Moon-o-theism, Volume I of II Yoel Natan,2006 This is volume one of a two volume study of a war and moon god religion that was based on the Mideast moon god religion of Sin *Islam and the Infidels* David Bukay,2017-07-12 This book discusses Islam its relationship with the world and how Muslims perceive the world and their role within it Using Islamic scriptures and the works of important Muslim clerics the author explores the Islamic notion that Muslims represent the best of humanity and as such have the duty and the right to propagate their faith throughout the world by any means including violence Islam and the Infidels warns of the dangers Muslim immigration poses to free societies Using a diplomacy

of deceit Islamists immigrate to Western societies Having done so they establish closed ethnic communities that are estranged from their host countries and are breeding grounds for native born malcontents who may attack and destroy Western nations from within The author is especially critical of Western apologists who not only pretend that Islam is not inherently aggressive and dangerous but also denigrate those who point out the threat to liberal values posed by fundamentalist Islamic ideology Bukay argues that to meet the Islamic threat the West must understand Islam s true nature and the best way of doing so is by analysing its scriptures and history Bukay argues that Western societies should embrace the Judeo Christian tradition which is the root of their cultural heritage In light of the mounting Muslim threat to liberalism in Western societies citizens should resist oppressive Islamic practices and doctrines rather than accept them *A Topical Guide to the Koran & Sharia Law* Robert Maddock,2020-03-17 This book is based on the 1734 translation of the Koran by George Sale This translation is in King James English making comparisons between it and the King James Bible easily This is a topical guide that will take a word or short phrase and find it in every verse of the Koran where it appears These verses are placed together so that the reader can readily determine the context and therefore the meaning of the word or phrase In some instances such as the word jihad which does not appear in the Sale translation it is traced in the University of Michigan s online translation of the Koran There it appears thirteen times but in only two does it mean an internal struggle In the other eleven it means warfare When analyzing words and phrases in the Koran it is important to know when they were received and written It is also important to know that the Koran includes material that seems to come from other sources This has been outlined in volume 2 of the 1 300 Years War As noted in volume 1 of the 1 300 Years War Muhammad PBUH has been thought by many for over 150 years to have suffered from temporal lobe epilepsy associated with visual and auditory hallucinations These seizures last less than three minutes It is therefore important to know which suras might have come from a single episode A table shows this in volume 1 table 8 Many scholars divide the Koran into four major periods early Mecca AD 610 615 mid Mecca AD 616 late Mecca AD 617 621 and Medina AD 622 632 The analysis of the verses in these periods found that militancy against non Muslims progresses 7 7 percent of the verses from early Mecca are militant This rises to 10 6 percent in the mid Mecca period and 18 3 percent in the late Mecca period It tops out at 29 3 percent in the Medina period The colored version of the topical guide shows these periods in black blue green and red In the black and white edition it shows these four periods of the Koran in plain italics boldface italics regular plain type and boldface regular type The reason this division is important is the doctrine of abrogation 2 106 given early in the Medina period This states that verses given later may nullify verses given earlier Thus many peaceful verses given in the early parts of the Koran may be nullified by the verse of the sword 9 5 given later toward the end of the prophet s life Slay the idolaters wherever you find them So far as I have been able to determine there has been no stylistic analysis of the Koran A person studying the Koran or the history of Islam will find this work most valuable *History of the Arabic Written Tradition Supplement Volume 3 - ii*

The Weekly Khutbah Volume 3: 2015-2016 Saiyan Islam,2017-12-30 Every week Friday comes and for us Muslims Friday is very crucial in the sense we have our Jummah prayers Along with the Jummah prayers we have our weekly sermons What happens is that most of us tend to forget the sermons delivered by the Imams So I thought of this system of writing down all the sermons so that the knowledge we gain gets preserved Furthermore the sisters who are mostly unable to attend the Jummah prayer in many countries do not get the chance to learn from the weekly sermons The males can easily record their learning and teach the women at their home All the sermons are from the Imams from the Masjids I attend weekly and the Hadiths mentioned are from their own sermons Sometimes the Imams may tend to refer to weak Hadiths I have tried my best to classify them as much as possible May Allah have mercy upon us all and may we get guided to the Straight Path Ameen

Understanding Islam B.B. Kumar,2018-01-01 The book based on the study of the traditional sources deals with the origin and growth of Islam in its early days

Sword of the Lord, The Rise and Fall of Nations Volume III. The End Times Akram Mohammed Shah Sufi,2025-04-01 In this thought provoking final volume *The End Times* unravels the trials and tribulations of the modern world through the lens of Islamic eschatology Drawing from the Quran Ahadith and historical patterns this book explores the rise and fall of nations the consequences of straying from divine guidance and the prophetic signs leading to the ultimate confrontation Armageddon With a focus on the suffering and turmoil of the 20th and 21st centuries the author illuminates the prophetic warnings that have already become historical realities reinforcing the certainty of what is yet to come This volume serves as a wake up call urging readers to reconnect with faith purify their souls and prepare for what lies ahead More than a scholarly discourse *The End Times* is an invitation to seek truth reflect on history and navigate the path toward salvation Whether you are a student of eschatology a seeker of spiritual wisdom or simply curious about the future foretold in Islamic tradition this book offers deep insights and a compelling call to action Board the ship of Noah before it is too late

The Essence of Islam - Volume II Hazrat Mirza Ghulam Ahmad,2004 This is the second volume of the series bearing the title *The Essence of Islam* the first volume of which was published in 1979 Like the first volume it sets out in the words of the Promised Messiah Hazrat Mirza Ghulam Ahmad of Qadian himself a summary of his exposition of eighteen further topics

which are listed in the table of contents The first volume has had a very encouraging reception and it is hoped that the second volume of the series will be accorded the same degree of reception It will be appreciated that the topics included in this volume deal with a variety of subjects on which the teachings of Islam are not widely known This volume should help seekers after truth to arrive at a true understanding of these teachings at a time when a great deal of interest has been stimulated in various aspects of Islam in consequence of the disparity between the true teachings of Islam and the practice of certain sections of orthodox Muslim communities in that context **The 1,300 Years' War** Robert Maddock,2016-09-22

The book is in two volumes and describes the evolution of Judeo Christianity and Islam and the 1 300 years of warfare between them Islam and Christianity follow gods with different characteristics and differing doctrine free will versus determinism They were engaged in bloody conflict from AD 632 until 1856 Crimean War when the Ottoman Empire became the sick man of Europe It reignited with Egyptian encouragement backed by Soviet money the arming of fedayeen terrorists in 1956 and the Six Day War following Egypt's seizure of the Suez Canal and it has become progressively more serious ever since *Moon-o-theism, Volume II of II* Yoel Natan,2006 This is volume two of a two volume study of a war and moon god religion that was based on the Mideast moon god religion of Sin
