Sharing Sunrise:

A Sunrise to Share Dawn Kowalchuk-Zalek, 2011-03-25 Angela felt the warmth of the sun on her face as the sun rose and sighed Her life was what she would call better than average She had a wonderful son a thriving business and a comfortable home As long as she ignored the feeling that there should be something more to life that something was missing As long as she ignored the dream that chased her for as long as she could remember When Marco her friend and business partner was killed by a drunken driver his nephew arrived to take over the Second Chance Ranch and Marco's shares of her business Tony sought the sanctuary of the ranch to try to put his own life back together The death of his uncle was almost more than he could handle Until he saw his new business partner Angela and Tony never thought they would see each other again after the summer they spent on the ranch when they were young Feelings that had begun that summer rushed back the moment they saw each other Feelings that grew as they raced to meet the rising sun or lounged by the lake sharing their thoughts their fears their deepest feelings But Tony's past and obligations to another stood between them pulling him away Would their rekindled love be strong enough to share another sunrise

Every Day Should be Father's Day Jennifer Basye Sander, Cathy MacHold, 2020-05-05 Celebrate the dads in your life After all they've done for us dads everywhere deserve to be appreciated on a daily basis rather than waiting all year for a card and tie or some power tools Though the holiday has morphed over the years into more of a

commercial event it's high time we got back to the idea of making Dad feel treasured and appreciated all the time. Think back on the many things big and small your father has done for you over the years isn't it time you started making those same gestures in the other direction? We think so. It is never too early or for that matter too late to make a parent feel special. In these pages you'll find idea after idea that will encompass a wide variety of activities to get you thinking about how to make your dad feel special even if you don't live close by. Also included are quotes and special stories and memories from numerous people about what makes fatherhood or their own father special. Go ahead and remember to buy that card and bring over some treats on the actual Father's Day but in the meantime here are some ways to make every day count. **Come Share My Joy** Ruth Elliott Narramore, 2007-05. What does it mean? Only creativity knows. The minds of seven creative people wonder what it means. They know only what they can know. Definition limits but what limit is there to creativity? They know who they are. But in the end they know what it means. Do you know what it means?
