historical relics from the pre Revolutionary War era to the present day many of which have never been on display Donated to the museum by generations of souvenir collectors these ordinary objects of extraordinary circumstance all have amazing tales to tell about their roles in American history Souvenir Nation presents fifty of the museum's most eccentric items Objects include a chunk broken off Plymouth Rock a lock of Andrew Jackson's hair a dish towel used as the flag of truce to end the Civil War the microphones used by FDR for his Fireside Chats and the chairs that seated Nixon and Kennedy in their 1960 television debate Historical Archaeology of Gendered Lives Deborah Rotman, 2009-07-25 During the last half of the nineteenth century a number of social and economic factors converged that resulted in the rural village of Deerfield Massachusetts becoming almost entirely female This drastic shift in population presents a unique lens through which to study gender roles and social relations in the late nineteenth and early twentieth century The lessons gleaned from this case study will provide new insight to the study of gender relations throughout other historical periods as well Through an intensive examination of both historical and archaeological evidence the author presents a clear picture of the gendered social relations in Deerfield over the span of seventy years While gender relations in urban settings have been studied extensively this unique work provides the same level of examination to gender relations in a rural setting Likewise where previous studies have often focused only on relations between married men and women the unique case of Deerfield provides insight into the experiences

of single women particularly widows and spinsters This work presents a unique contribution that will be essential for anyone studying the historical archaeology of gender or gender roles in the Victorian era and beyond

America's Religious Crossroads Stephen T. Kissel, 2021-12-28 Between 1790 and 1850 waves of Anglo Americans African Americans and European immigrants flooded the Old Northwest modern day Ohio Indiana Michigan Illinois and Wisconsin They brought with them a mosaic of Christian religious belief Stephen T Kissel draws on a wealth of primary sources to examine the foundational role that organized religion played in shaping the social cultural and civic infrastructure of the region As he shows believers from both traditional denominations and religious utopian societies found fertile ground for religious unity and fervor Able to influence settlement from the earliest days organized religion integrated faith into local townscapes and civic identity while facilitating many of the Old Northwest's earliest advances in literacy charitable public outreach formal education and social reform Kissel also unearths fascinating stories of how faith influenced the bonds networks and relationships that allowed isolated western settlements to grow and evolve a distinct regional identity Perceptive and broad in scope America's Religious Crossroads illuminates the integral relationship between communal and spiritual growth in early Midwestern history

Manufacturing the Modern Patron in Victorian California John Ott, 2017-07-05 Through the example of Central Pacific Railroad executives Manufacturing the Modern Patron in Victorian California redirects attention from the usual art historical protagonists artistic producers and rewrites narratives of American art from the unfamiliar vantage of patrons and collectors Neither denouncing nor lionizing nor dismissing its subjects it demonstrates the benefits of taking art consumers seriously as active contributors to the cultural meanings of artwork It explores the critical role of art patronage in the articulation of a new and distinctly modern elite class identity for newly ascendant corporate executives and financiers These economic elites also sought to legitimate trends in industrial capitalism such as mechanization incorporation and proletarianization through their consumption of a diverse array of elite culture including regional landscapes panoramic and

stop motion photography history paintings of the California Gold Rush the architecture of Stanford University and the design of domestic galleries This book addresses not only readers in the art history and visual and material cultures of the United States but also scholars of patronage studies American Studies and the sociology of culture It tells a story still relevant to this new Gilded Age of the early 21st century in which wealthy collectors dramatically shape contemporary art markets and institutions

Adventure Journalism in the Gilded Age Katrina J. Quinn, Mary M. Cronin, Lee Jolliffe, 2021-07-12 These new essays tell the stories of daring reporters male and female sent out by their publishers not to capture the news but to make the news indeed to achieve star billing and to capitalize on the Gilded Age public's craze for real life adventures into the exotic and unknown They examine the adventure journalism genre through the work of iconic writers such as Mark Twain and Nellie Bly as well as lesser known journalistic masters such as Thomas Knox and Eliza Scidmore who took to the rivers and oceans mineshafts and mountains rails and trails of the late nineteenth century shaping Americans' perceptions of the world and of themselves

Spectacular Nature Susan G. Davis, 2023-09-01 This is the story of Sea World a theme park where the wonders of nature are performed marketed and sold With its trademark star Shamu the killer whale as well as performing dolphins pettable sting rays and reproductions of pristine natural worlds the park represents a careful coordination of shows dioramas rides and concessions built around the theme of ocean life Susan Davis analyzes the Sea World experience and the forces that produce it the theme park industry Southern California tourism the privatization of urban space and the increasing integration of advertising entertainment and education The result is an engaging exploration of the role played by images of nature and animals in contemporary commercial culture and a precise account of how Sea World and its parent corporation Anheuser Busch succeed Davis argues that Sea World builds its vision of nature around customers' worries and concerns about the environment family relations and education While Davis shows the many ways that Sea World monitors its audience and manipulates animals and landscapes to manufacture pleasure she also explains the contradictions facing the enterprise in its campaign for a positive public identity Shifting popular attitudes animal rights activists and environmental laws all pose practical and public relations challenges to the theme park Davis confronts the park's vast operations with impressive insight and originality revealing Sea World as both an industrial product and a phenomenon typical of contemporary American culture

