**The Spiritual Practices of Rumi** Will Johnson, 2007-08-13 The secret Rumi found in beholding the Divine in his sacred relationship with Shams i Tabriz Shows how in 1244 Sufi poet and mystic Jalaluddin Rumi was first brought to a state of ecstatic union with the cosmos and all its creatures Reveals the radical spiritual practice Rumi formulated in his private retreat with the mendicant seeker Shams i Tabriz Uses the poetry and prose of Rumi to explain how to come face to face with the Divine One of the most extraordinary events in the history of Sufism occurred in 1244 when the Sufi poet and mystic Jalaluddin Rumi met a wandering seeker named Shams i Tabriz Upon meeting the two men immediately went into private retreat together emerging ninety days later in a transformed condition In *The Spiritual Practices of Rumi* Will Johnson reveals the radical spiritual practice that transpired between Rumi and Shams To put it simply they sat and gazed into each other's eyes Because the eyes are portals to the soul their sustained gazing formed the basis of a devotional practice that opened the doors to a profoundly ecstatic state of divine union Johnson draws on the poetry and prose of Rumi to unfold his story He also explains how one may embark on the practice of intentional

gazing to experience the state of ecstatic divine union shared by Rumi and Shams so many centuries ago      **The Prophet's Way** Thom Hartmann, 2004-06-17 Thom Hartmann's own dramatic spiritual journey that illuminates specific techniques for achieving spiritual transformation Recounts travels to the farthest corners of the earth in pursuit of universal spiritual truths Reveals the teachings of Hartmann's spiritual guides providing an intimate glimpse into his relationship with German mystic Herr M ller Offers practices and techniques for readers seeking to grow spiritually In the course of his work for the charitable organization Salem Thom Hartmann personally witnessed famine in Uganda chaos in Russia and genocide in Colombia all signs that modern cultures have lost the connection to the sacred both within and without that was emblematic of older cultures To truly flourish the human spirit needs to be present in its surroundings and attuned to the Now It needs to act on what it knows is possible and to experience how the smallest actions can have massive consequences This is the reality of the Prophet's Way a path both literal and figurative that the author walked with his spiritual mentor Herr M ller that skirts the edge of the precipice where one can experience a truly spontaneous life under seemingly overwhelming and impossible circumstances In *The Prophet's Way* Thom Hartmann shares his intense spiritual journey a story that melds recent discoveries in science with ancient truths Through insightful and engaging vignettes Hartmann teaches that accepting the challenge to have faith means living on the edge remaining in the moment because it is here where the material and spiritual worlds meet He offers readers a unique view into his experiences of expanded consciousness providing a powerful example of how we can re-create our future by reconnecting to the sacred heartbeat of the world      **Tales of a Modern Sufi** Nevit O. Ergin, 2009-02-12 A collection of modern Sufi tales by renowned Rumi translator and Sufi initiate Nevit Ergin Contains 24 deceptively simple stories that invoke questioning and awareness By the renowned English translator of Rumi's complete *Divan i Kebir* Sufi stories have traditionally been a means of opening a portal that allows us to advance from our basic perceptions into states of extraordinary awareness This collection of deceptively simple stories by renowned Rumi translator and Sufi Nevit Ergin has the ability to remove readers' complacent sense of self and identity and to expand their ordinary awareness of reality from every possible direction In his stories the primrose path we travel suddenly turns into a trickster's hall of mirrors where we learn that we are not children of Adam and Eve so much as children of our perceptions The protagonists and antagonists of these stories are constantly morphing and exchanging places They exist in a world where individuals are stalked by a cricket that is an invisible monster with the face of a demon confront the ambiguous burden of ridding oneself of one's own corpse and discover the invisible fence of reality existing in the layers of a discarded piece of art The symbols in these stories are booby traps designed to release the mind from the sense of its own importance and awaken the realization that if you refuse to be born you cannot die Blind faith the author says has proved itself incapable of producing wisdom tolerance or world peace This is because the answers to humanity's problems lie beyond our ordinary perception and require love and ecstasy to be made visible Our thirst for wisdom and understanding must go to the fountain

