American Reference Books Annual Bohdan S. Wynar, 1990 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering **Shakespeare and Shakespeareana** Meisei Daigaku. Toshokan, 1993 *Volume 19, Tome VI: Kierkegaard Bibliography* Peter Šajda, Jon Stewart, 2017-03-16 The long tradition of Kierkegaard studies has made it impossible for individual scholars to have a complete overview of the vast field of Kierkegaard research The large and ever increasing number of publications on Kierkegaard in the languages of the world can be simply bewildering even for experienced scholars The present work constitutes a systematic bibliography which aims to help students and researchers navigate the seemingly endless mass of publications The volume is divided into two large sections Part I which covers Tomes I V is dedicated to individual bibliographies organized according to specific language This includes extensive bibliographies of works on Kierkegaard in some 41 different languages Part II which covers Tomes VI VII is dedicated to shorter individual bibliographies organized according to specific figures who are in some way relevant for Kierkegaard The goal has been to create the most exhaustive bibliography of Kierkegaard literature possible and thus the bibliography is not limited to any specific time period but instead spans the entire history of Kierkegaard studies Choice, 1998 *Shakespeare's Classical Mythology: A Dictionary* Janice Valls-Russell, Katherine Heavey, 2024-10-17 Why does Bassanio compare himself to Jason What is Hecuba to Hamlet Is the mechanicals staging of the Pyramus and Thisbe story funny or sad This dictionary elucidates Shakespeare's use of mythological references in an early modern context while bringing them to life for today's audiences and readers at a time of renewed critical interest in the reception of the classics and fascination with classical mythology in popular culture It is also a precious tool for practitioners who may not always know quite what to make of mythological references Mythological figures creatures places and stories crowd Shakespeare's plays and poems featuring as allusions poetic analogies inset shows scene settings and characters or plots in their own right Most of these references were familiar to Shakespeare's spectators and readers who knew them from the writings of Ovid Virgil and other classical authors or indirectly through translations commentaries ballads and iconography This dictionary illustrates how far from being isolated a mythological reference may resonate with the poetics of the text and its structure cast light on characters and contexts and may therefore be worth exploring onstage in a variety of ways The 200 headings correspond to words and names actually used by Shakespeare individual figures Dido Venus Hercules categories Amazons Centaurs nymphs satyrs places Colchos Troy Medium and longer entries also cover early modern usage and critical analysis in a cross disciplinary approach that includes reception textual performance gender and political studies **Shakespeare Matters** Lloyd Davis, 2003 In each area the authors discuss a range of issues by applying and debating key critical approaches to Shakespeare including new historicism cultural materialism feminism and postcolonialism **BOOK JACKET**

Literary Neurodiversity Studies Bradley J. Irish, 2025-01-31 This book is a concise but comprehensive introduction to the field of literary neurodiversity studies a growing approach to literary criticism that has emerged in the past decade Its three parts are designed to 1 introduce readers both to the general concept of neurodiversity and to current outlooks approaches and key scholarship from literary neurodiversity studies 2 to present one possible vision of the future of literary neurodiversity studies by offering an argument about how the field might further entwine with more general research on literary cognition literary emotion and literary sensation and 3 to model for readers how one might perform a neurological reading of a literary text by offering a sustained analysis of Shakespeare's Othello It also contains an extensive bibliography of existing scholarship from literary neurodiversity studies which will provide an indispensable resource for new and experienced researchers in the field

The Staging of Romance in Late Shakespeare Christopher J. Cobb, 2007 This book examines Shakespeare's response in his late plays to the challenge of making romance stories believable through theatrical representation and the kind of experience the late plays in performance seek to create for their spectators Taking The Winter's Tale as a case study the book's central chapters demonstrate how Shakespeare tests and transforms the techniques to create the sweeping restorative transformations of individuals and communities that are central to both earlier dramatic romances and Shakespeare's own romance experiments The book's three other chapters address the methodologies for study of spectator's experience through

a dramatic text the history of dramatic romance to 1610 and Shakespeare's further experiments with the staging of romance after *The Winter's Tale* **Speaking of the Moor** Emily C. Bartels, 2010-08-03 Selected by Choice magazine as an Outstanding Academic Title Speak of me as I am Othello the Moor of Venice bids in the play that bears his name Yet many have found it impossible to speak of his ethnicity with any certainty What did it mean to be a Moor in the early modern period In the late sixteenth and early seventeenth centuries when England was expanding its reach across the globe the Moor became a central character on the English stage In *The Battle of Alcazar Titus Andronicus Lust's Dominion* and *Othello* the figure of the Moor took definition from multiple geographies histories religions and skin colors Rather than casting these variables as obstacles to our and England's understanding of the Moor's racial and cultural identity Emily C Bartels argues that they are what make the Moor so interesting and important in the face of growing globalization both in the early modern period and in our own In *Speaking of the Moor* Bartels sets the early modern Moor plays beside contemporaneous texts that embed Moorish figures within England's historical record Richard Hakluyt's *Principal Navigations* Queen Elizabeth's letters proposing the deportation of England's blackamoors and John Pory's translation of *The History and Description of Africa* Her book uncovers the surprising complexity of England's negotiation and accommodation of difference at the end of the Elizabethan era