Spectacular Nature opens an intriguing field of inquiry the role of commercial entertainment in shaping public understandings of the environment and environmental problems This is the story of Sea World a theme park where the wonders of nature are performed marketed and sold With its trademark star Shamu the killer whale as well as performing dolphins pettable sting rays and reproductions of pristine natural worlds t

New Jersey's Environments Neil M. Maher, 2006-01-19 Americans often think of New Jersey as an environmental nightmare As seen from its infamous turnpike which is how many travelers experience the Garden State it is difficult not to be troubled by the wealth of industrial plants belching smokestacks and hills upon hills of landfills Yet those living and working in New

Jersey often experience a very different environment Despite its dense population and urban growth two thirds of the state remains covered in farmland and forest and New Jersey has a larger percentage of land dedicated to state parks and forestland than the average for all states It is this ecological paradox that makes New Jersey important for understanding the relationship between Americans and their natural world In New Jersey s Environments historians policy makers and earth scientists use a case study approach to uncover the causes and consequences of decisions regarding land use resources and conservation Nine essays consider topics ranging from solid waste and wildlife management to the effects of sprawl on natural disaster preparedness The state is astonishingly diverse and faces more than the usual competing interests from environmentalists citizens and businesses This book documents the innovations and compromises created on behalf of and in response to growing environmental concerns in New Jersey all of which set examples on the local level for nationwide and worldwide efforts that share the goal of protecting the natural world

Uncommon Ground: Rethinking the Human Place in Nature William Cronon,1996-10 This collection of essays historicizes the divorce of the natural from the human and shows that nature is a human construction arguing that what we have constructed we can reconstruct

Building on a Borrowed Past Sally J. Southwick,2005 Annotation A highly original study that is of particular importance as communities across the United States and elsewhere explore heritage tourism as a way to boost local economies Sally J Southwick s book Building on a Borrowed Past Place and Identity in Pipestone Minnesota demonstrates how small town citizens and boosters contributed to the generic image of the Indian in American culture and describes the process of one culture absorbing the heritage of another for civic advantage BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Making Mountains David Stradling,2009-11-23 For over two hundred years the Catskill Mountains have been repeatedly and dramatically transformed by New York City In Making Mountains David Stradling shows the transformation of the Catskills landscape as a collaborative process one in which local and urban hands capital and ideas have come together to reshape the mountains and the communities therein This collaboration has had environmental economic and cultural consequences Early on the Catskills were an important source of natural resources Later when New York City needed to expand its water supply engineers helped direct the city toward the Catskills claiming that the mountains offered the purest and most cost effective waters By the 1960s New York had created the great reservoir and aqueduct system in the mountains that now supplies the city with 90 percent of its water The Catskills also served as a critical space in which the nation s ideas about nature evolved Stradling describes the great influence writers and artists had upon urban residents especially the painters of the Hudson River School whose ideal landscapes created expectations about how rural America should appear By the mid 1800s urban residents had turned the Catskills into an important vacation ground and by the late 1800s the Catskills had become one of the premiere resort regions in the nation In the mid twentieth century the older Catskill resort region was in steep decline but the Jewish Borscht Belt in the southern Catskills was thriving The

automobile revitalized mountain tourism and residence and increased the threat of suburbanization of the historic landscape Throughout each of these significant incarnations urban and rural residents worked in a rough collaboration though not without conflict to reshape the mountains and American ideas about rural landscapes and nature Sam Patch, the Famous Jumper Paul E. Johnson, 2004-06-16 The true history of a legendary American folk hero In the 1820s a fellow named Sam Patch grew up in Pawtucket Rhode Island working there when he wasn't drinking as a mill hand for one of America's new textile companies Sam made a name for himself one day by jumping seventy feet into the tumultuous waters below Pawtucket Falls When in 1827 he repeated the stunt in Paterson New Jersey another mill town an even larger audience gathered to cheer on the daredevil they would call the Jersey Jumper Inevitably he went to Niagara Falls where in 1829 he jumped not once but twice in front of thousands who had paid for a good view The distinguished social historian Paul E Johnson gives this deceptively simple story all its deserved richness revealing in its characters and social settings a virtual microcosm of Jacksonian America He also relates the real jumper to the mythic Sam Patch who turned up as a daring moral hero in the works of Hawthorne and Melville in London plays and pantomimes and in the spotlight with Davy Crockett a Sam Patch who became the namesake of Andrew Jackson's favorite horse In his shrewd and powerful analysis Johnson casts new light on aspects of American society that we may have overlooked or underestimated This is innovative American history at its best
