Postmodernism: Disciplinary texts : humanities and social sciences Victor E. Taylor, Charles E. Winqvist, 1998 V 1 Foundational essays V 2 Critical Texts V 3 Disciplinary texts Humanities and social sciences V 4 Legal studies psychoanalytic studies visual arts and architecture **Shattered Love** Richard Chamberlain, 2013-06-11 In Shattered Love Richard Chamberlain poignantly recounts his lifelong struggle to find happiness Tracing a fascinating path over his meteoric rise to success he chronicles his struggle to come to terms with his own imperfections his growing desire to be honest about his sexual orientation and his yearning to live with an open heart And along the way he imparts the lessons he has learned about overcoming our own self imposed obstacles to happiness **The Inoperative Community** Jean-Luc Nancy, 1991 A collection of five essays of French philosopher Nancy originally published in 1985 86 The Inoperative Community Myth Interpreted Literary Communism Shattered Love and Of Divine Places A paper edition 1924 7 is available for 14 95 Annotation copyrighted by Book News Inc Portland OR Love's Victory Pabitra Banerjee, 2023-12-21 Love s Victory unfolds the captivating journey of Bhed and Anamika a tale interwoven with the threads of love resilience and triumph As their story unfolds against the backdrop of personal and professional challenges the narrative beautifully captures the transformative power of love demonstrating how it becomes the guiding force that shapes destinies and propels individuals towards their dreams Pabitra Banerjee s poignant storytelling not only delves into the complexities of relationships but also celebrates the indomitable spirit of those who find strength and success in the embrace of unwavering love Love s Victory is a heartfelt exploration of the human experience a testament to the enduring power of love to overcome adversity and pave the way for extraordinary triumphs On Touching—Jean-Luc Nancy Jacques Derrida, 2005 This book written out of Derrida s long standing friendship with Jean Luc Nancy examines the central place accorded to the sense of touch in the Western philosophical tradition **A Postmodern Theology of Ritual Action** Jonathan L. Best, 2019-02-26 A Postmodern Theology of Ritual Action is a unique work that seeks to explore where we find meaning within ritual and actions within the church Bridging hermeneutics philosophy and postmodern thought this work seeks to explore how to do theology with the community through conversation Beginning with the mindset that meaning is already present within ritual action rather than outside it Best engages the practice of foot washing among the Original Free Will Baptist denomination of eastern North Carolina Foot washing suggests a new future for theology a future that models love service and acceptance Incorporating insights gained from conversing with philosophy theology and the Original Free Will Baptists foot washing points toward a future relational practical theology A Postmodern Theology of Ritual Action is a captivating work that draws from both philosophers and theologians to show that we can learn much by listening to the voices of religious practitioners *Lest We Lose Love* Scherto Gill, 2023-04-18 Few are aware that since antiquity there has always been the philosophy of love at the core of Western culture It articulates what makes life meaningful and worthwhile and how we can live a good life together

through an ethic of love This book fills this significant gap not only reconnecting the reader with such important wisdom and more crucially also reorienting our socio economic institutions and collective actions towards more loving and caring and more concerned with the qualities of our lived experiences By re-discovering the gifts of love we may challenge the existing systemic dehumanisation and draw from knowledge and understanding already present in our culture This is timely because the global crises we are facing are catastrophic especially when it comes to climate change Therefore we must respond from a place of love rather than fear Whether it is reducing the use of fossil fuels lowering greenhouse emission choosing the right food to eat or advocating for structural transformation our concerted endeavours start with an appropriate appreciation of the nature of our well being which includes the planet's well ness This book highlights a clear pathway forward to ensure collective healing and co-flourishing with nature we must practise the art of loving **Junie's Love Test** Laura Jean Libbey, 1886 **The Pulse of Sense** Marie Chabbert, Nikolaas Deketelaere, 2022-03-30 This volume stages a series of encounters between the French philosopher Jean Luc Nancy and leading scholars of his work along four major themes of Nancy's thought sense experience existence and Christianity In doing so the volume seeks to remind readers that Nancy's sens has many meanings in French aside from those that easily carry over into English i.e. everything to do with meaning and the senses it also includes the way they are conducted the direction they take the thrust or pulse in which the circulation of sense exists Faithful to this plural understanding of sens the writings collected here aim to join Jean Luc Nancy in the process of making sense that animates his thinking rather than to deliver a definitive summary of his position on any given issue They are conceived of as notes along the way documenting encounters as moments of re-direction and recording the pulse of sense that animates them In that spirit Nancy himself has provided each contribution with an echo in which he in turn responds to each author and thereby continues their mutual encounter Aside from these echoes this volume includes an original essay in which Nancy reflects upon the international trajectory of his thinking a trajectory that is to be and undoubtedly will be continued in many different directions across and around the world The chapters in this book were originally published as a special issue of *Angelaki* *English Couplets* M.R. Shetty, 2007
