relations     How to Conquer the Barriers to Intercultural Dialogue Christiane Timmerman, Barbara Segaeert, 2007-09 In a world society ruled by economic globalisation by political interests and theories such as Huntington's clash of civilisations that widen the gap between the North and the South the question should be asked of the role of the religion To what extent religion and politics can work together Can faith still be thought as a means of saving the world Considering that Christianity Islam and Judaism have much in common this collection of miscellanies wonders if these religions can join their forces for public benefit Senior and junior scholars from all over the world gathered for an interdisciplinary seminar analyse the contemporary international relationships and geopolitics through the prism of religion discussing whether it can provide practical solutions to solve conflicts and increase the respect of human rights     Historical Dictionary of Judaism Norman Solomon, 2024-10-15 What we now call Judaism is the religion of the rabbis it is rooted in scripture the Hebrew Scriptures but it is not to be identified with Old Testament theology Judaism in its many manifestations has continued to evolve rereading its ancient texts and extracting new meaning while addressing contemporary issues such as the status of women and attitudes to sexual orientation History or rather our perception of it has changed substantially Previously unknown documents and artefacts have surfaced while scholars have proposed far reaching changes to the way we read and evaluate ancient texts Nowadays we have a more nuanced understanding of how to evaluate statements in the Talmud and other rabbinic writings and we are better able to contextualize them not only in Greco Roman antiquity but also in the Sasanian environment in which the Babylonian Talmud was formed Historical Dictionary of Judaism Fourth Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 800 cross referenced entries on important personalities in Jewish religious history including biblical personalities with an emphasis on how they are understood in Jewish Christian and Islamic tradition This book is an excellent access point for students researchers and anyone wanting to know more about Judaism     The A to Z of Judaism Norman Solomon, 2009-08-13 Judaism the religion of the Jewish people is one of the first recorded monotheistic religions and as such is one of the oldest religious traditions still practiced today While its influences can be seen in the religions of both Christianity and Islam many of its beliefs traditions and practices are unknown The second edition of The A to Z of Judaism doesn't just present religious beliefs in a traditional sense but investigates the complex intermingling of religion devotion lifestyle and culture as it is found in diverse Jewish populations around the world and as it has evolved over the course of recent human history Judaism like many other cultural institutions has rarely remained static instead continually investigating and questioning itself metamorphosing in relation to the world By means of a chronology an introductory essay a bibliography and numerous cross referenced dictionary entries on important persons writings institutions concepts Hebrew words philosophy theology and religious law author Norman Solomon provides an important reference source for the study of Judaism     Shalom/Salaam/Peace Constance A.
