Sahara Story:

A History of the Western Sahara Conflict Michael Baers, 2022-10-10 The conflict in Western Sahara has endured for nearly half a century yet remains little known on the world stage Drawing on multiple sources this book presents an expansive history of both the conflict and the region encompassing the history of the early Moroccan empires the successive migrations of Arab nomads across the Sahara the age of European exploration and colonialism and the postcolonial period when the conflict erupted out of a complex set of forces that include longstanding regional tensions North Africa's colonial legacy the instability of post independence Morocco and diplomatic intrigues on the part of Western powers during the Cold War period While it does not address the history of the conflict following the UN mandated ceasefire of 1991 the book provides an overview for readers interested in both the conflict itself and the history of African nationalism in the post war period

The Sahara Eamonn Gearon, 2011-10-19 The Sahara is the quintessence of isolation epitomizing both remoteness and severity of environment unlike any other place on the face of the earth Replete with myths and fictions it is a wild land dotted with oases and camel trains trudging through sand dunes that roll like the waves on a sea as far as the distant horizon But this is just part of the picture The largest desert in the world the Sahara ranges from the river Nile running through Egypt and Sudan in the east to the Atlantic coast from Morocco to Mauritania in the west stretching from the Atlas Mountains and the shores of the Mediterranean in the north to the fluid Sahelian fringe that delineates the desert in the south Invaders and traders have come and gone for millennia but the Sahara is also the place that some people call home While larger than the United States this vast area contains only three million people Africans and Arabs Berber and Bedu Tuareg and Tebu Eamonn Gearon explores the history culture and terrain of a place whose name is familiar to all but known to few

Desert Imaginations traces the cultural and intellectual histories that have informed the prevalent ideas of deserts across the globe. The book argues that Saharanism, a globalizing imaginary that perceives desert spaces as empty, exploitable, and dangerous, has been at the center of all desert-focused enterprises. Encompassing spiritual practices, military thinking, sexual fantasies, experiential quests, extractive economies, and experimental schemes among other projects, Saharanism has shaped the way deserts not only are constructed intellectually but are acted upon. From nuclear testing to border walls and much more, Brahim El Guabli articulates some of Saharanism's consequential manifestations across different deserts. *Desert Imaginations* draws on the abundant historical literature and cultural output in multiple languages and across disciplines to delineate the parameters of Saharanism. Against Saharanism's powerful and reductive vision of deserts, the book rehabilitates a tradition of desert eco-care that has been at work in desert Indigenous people's literary, artistic, scholarly, and ritualistic practices.

Las Vegas, the Untold Stories John Romero, 2012-08-14 You're about to enter a city that has no equal. It was built by extraordinary people with imaginative minds. Did they drink? Not sure, but why else would they build it in a Nevada desert? Some say you can go anywhere in the world and discover that people not only know about Las Vegas, they'd give anything to get there. True. As soon as I graduated from college, I took an all-night bus to reach a city I'd heard of but never seen. I stayed 30 years. Damn good years, too. And the mystique of the entertainers and the film stars and the elaborate restaurants and 24-hour-a-day casinos never wore off. I spent 20 of my years at the Sahara on the Strip, got inside the gambling business in the 60s, and loved it. Helped it, too, with my writing and my inventions. The Mob was still around in those days. They were the first venture capitalists and owned a piece of every casino in town. Did that stop anyone from having a good time? Of course not. Gradually, the Mob faded away, which is what happens when an FBI office with 15 agents sets up shop in town. But the gaiety didn't stop for a second, even when corporations realized they were the big guys now. Our Sahara entertainment director stunned us in 1964 when he made a deal with The Beatles to play two shows. I met the boys after dark at a small Las Vegas airport, rode with them to the Sahara, and helped get them to their suite before teen-age girls tore their clothes off. So take a chance, have a seat, and enjoy that drink in front of you. It's time to start the show. John Romero **Decisions of the World Court Relevant to the UN Convention on the Law of the Sea** Barbara Kwiatkowska, 2010-04-27 This pioneering publication provides a Reference Guide to the significant contributions of decisions of the World Court as the principal judicial organ of the United Nations and the world's most senior Court with the broadest material jurisdiction to the development of the law of the sea as a part of the global system of peace and security. The Guide is dedicated to the Court's former President Stephen M. Schwebel in appreciation of his belief that it is important for the Court to further explore its pre-

eminently unique role throughout the Third Millennium Whereas the format of specific entries covered by this Reference Guide largely corresponds to the Parts and Annexes of the 1982 UN Law of the Sea Convention UNCLOS and the 1994 Part XI Agreement the heading of each entry also contains as appropriate references to the 1930 League of Nations Hague Draft the four 1958 UN Geneva Conventions and the 1995 UN Straddling Stocks Agreement as well as to the 1972 UN Stockholm the 1992 Rio UNCED and the 2002 Johannesburg instruments This will enable the reader to relate the Court s decisions to the respective UNCLOS provisions as originated from and as implemented by these global framework instruments at various stages of codification and progressive development of the law of the sea The entries cover principally Judgments and Orders including the related pleadings of the PCIJ and the ICJ and those decisions of Arbitral Tribunals and other third party fora as well as national courts which have been relied upon in the Court s jurisprudence In addition the recent decisions of the ITLOS and some other fora such as the Annex VII Southern Bluefin Tuna Singapore v Malaysia Barbados Trinidad and Tobago Guyana Suriname and the Mox Plant Arbitral Tribunals as well as references to treaties are also listed under specific entries as appropriate Tables of Cases and Treaties will importantly facilitate the use of this Reference Guide It has proven to be an indispensable tool for the Judges and governmental and other practitioners in furthering the coherent development of the law of the sea by international courts and tribunals on the one hand and for international community of academics in the adequate assessing of this development on the other hand

Class Interruptions Robin Brooks,2021-12-20 As downward mobility continues to be an international issue Robin Brooks offers a timely intervention between the humanities and social sciences by examining how Black women s cultural production engages debates about the growth in income and wealth gaps in global society during the late twentieth and early twenty first centuries Using an interdisciplinary approach this innovative book employs major contemporary texts by both African American and Caribbean writers Toni Morrison Gloria Naylor Dawn Turner Olive Senior Oonya Kempadoo Merle Hodge and Diana McCauley to demonstrate how neoliberalism within the broader framework of racial capitalism reframes structural inequalities as personal failures thus obscuring how to improve unjust conditions Through interviews with authors textual analyses of the fiction and a diagramming of cross class relationships Brooks offers compelling new insight on literary portrayals of class inequalities and division She expands the scope of how the Black women s literary tradition since the 1970s has been conceptualized by repositioning the importance of class and explores why the imagination matters as we think about novel ways to address long standing and simultaneously evolving issues
