The Vietnam Guidebook Barbara Cohen,1990 *The cultural & heritage guide for Vietnam* ,2025-09-24 **Southern Vietnamese Modernist Architecture** Mel Schenck,2020-04-21 Southern Vietnamese Modernist Architecture features beautiful architectural photography that illustrates the outstanding accomplishment of the people of southern Vietnam in developing a mid century modernist architecture that is extraordinary in the world Especially for Americans Vietnam has

been a war instead of a country The world didn't notice that the Vietnamese were simultaneously constructing modern apartment buildings houses large public buildings and public housing as they developed a new nation And the world didn't anticipate that this architecture would be so overtly modernist rather than an adaption of traditional Vietnamese designs to the continuation of colonial architecture In the mid twentieth century southern Vietnamese architects developed a version of modernist architecture that accommodated the tropical climate and reflected the identity of a newly independent culture It demonstrates the innate sense of design of Vietnamese and it represented the outlook of the people of southern Vietnam as they looked towards the future even in the face of war The vast quantity and quality of Vietnamese modernist buildings constructed throughout southern Vietnam made Vietnam an unrecognized center of modernism in the world Most importantly the southern Vietnamese as a culture embraced modernism and it became the vernacular architecture of the culture for dwellings This architecture features an interplay between masses and voids that provides a much more vibrant version of modernist architecture This style fills the gaps between the functionalism of the International Style and the quest for identity and spirit that has been lacking in modernism worldwide American architect Mel Schenck is a long term immigrant to Vietnam and has been studying this architecture since he was surprised by the extent and quality of modernist architecture in Saigon when he first lived there in 1971-72 He and photographer Alexandre Garel accumulated a database of 400 buildings and 4 000 photographs in southern Vietnam to serve a comprehensive analysis of the history and characteristics of this distinctive architecture Architectural historians aficionados of modernist architecture and anyone interested in Vietnamese culture will find that this book is a positive story about Vietnamese aspirations for independence and the value of modernist architecture in living in the world today *Happy in Hanoi: The Local Guide to Hanoi, Vietnam* Elly Thuy Nguyen, 2023-11-13 Hanoi a maze of alleys lakes pagodas jazz clubs cafes and Soviet statues Even for us Vietnamese people Hanoi is infamously inscrutable It's Vietnam's enigma wrapped in a mystery with egg cream on top You can take the easy well trodden path the tourist market the tourist pho restaurant the tourist beer street and a dude in a glass case Or you can go local eat the pho that Vietnamese foodies eat drink the coffee Vietnamese hipsters drink and hang out on the other beer street the one that's not in any guidebooks the one for locals I'll even show you a super creepy abandoned amusement park Instead of canned propaganda you'll understand the real stories behind the places and people you're seeing You'll meet the locals Yes they'd love to chat with you they want to practice their English and no they don't hate Americans Nobody cares about the war anymore We'll wander down sketchy alleys and experience amazing places you'd never find in mass market foreigner produced ChatGPT written guidebooks I'll also teach you practical skills to break away from the guided tours and well worn tourist attractions the lowdown on Vietnam visas the rules were completely changed in 2023 how to get around how to buy things what to say and what and whom to avoid My guidebooks took you to Saigon and Da Nang You had a great time Now let's meet the final boss Hanoi You'll love it I promise **Hochiminh City 1990 Guide Book for**

A monumental work of research and analysis this is a history of the Vietnam War in a single province of the Mekong Delta over the period 1930 1975 More precisely it is a study of the Vietnamese dimension of the Vietnam War focusing on the revolutionary movement that became popularly known as the Viet Cong There are several distinctive features to this study 1 it provides an explanation for the paradox of why the revolutionary movement was so successful during the war but unable to meet the challenges of postwar developments 2 it challenges the dominant theme of contemporary political analysis which assumes that people are rational actors responding to events with careful calculations of self interest 3 it closely examines province level documentation that casts light on a number of important historical controversies about the war No other history of the Vietnam War has drawn on such a depth of documentation especially firsthand accounts that allow the Vietnamese participants to speak directly to us
