**John Crook**

## **Saints Of Anglosaxon England:**

**The Saints of Anglo-Saxon England** Vladimir A. Moss,1993-01-01     *The Saints of Anglo-Saxon England* Vladimir A. Moss,1992-01-01     The Royal Saints of Anglo-Saxon England Susan J. Ridyard,1988 Within Anglo Saxon England there was a strong and enduring tradition of royal sanctity of men and women of royal birth who in an age before the development of papal canonisation came to be venerated as saints by the regional church This study which focuses on some of the best documented cults of the ancient kingdoms of Wessex and East Anglia is a contribution towards understanding the growth and continuing importance of England s royal cults The author examines contemporary and near contemporary theoretical interpretations of the relationship between royal birth and sanctity analyses in depth the historical process of cult creation and addresses the problem of continuity of cult in the aftermath of the Norman Conquest of 1066 An understanding therefore emerges of the place of the English royal saint not only in Anglo Saxon society but also in that of the Anglo Norman realm

The Saints of Anglo-Saxon England Vladimir A. Moss,1996-11     Anglo-Saxon Saints Lives as History Writing in Late Medieval England Cynthia Turner Camp,2015 A groundbreaking assessment of the use medieval English history writers made of saints lives The past was ever present in later medieval England as secular and religious institutions worked to recover or create originary narratives that could guarantee they hoped their political and spiritual legitimacy Anglo Saxon England in particular was imagined as a spiritual golden age and a rich source of precedent for kings and for the monasteries that housed early English saints remains This book examines the vernacular hagiography produced in a monastic context demonstrating how writers illuminators and policy makers used English saints including St Edmund to re envision the bonds between ancient spiritual purity and contemporary conditions Treating history and ethical practice as inseparable poets such as Osbern Bokenham Henry Bradshaw and John Lydgate reconfigured England s history through its saints engaging with contemporary concerns about institutional identity authority and ethics Cynthia Turner Camp is an Assistant Professor of English at the University of Georgia     The Wiley Blackwell Encyclopedia of Anglo-Saxon England Michael Lapidge,John Blair,Simon Keynes,Donald Scragg,2013-10-02 Widely acknowledged as the essential reference work for this period this volume brings together more than 700 articles written by 150 top scholars that cover the people places activities and creations of the Anglo Saxons The only reference work to cover the history archaeology arts architecture literatures and languages of England from the Roman withdrawal to the Norman Conquest c 450 1066 AD Includes over 700 alphabetical entries written by 150 top scholars covering the people places activities and creations of the Anglo Saxons Updated and expanded with 40 brand new entries and a new appendix detailing English Archbishops and Bishops c 450 1066 Accompanied by maps line drawings photos a table of English Rulers c 450 1066 and a headword index to facilitate searching An essential reference tool both for specialists in the field and for students looking for a thorough grounding in key topics of the period     Writing Women Saints in Anglo-Saxon England Paul Szarmach,2013-12-11 The twelve essays in this collection

advance the contemporary study of the women saints of Anglo Saxon England by challenging received wisdom and offering alternative methodologies The work embraces a number of different scholarly approaches from codicological study to feminist theory While some contributions are dedicated to the description and reconstruction of female lives of saints and their cults others explore the broader ideological and cultural investments of the literature The volume concentrates on four major areas the female saint in the Old English Martyrology genre including hagiography and homelitic writing motherhood and chastity and differing perspectives on lives of virgin martyrs The essays reveal how saints lives that exist on the apparent margins of orthodoxy actually demonstrate a successful literary challenge extending the idea of a holy life **Aelfric and the Cult of Saints in Late Anglo-Saxon England** Mechthild Gretsch, 2006-01-19 The cult of saints was one of the most important aspects of life in the Middle Ages and it often formed the nucleus of developing group identities in a town a province or a country The literature of Anglo Saxon England is unique among contemporary European literatures in that it features a vast amount of saints Lives in the vernacular Of these Lives Ifric is the most important author and his saints Lives have never previously been explored in their contemporary setting In this study Gretsch analyses Ifric s Lives of five important saints in the light of their cults in Anglo Saxon England This gives the reader fascinating glimpses of Ifric at work he adapts the cults and rewrites the received Latin hagiography of the five saints with the result that each of their English Lives conveys a distinct message to the contemporary political elite and to a lay audience at large *The Anglo-Saxon Church of All Saints, Brixworth, Northamptonshire* David Parsons, Diana Sutherland, 2013-05-31 All Saints Church Brixworth lies 7 miles north of Northampton The core of the church is Anglo Saxon and the research published here provides an unprecedented account of one of the most important buildings of its period surviving in England The building of the main body of the church was towards the end of the 8th century with a western tower stair turret and polygonal apse added before the end of the 9th Major modifications were made during the early and later medieval periods From the early 19th century the church attracted much antiquarian interest especially by topographical draughtsmen whose drawings are crucial to its understanding before major restoration Reverend Charles Frederick Watkins Vicar 1832 1871 made a particular study of the church fabric and identified both surviving and demolished Anglo Saxon structures Restoration under his direction reversed most of the medieval changes he recognised within the standing fabric leaving the church with much the same appearance as it has today The Brixworth Archaeological Research Committee founded in 1972 embarked on an in depth archaeological and historical study of All Saints Limited excavation revealed evidence for the former extent of the cemetery and examined remains of the early structures to the north of the church including one whose foundations cut a ditch containing 8th century material The later 8th century date for the foundation of the church was confirmed by radiocarbon dates from charcoal extracted from construction mortar in the church fabric A complete stone by stone survey of the standing fabric accompanied by petrological identifications has led to a refined appraisal of the construction sequence and the identification of exotic