of universal truth These stories provide water from that fountain      *The Dictionary of Modern Herbalism* ,1988 This clear and comprehensive reference on the full range of healing herbs is an indispensable guide to the herbal remedies most used in the Anglo American and European traditions Each remedy is defined in terms of its main pharmacological actions and its therapeutic application to modern health problems      *Breathing through the Whole Body* Will Johnson,2012-01-25 Explores the Buddha s own words on breathing meditation for healing wholeness and a deeper understanding of his teachings Explains the complete series of steps in the Buddha s Satipatthana Sutta for refining awareness of the breath from posture and center of gravity to extending breath awareness beyond the nostrils lungs and abdomen to the entire body Shows that stillness in meditation refers only to the mind not to the body Reveals breath to be a direct agent of healing for chronic tensions and an agitated mind Explaining how stillness in meditation refers not to a rigid and frozen body but to a quality of mind Will Johnson examines the Buddha s own words at the core of the Satipatthana Sutta As you breathe in breathe in through the whole body as you breathe out breathe out through the whole body an instruction often overlooked in the majority of Buddhist schools Exploring the Buddha s complete series of steps for deepening awareness of the breath he shows how to invite natural responsive movement back into the posture of meditation by extending breath awareness beyond the nostrils lungs and abdomen to the entire body a practice that unifies the breath body and mind into a single shared phenomenon Showing how the flow of breath is directly affected by chronic tensions in the body and in the mind Johnson explains that when breath starts flowing through more and more of the body it becomes a direct agent of healing massaging and melting any areas of tension it touches and moves through whether physical or emotional By breathing through the whole body in accordance with the Buddha s instructions on breath the body becomes much more comfortable the mind starts resolving its addiction to thinking and meditative practice deepens much more rapidly allowing the teachings of the Buddha to be directly glimpsed and revealed      **The Rubais of Rumi** ,2007-07-17 The first English translation of the rubais of Rumi Presents 233 of the most evocative of Rumi s 1 700 rubais Shows that the mystical embrace is the way to directly experience the Divine Rumi is well known for the over 44 000 verses that appear in a 23 volume collection called the Divan i Kebir Yet Rumi also composed 1 700 rubais short aphorisms and observations whose depth and message belie their brevity The form of rubais first became well known through the 11th century collection The Rubaiyat of Omar Khayyam But unlike Khayyam who like most poets would sit and carefully craft each word Rumi would compose and speak his poems through the spontaneous language of poetry that poured from his lips as he traveled the streets of Konya Anatolia present day Turkey Very few of Rumi s rubais have been translated into any of the languages of the contemporary Western world Now Nevit O Ergin the translator of the complete Divan i Kebir and Will Johnson present here 233 of the most evocative of Rumi s 1 700 rubais Rumi s poetry expresses profound and complex truths in beautiful yet simple language He reveals that by going deep into the interior of our heart and soul we can arrive at a place in which we once again merge and connect with the divine

