

"French literature is known abroad chiefly in its humanistic and rationalistic aspects. But it should not be forgotten that it has been marked from the very beginning with works that are secret and black—in the sense of black magic—and these are perhaps its most beautiful creations. From the poems of Villon to the works of de Sade, Rimbaud and Lautréamont, they bear witness to our guilty conscience. It may well be that Genet, the latest of these magicians, is also the greatest."—*Jean-Paul Sartre*

"An unquestionable masterpiece"—*Times Literary Supplement*. "Jean Genet is a great poet. Moreover he is a moralist in the fullest sense of the term (a moralist is not to be confused with a person who moralizes). Genet's morality is severe and inflexible, and he never departs from it."—*Jean Cocteau*. "Genet has created a world that is out of this world. He is a magician, an enchanter of the first order."—*Richard Wright*. "In contemporary French letters, Genet is the lone flower of evil."—*Janet Flanner, The New Yorker*.

Saint Genet Actor And Martyr Jean Genet Transl From The French By Bernard Frechtman:

Saint Genet, Actor and Martyr Jean-Paul Sartre, 1963 The Rites of Passage of Jean Genet Gene A. Plunka, 1992 In this book Gene A Plunka argues that the most important single element that solidifies all of Genet's work is the concept of metamorphosis Genet's plays and prose demonstrate the transition from game playing to the establishment of one's identity through a state of risk taking that develops from solitude However risk taking per se is not as important as the rite of passage Anthropologist Victor Turner's work in ethnography is used as a focal point for the examination of rites of passage in Genet's dramas Rejecting society Genet has allied himself with peripheral groups marginal men and outcasts scapegoats who lack power in society Much of their effort is spent in revolt or direct opposition in mainstream society that sees them as objects to be abused As an outcast or marginal man Genet solved his problem of identity through artistic creation and metamorphosis Likewise Genet's protagonists are outcasts searching for positive value in a society over which they have no control they always appear to be the victims or scapegoats As outcasts Genet's protagonists establish their identities by first willing their actions and being proud to do so Unfortunately man's sense of Being is constantly undermined by society and the way individuals react to roles norms and values Roles are the products of carefully defined and codified years of positively sanctioned institutional behavior According to Genet role playing limits individual freedom stifles creativity and impedes differentiation Genet equates role playing with stagnant bourgeois society that imitates rather than invents the latter is a word Genet often uses to urge his protagonists into a state of productive metamorphosis Imitation versus invention is the underlying dialectic between bourgeois society and outcasts that is omnipresent in virtually all of Genet's works Faced with rejection poverty oppression and degradation Genet's outcasts often escape their horrible predicaments by living in a world of illusion that consists of ceremony game playing narcissism sexual and secret rites or political charades Like children Genet's ostracized individuals play games to imitate a world that they can not enter Essentially the play acting becomes catharsis for an oppressed group that is otherwise confined to the lower stratum of society Role players and outcasts who try to find an identity through cathartic game playing never realize their potential in Genet's world Instead Genet is interested in outcasts who immerse themselves in solitude and create their own sense of dignity free from external control Most important these isolated individuals may initially play games yet they ultimately experience metamorphosis from a world of rites charades and rituals to a type of sainthood where dignity and nobility reign The apotheosis is achieved through a distinct act of conscious revolt designed to condemn the risk taker to a degraded life of solitude totally distinct from society's norms and values Book Jacket *Saint Genet: Actor and Martyr ... Translated ... by Bernard Frechtman* Jean-Paul Sartre, Bernard FRECHTMAN, Jean Genet, 1964 *Radical French Thought and the Return of the "Jewish Question"* Eric Marty, 2015-05-22 Five seminal essays on contemporary antisemitism and its connections to radical thought For English speaking readers this book serves as an introduction to an important French intellectual whose work especially on the issues of antisemitism and