stone types and Roman bricks reused from earlier buildings up to 40 km distant The archaeological geological and laboratory findings presented here have been amplified by contextual studies placing the church against its archaeological architectural liturgical and historical background with detailed comparisons with standing and excavated buildings of similar age in north Europe and Italy *Liturgical Calendars, Saints and Services in Medieval England* Richard W. Pfaff, 2024-10-28 This book includes four hitherto unpublished papers together with a substantial introductory historiographical and bibliographical overview Many of the studies concern the liturgical views of figures like Lanfranc St Hugh of Lincoln and William of Malmesbury an edition of William's *Abbreviatio Amalarii* is included and the ways Thomas Becket and the Venerable Bede were viewed liturgically Others reveal the achievement of an 11th century Canterbury scribe lay out a hagiographical puzzle as to the saints venerated on the 19th January ask why calendars come to be attached to psalters demonstrate that monks at Canterbury Cathedral were still reading Old English homilies in the 1180s and present a fascinating previously misunderstood psalter owned by bishop Ralph Baldock c 1300 Two final papers deal with Sarum services in late medieval parish churches and with the devotional practice called St Gregory's Trental **Saints and Relics in Anglo-Saxon England** David W. Rollason, 1989-01-01 *The Cult of Kingship in Anglo-Saxon England* William A. Chaney, 1970

*Women Saints Lives in Old English Prose* Leslie A. Donovan, 1999 Translations of eight saints lives giving an insight into women's religious culture in Anglo Saxon England Devout virtuous and independent the heroines of Old English saints lives one of the most popular literary genres of the middle ages provided exemplars of personal and public inspiration for medieval Christians The eight lives translated here are the earliest known vernacular accounts of the biographies of thelthryth Agatha Agnes Cecilia Eugenia Euphrosyne Lucy and Mary of Egypt They depict women escaping unwanted marriages communicating with male relatives acquiring an education living autonomously as hermits and achieving positions of leadership such lives document not only the importance of spiritual faith to early Christian women but also testify to how these women and their audience employed faith as a tool for empowerment Each life is preceded by a brief description of the saint's cult from its early Christian origins to its presence in Anglo Saxon culture The translation is accompanied by an introduction establishing the general background for the genre the conventions of women saints lives and women's religious culture in Anglo Saxon England and an interpretive essay exploring the relationships between explicit presentations of the female body and the strength of spiritual authority as exhibited in these texts completes the volume LESLIE A DONOVAN is Associate Professor at the University of New Mexico **English Medieval Shrines** John Crook, 2011 The cult of saints is one of the most fascinating manifestations of medieval piety It was intensely physical saints were believed to be present in the bodily remains that they had left on earth Medieval shrines were created in order to protect these relics and yet to show off their spiritual worth at the same time allowing pilgrims limited access to them English Medieval Shrines traces the development of such structures from the earliest cult activities at saintly tombs in the late Roman empire through

Merovingian Gaul and the Carolingian Empire via Anglo Saxon England to the great shrines of the fourteenth and fifteenth centuries The greater part of the book is a definitive exploration on a basis that is at once thematic and chronological of the major saints cults of medieval England from the Norman Conquest to the Reformation These include the famous cults of St Cuthbert St Swithun and St Thomas Becket and lesser known figures such as St Eanswyth of Folkestone or St Ecgbwine of Evesham John Crook an independent architectural historian archaeological consultant and photographer is the foremost authority on English shrines He has published numerous books and papers on the cult of saints

**The Architectural Setting of the Cult of Saints in the Early Christian West c.300-c.1200** John Crook,2000-01-13 This book explores the way in which church architecture from the earliest centuries of Christianity has been shaped by holy bones the physical remains or relics of those whom the Church venerated as saints The Church's holy dead continued to exercise an influence on the living from beyond the grave and their earthly remains provided a focus for prayer The memoriae house churches and crypts of early Christian Rome the elaborately decorated monuments containing the bodies of the bishops of Merovingian Gaul the revival of ring crypts in the Carolingian empire the crypts tomb shrines and later high shrines of medieval England all demonstrate how the presence of a holy body within a church influenced its very architecture This is the first complete modern study of this hitherto somewhat neglected aspect of medieval church architecture in western Europe

