Every Day of the Year offers a fascinating exploration of dining history through historic menus from more than 35 countries. Ranging from discussion of a Roman banquet in A D 70 to a meal for former South African President Nelson Mandela in the 1990s, the menus offer students and general readers a thoroughly delightful way to learn more about events and the cultures in which they occurred. Royal feasts, soldier grub, shipboard and spaceship meals, and state dinners are just some of the occasions discussed. Arranged chronologically, each entry covers a day of the year and provides a menu from a significant meal that took place. An entry begins with the name, location, and date of the event, plus a brief explanation of its significance. Next comes the menu, followed by an analysis and, where possible, several recipes from the menu.

*Food Operations Reference Manual* United States. Navy Department. Bureau of Supplies and Accounts, 1964      Salads and Sandwiches and Specialty Dishes for Restaurants and Tea Rooms Emory Hawcock, 1928      Salad Judith Weinraub, 2016-11-15

Light, healthy, and easily tossed together, salads have been an herbaceous staple for as long as we have eaten food. Sometimes bitter, sometimes sweet, ladled over with buttermilk dressings or gently dressed in oil and vinegar, they come in an astonishing variety of forms and feature as both side and main dishes in a range of regional cuisines. In this book, Judith Weinraub celebrates the leafy life of the salad, traveling from Europe to the Americas and on to Asia to explore the crisp and nutritious delights they offer all around the world. As Weinraub shows, salads started as a simple assemblage of wild plants gathered from the hillsides, a necessary source of calories and a pleasant contrast to the gamey meats that usually comprised a meal. It was only in later centuries that their nutritional value became known and they assumed their place as the quintessential health food. Over that time, we learned to lavish them with oils, vinegars, juices, creams, cheeses, seeds, nuts, fruits, and proteins, and we learned to give them special names: chef cobb and caesar, not to mention ni oise, panzanella, and tabbouleh.

Appetizingly written and freshly illustrated, this book will make a perfect accompaniment to any meal or a main course in itself.