anti Zionism runs counter to the hostility shown toward Jews by some representatives of contemporary critical theory It presents for the first time in English five essays by Ric Marty previously published in France with a new preface by the author addressed to his American readers The focus of these essays is the debate in France and elsewhere in Europe concerning the Jew The first essay on Jean Genet one of postwar France's most important literary figures investigates the nature of Genet's virulent antisemitism and hatred of Israel and its significance for an understanding of contemporary phenomena The curious reappearance of St Paul in theological and political discourse is discussed in another essay which describes and analyses the interest that secular writers of the far left have shown in Paul's universalism placed over and against Jewish or Israeli particularism The remaining essays are more polemical in nature and confront the anti Israeli attacks by Alain Badiou and Gilles Deleuze Both important and timely it will be a notable contribution to the ongoing public and intellectual discussion of contemporary antisemitism and the animus of intellectuals toward the state of Israel Elhanan Yakira author of *Post Zionism Post Holocaust Represents* a significant contribution to our understanding of both the phenomenon of the new antisemitism and a certain strain of French critical theory over the last several decades Maurice Samuels Yale University

[Paris and the Marginalized Author](#) Valérie K. Orlando, Pamela A. Pears, 2018-10-15 This volume of essays explores what it is that has brought marginalized and often exiled writers seen as treacherous alienated and or queer by their societies and nations together by way of Paris Spanning from the inter war period of the late 1920s to the present millennium this volume considers many seminal questions that have influenced and continue to shape the realm of exiled writers who have sought refuge in Paris in order to write Additionally the volume's essays seek to define alienation and marginalization as not solely subscribing to any single denominator sexual preference gender or nationality but rather as shared modes of being that allow authors to explore what it is to write from abroad in a place that is foreign yet freed of the constrictions of one's home space What makes Paris a particularly fruitful space that has allowed these authors and their writings to cross national ethnic racial religious and linguistic boundaries for over a century What is it that brings together writers such as Moroccan Abdellah Taïa Americans James Baldwin Richard Wright and most recently Ta Nehisi Coates and Shay Youngblood Algerian Nabile Farès Franco Algerian Leïla Sebbar Canadian Nancy Huston French Jean Genet and French Vietnamese Linda L How do their representations and understanding of transgression and marginalization transcend national linguistic and ethnic boundaries leading ultimately to revolution both literary and literal How does their writing help us to

trace the history of Paris as a literary and artistic capital that has been useful for authors exploration of the Self race and home country These are but a few of the many questions explored in this volume This book relies on an inherently intersectional approach which is not based in reified identities whether they be LGBT postcolonial ethnic national or linguistic Instead we posit that for example queer theory and a politics of difference i can help us investigate the dynamics of these multiple identity positions and hence provide a broader understanding of the lived experiences of these writers and perhaps their readers from the early 1940s to the present

Experiments with Empire Justin Izzo, 2019-05-06 In *Experiments with Empire* Justin Izzo examines how twentieth century writers artists and anthropologists from France West Africa and the Caribbean experimented with ethnography and fiction in order to explore new ways of knowing the colonial and postcolonial world Focusing on novels films and ethnographies that combine fictive elements and anthropological methods and modes of thought Izzo shows how empire gives ethnographic fictions the raw materials for thinking beyond empire's political and epistemological boundaries In works by French surrealist writer Michel Leiris and filmmaker Jean Rouch Malian writer Amadou Hamp t B Martinican author Patrick Chamoiseau and others anthropology no longer functions on behalf of imperialism as a way to understand and administer colonized peoples its relationship with imperialism gives writers and artists the opportunity for textual experimentation and political provocation It also Izzo contends helps readers to better make sense of the complicated legacy of imperialism and to imagine new democratic futures

Unfinished Projects Paige Arthur, 2020-05-05 In this major new reading of Sartre's life and work Paige Arthur traces the relationship between the philosopher's decades long commitment to decolonization and his intellectual positions Where other commentators have focused on the tensions between Sartre's Marxism and his account of existential freedom usually to denigrate one in favor of the other Arthur shows how Sartre's political engagement with global liberation movements and his philosophical framework developed alongside one another Closely following the postwar movements for decolonization and then supporting the war of independence in Algeria Sartre proposed an influential and uncompromising view of imperialism Analyzing the Western attitude to the subhuman colonial subject he offered an account of the social constraints that applied to both ruler and ruled and came to argue that political violence on both sides was a systematic consequence of the colonial order Arthur's rich and nuanced book locates Sartre within the political discussions of his time whilst also looking forward to contemporary debates about new forms of imperialism and resistance