**The Cambridge Companion to Old English Literature** Malcolm Godden,Michael Lapidge,1991-05-31 Ideal for students this collection of fifteen specially commissioned essays covers all aspects of Anglo Saxon literature from 600-1066

**Bishop Æthelwold, His Followers, and Saints' Cults in Early Medieval England** Alison Hudson,2022 An exploration of how Æthelwold and those he influenced deployed the promotion of saints to implement religious reform Bishop Æthelwold of Winchester and his associates were some of the most radical monastic reformers in tenth century Europe In two generations they took over most of the powerful churches in the kingdom of England and implemented a number of the policies found in their ambitious monastic manifestos They also had a major impact on the early development of the kingdom itself taking a role in the establishment of a shire system that lasted a thousand years negotiations with invaders and attempts to create a standardized English language Æthelwold and his circle were also enthusiastic venerationers of saints This book examines a range of sources from hagiographies to charters from liturgy to archaeological remains to argue that saints cults helped these men and women secure their power wealth and relationships with groups outside their monasteries The saints that Æthelwold's circle promoted most lavishly were not necessarily the ones that they studied or the ones that matched their ideological agenda Rather Æthelwold's monks and nuns connected themselves to a wide range of saints including the Virgin Mary St Swithun Æthelthryth of Ely Iudoc Grimbald Botulf Cuthbert and many others Venerating these saints helped Æthelwold and his followers appeal to other groups in society including unreformed ecclesiastics lay nobles and the workers on their estates This book therefore not only has implications for the study of early English history and literature but also for the history of

western European monasticism and saints cults more generally      *Heaven and Earth in Anglo-Saxon England* Helen Foxhall Forbes, 2016-04-22 Christian theology and religious belief were crucially important to Anglo Saxon society and are manifest in the surviving textual visual and material evidence This is the first full length study investigating how Christian theology and religious beliefs permeated society and underpinned social values in early medieval England The influence of the early medieval Church as an institution is widely acknowledged but Christian theology itself is generally considered to have been accessible only to a small educated elite This book shows that theology had a much greater and more significant impact than has been recognised An examination of theology in its social context and how it was bound up with local authorities and powers reveals a much more subtle interpretation of secular processes and shows how theological debate affected the ways that religious and lay individuals lived and died This was not a one way flow however this book also examines how social and cultural practices and interests affected the development of theology in Anglo Saxon England and how popular belief interacted with literary and academic traditions Through case studies this book explores how theological debate and discussion affected the personal perspectives of Christian Anglo Saxons including where possible those who could not read In all of these it is clear that theology was not detached from society or from the experiences of lay people but formed an essential constituent part      *Church And Society In England 1000-1500* Andrew Brown, 2017-03-14 What impact did the Church have on society How did social change affect religious practice Within the context of these wide ranging questions this study offers a fresh interpretation of the relationship between Church society and religion in England across five centuries of change Andrew Brown examines how the teachings of an increasingly universal Church decisively affected the religious life of the laity in medieval England However by exploring a broad range of religious phenomena both orthodox and heretical including corporate religion and the devotional practices surrounding cults and saints Brown shows how far lay people continued to shape the Church at a local level In the hands of the laity religious practices proved malleable Their expression was affected by social context status and gender and even influenced by those in authority Yet as Brown argues religion did not function simply as an expression of social power hierarchy patriarchy and authority could be both served and undermined by religion In an age in which social mobility and upheaval particularly in the wake of the Black Death had profound effects on religious attitudes and practices Brown demonstrates that our understanding of late medieval religion should be firmly placed within this context of social change      *The Church in Anglo-Saxon England* John Godfrey, 1962 It is likely that the gospel was brought to Britain in Roman times by merchants and soldiers from Gaul The author offers a details and balanced history of the events of these years While his main theme is the conversion of the English to the Christian faith his account is not narrowly ecclesiastical he is concerned as much with the notable personalities and cultural achievements as with the fluctuating fortunes of the Church itself the growth of its institutions and the work of its missions The sixteen plates including some illustrations seldom or never previously reproduced give rich evidence of Anglo Saxon taste and skill

there are six maps an extensive bibliography and full notes and references No history of the Old English Church of a comparable size and scope has appeared in this century and since Mr Godfrey s approach is both informed and uncomplicated his book will be equally enjoyed by the scholar and the general reader

Right here, we have countless books **Saints Of Anglosaxon England** and collections to check out. We additionally have enough money variant types and afterward type of the books to browse. The gratifying book, fiction, history, novel, scientific research, as without difficulty as various supplementary sorts of books are readily friendly here.
