Eid, K. Karim, 2014-07-24 The twenty first century exploded into the global imagination with unforgettable scenes of death and destruction An apocalyptic clash of civilizations seemed to be waged between two old foes the West and Islam However the decade long and ruinous war on terror has prompted re assessments of the militaristic approach to Western Muslim relations A growing number of academics policymakers religious leaders journalists and activists view the struggles as resulting from a clash of ignorance Re imagining the Other examines the ways in which knowledge is manipulated by dominant Western and Muslim discourses Authors from several disciplines study how the two societies have constructed images of each other in historical and contemporary times The complexities and subtleties of their mutually productive relationship are overshadowed by portrayals of unrelenting clash thus serving as encouragement for the promotion of war and terrorism The book proposes specific approaches to re imagine the Other in order to mitigate Western Muslim conflict **The Nation** , 2003 **Canadian Books in Print.
