Yoruba Art and Language Rowland Abiodun, 2014-09-29 The Yoruba was one of the most important civilizations of sub-Saharan Africa. While the high quality and range of its artistic and material production have long been recognized, the art of the Yoruba has been judged primarily according to the standards and principles of Western aesthetics. In this book, which merges the methods of art history, archaeology, and anthropology, Rowland Abiodun offers new insights into Yoruba art and material culture by examining them within the context of the civilization's cultural norms and values, and above all, the Yoruba language. Abiodun draws on his fluency and prodigious knowledge of Yoruba culture and language to dramatically enrich our understanding of Yoruba civilization and its arts. The book includes a companion website with audio clips of the Yoruba language, helping the reader better grasp the integral connection between art and language in Yoruba culture.

Portraiture and Photography in Africa John Pepper, Elisabeth L. Cameron, 2013-07-24 Beautifully illustrated Portrait Photography in Africa offers new interpretations of the cultural and historical roles of photography in Africa. Twelve leading scholars look at early photographs, important photographers, studios, the uses of portraiture in the 19th century, and the current passion for portraits in Africa. They review a variety of topics, including what defines a common culture of photography, the social and political implications of changing technologies for portraiture, and the lasting effects of culture on the idea of the person depicted in the photographic image.