This mystical quest Rumi contends is the birthright of us all. Anything less than a complete dissolving into the world of divine union will not provide the satisfaction and peace that we all seek. The simple yet profound spiritual truths and visions contained in The Rubais of Rumi lead the way to the path of reconnection to the direct energies of God. Yoga of the Mahamudra Will Johnson, 2005-06-23 Presents three simple yogic principles from Tilopa's Song of Mahamudra. Explains how balance is the key to achieving higher consciousness. Includes somatic koans. Mahamudra, literally the great gesture, is often looked upon as the highest manifestation of consciousness known within the Tibetan Vajrayana tradition. In Yoga of the Mahamudra, Will Johnson explains how it is possible to bring forth the condition of mahamudra naturally by utilizing the mystical yoga of balance to create what he calls the embodied cross. He presents three simple yogic principles from Tilopa's Song of Mahamudra. The first principle, do nothing with the body but relax, forms the vertical axis of the embodied cross. It is an internal process that focuses on the upright structure of the body, which opens up our relationship to the divine source. The second principle, let the mind cling to nothing, allows the horizontal flow of energy to our mind. This horizontal axis represents our relationship to the world, what we see and hear and what our mind does with the objects we perceive. The establishment of these vertical and horizontal flows of energy allows us to embody the third principle, to become like a hollow bamboo. In this way, the body and mind become extraordinarily fluid, surrendering to the currents of the life forces that constantly flow through them like air through a flute. The author concludes with a number of somatic koans, exercises that allow the direct experience of balance and lead to the creation of the embodied cross. **Flight of the Bön Monks** Harvey Rice, Jackie Cole, 2024-02-27 An inside account of the Chinese invasion of Tibet told through the voices of three persecuted monks. 2024 International Book Award Nonfiction Creative Category. Shares the true story of three monks' heroic escape from occupied Tibet and the subsequent rebirth of the Bön religion in exile. Introduces Bön, Tibet's oldest religion and a traditional way of life extinguished by foreign occupation. Reveals details of the 1950 Chinese invasion of Tibet and the exodus of thousands of Tibetans to neighboring countries. Providing an inside view into the Chinese occupation of Tibet and the tenets of Bön, one of the world's oldest but least known religions, this book chronicles the true story of three Bön monks who heroically escaped occupied Tibet and went on to rebuild their culture through incredible resilience, determination, and passion. After taking his vows to become a Bön monk and completing a pilgrimage around 22,000-foot Mount Kailash, the holiest mountain in Tibet, Tenzin Namdak envisions a life of quiet contemplation at Menri Bön's mother monastery. Instead, he finds himself fleeing for his life across the highest and most difficult terrain on the planet. After Tenzin's escape party is ambushed and he is severely wounded, Tenzin is taken to a concentration camp where he overcomes his nearly fatal wound before making an arduous escape from Tibet over the daunting Himalayas. The other two monks, lifelong friends Samten Karmay and Sangye Tenzin, witness Tibet's capital explode in a violent insurrection against Chinese rule. Escaping to Nepal, they worry about the survival of the Bön religion and begin collecting scattered works of Bön scripture. A chance meeting with

British scholar David Snellgrove brings the three monks together and dramatically changes their lives Tenzin founds a Bon settlement in exile in India Sangye is chosen as the thirty third Menri Trizen Bon's highest office and together the three monks help rebuild the nearly extinct Bon religion Aside from the escape of the Dalai Lama no other escape from Tibet has been so consequential for so many

**The Forbidden Rumi** ,2006-02-14 The first collection of poems translated into English from the forbidden volume of the Divan of Rumi Presents Rumi's most heretical and free form poems Includes introductions and commentary that provide both 13th century context and modern interpretation After his overwhelming and life altering encounters with Shams of Tabriz Rumi the great thirteenth century mystic poet and originator of the whirling dervishes let go of many of the precepts of formal religion insisting that only a complete personal dissolving into the larger energies of God could provide the satisfaction that the heart so desperately seeks He began to speak spontaneously in the language of poetry and his followers compiled his 44 000 verses into 23 volumes collectively called the Divan When Nevit Ergin decided to translate the Divan of Rumi into English he enlisted the help of the Turkish government which was happy to participate The first 22 volumes were published without difficulty but the government withdrew its support and refused to participate in the publication of the final volume due to its openly heretical nature Now in The Forbidden Rumi Will Johnson and Nevit Ergin present for the first time in English Rumi's poems from this forbidden volume The collection is grouped into three sections songs to Shams and God songs of heresy and songs of advice and admonition In them Rumi explains that in order to transform our consciousness we must let go of ingrained habits and embrace new ones In short we must become heretics