Downcast Eyes Martin Jay, 1993 Long considered the noblest of the senses vision has increasingly come under critical scrutiny by a wide range of thinkers who question its dominance in Western culture These critics of vision especially prominent in twentieth century France have challenged its allegedly superior capacity to provide access to the world They have also criticized its supposed complicity with political and social oppression through the promulgation of spectacle and surveillance Martin Jay turns to this discourse surrounding vision and explores its often contradictory implications in the work of such influential figures as Jean Paul Sartre Maurice Merleau Ponty Michel Foucault Jacques Lacan Louis Althusser Guy Debord Luce Irigaray Emmanuel Levinas and Jacques Derrida Jay begins with a discussion of the theory of vision from Plato to Descartes then considers its role in the French Enlightenment

before turning to its status in the culture of modernity From consideration of French Impressionism to analysis of Georges Bataille and the Surrealists Roland Barthes's writings on photography and the film theory of Christian Metz Jay provides lucid and fair minded accounts of thinkers and ideas widely known for their difficulty His book examines the myriad links between the interrogation of vision and the pervasive antihumanist antimodernist and counter enlightenment tenor of much recent French thought Refusing however to defend the dominant visual order he calls instead for a plurality of scopic regimes Certain to generate controversy and discussion throughout the humanities and social sciences Downcast Eyes will consolidate Jay's reputation as one of today's premier cultural and intellectual historians

The Dismemberment of Orpheus Ihab Hassan, 1982 In this book the first edition of which was published in 1971 by Oxford University Press Ihab Hassan takes Orphic dismemberment and regeneration as his metaphor for a radical crisis in art and language culture and consciousness which prefigures postmodern literature The modern Orpheus he writes sings on a lyre without strings Thus his sensitive critique traces a hypothetical line from Sade through four modern authors Hemingway Kafka Genet and Beckett to a literature still to come But the line also breaks into two Interludes one concerning Pataphysics Dada and Surrealism and the other concerning Existentialism and Aliterature Combining literary history brief biography and critical analysis Hassan surrounds these authors with a complement of avant garde writers whose works also foreshadow the postmodern temper These include Jarry Apollinaire Tzara Breton Sartre Camus Nathalie Sarraute Robbe Grillet and in America Cage Salinger Ginsberg Barth and Burroughs Hassan takes account also of related contemporary developments in art music and philosophy and of many works of literary theory and criticism For this new edition Hassan has

added a new preface and postface on the developing character of postmodernism a concept which has gained currency since the first edition of this work and which he himself has done much to theorize **To Govern Is to Serve** Jacques

Dalarun,2023-02-15 To Govern Is to Serve explores the practices of collective governance in medieval religious orders that turned the precepts of the Gospels most notably that the first will be last the last will be first into practices of communal deliberation and the election of superiors Jacques Dalarun argues that these democratic forms have profoundly influenced modern experiences of democracy in particular the idea of government not as domination but as service Dalarun undertakes meticulous textual analysis and historical research into twelfth and thirteenth century religious movements from Fontevraud and the Paraclete of Abelard and Heloise through St Dominic and St Francis that sought their superiors from among the less exalted members of their communities to chart how these experiments prefigured certain aspects of modern democracies those allowing individuals to find their way forward as part of a collective Wide ranging and deeply original To Govern Is to Serve highlights the history of the reciprocal bonds of service and humility that underpin increasingly fragile democracies in the twenty first century *The Secular Scripture and Other Writings on Critical Theory, 1976-1991* Northrop

Frye,2006-12-15 Northrop Frye s *The Secular Scripture* was first published in 1976 and was soon recognized as one of his most influential works reflecting an extensive development of Frye s thoughts about romance as a literary form This new edition in the *Collected Works of Northrop Frye* series brings *The Secular Scripture* together with thirty shorter pieces pertaining to literary theory and criticism from the last fifteen years of Frye s life Frye s study illuminates the enduring attraction and deep human significance of the romance genre in all its forms He provides a unique perspective on popular fiction and culture and shows how romance forms have by their very structural and conventional features an ability to address both specific social concerns and deep and fundamental human concerns that span time and place In distinguishing popular from elite culture Frye insists that they are both ultimately two aspects of the same human compulsion to create in the face of chaos The additional late writings reflect Frye s sense at the time that he was working toward some kind of final statement which eventually saw the light of day only months before his death as *Words with Power* 1990
