**Shattered Lives** Mary Ann Morris,2000-12-01      **Shattered Lives** CREATESPACE,Nancy Edwards,2002-10-28 I don't have a degree in journalism This book is the result of LIVING with and trying to understand something that I and my family didn't ask for but had to endure The research I describe took years I apologize that I also don't have a degree in environmental science If all the time it took to study the chemicals I list were strung out into years perhaps I could have an honorary degree at least I hope that the reader will understand and perhaps benefit from reading my little book

**Forthcoming Books** Rose Arny,2001      *Improvised Lives* AbdouMaliq Simone,2018-12-05 The poor and working people in cities of the South find themselves in urban spaces that are conventionally construed as places to reside or inhabit But what if we thought of popular districts in more expansive ways that capture what really goes on within them In such cities popular districts are the settings of more uncertain operations that take place under the cover of darkness generating uncanny alliances among disparate bodies materials and things and expanding the urban sensorium and its capacities for liveliness In this important new book AbdouMaliq Simone explores the nature of these alliances portraying urban districts as sites of enduring transformations through rhythms that mediate between the needs of residents not to draw too much attention to themselves and their aspirations to become a small niche of exception Here we discover an urban South that exists as dense rhythms of endurance that turn out to be vital for survival connectivity and becoming      **Handbook of Structural Life Assessment** Raouf A. Ibrahim,2017-03-29 This important self contained reference deals with structural life assessment SLA and structural health monitoring SHM in a combined form SLA periodically evaluates the state and condition of a structural system and provides recommendations for possible maintenance actions or the end of structural service life It is a diversified field and relies on the theories of fracture mechanics fatigue damage process and reliability theory For common structures their life assessment is not only governed by the theory of fracture mechanics and fatigue damage process but by other factors such as corrosion grounding and sudden collision On the other hand SHM deals with the detection prediction and location of crack development online Both SLA and SHM are combined in a unified and coherent treatment      The Role of the Interior Department in the Deepwater Horizon Disaster United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Oversight and Investigations,United States. Congress. House. Committee on Energy and Commerce. Subcommittee on Energy and Environment,2013      *Disasters, Risks and Revelation* Steve Matthewman,2016-04-29 Disasters are part of the modern condition a source of physical anxiety and existential angst and they are increasing in frequency cost and severity Drawing on both disaster research and social theory this book offers a critical examination of their causes consequences and future avoidance      Last Stand of the Louisiana Shrimpers Emma Christopher Lirette,2022-08-24 In recent years shrimpers on the Louisiana coast have faced a historically dire shrimp season with the price of shrimp barely high enough to justify trawling Yet many of them wouldn't consider leaving shrimping behind

despite having transferrable skills that could land them jobs in the oil and gas industry Since 2001 shrimpers have faced increasing challenges to their trade an influx of shrimp from southeast Asia several traumatic hurricane seasons and the largest oil spill at sea in American history In *Last Stand of the Louisiana Shrimpers* author Emma Christopher Lirette traces how Louisiana Gulf Coast shrimpers negotiate land and blood sea and freedom and economic security and networks of control This book explores what ties shrimpers to their boats and nets Despite feeling trapped by finances and circumstances they have created a world in which they have agency Lirette provides a richly textured view of the shrimpers of Terrebonne Parish Louisiana calling upon ethnographic fieldwork archival research interdisciplinary scholarship and critical theory With evocative lyrical prose she argues that in persisting to trawl in places that increasingly restrict their way of life shrimpers build fragile quietly defiant worlds adapting to a constantly changing environment In these flickering worlds shrimpers reimagine what it means to work and what it means to make a living

**For the Proposed Eastern Gulf of Mexico OCS Oil and Gas Lease Sale 181**, 2001 **So We and Our Children May Live** Sarah Augustine, Sheri Hostetler, 2023-10-31 Will we choose life for our children and the future of our planet Everywhere we look we see signs that all is not right with our earth Extreme weather patterns wreak havoc Pollutants sour soils and waterways Fires and floods ravage land and communities Climate change is just a symptom of a larger ecological crisis If we want change the solutions can't come through the same systems that created those problems Ecological justice requires us to challenge our assumptions about creation and our relationship to it It requires decolonization We must turn to the leadership of Indigenous communities who struggle for all life as land and water protectors and we must call on people of faith to join them to confront climate change and resource extraction and choose life for our children and the future of our planet This book offers hope for a better future alongside concrete actions for joining with Indigenous Peoples to protect life and negotiate with decision makers for sustainable change that follows Jesus
