Becoming a Social Justice Educator Zachary Scott Robbins,Dominique Smith,Sarah Ortega,Oscar Corrigan,Bryan Dale,2023-06-09 The curiosity stirring can do handbook for building inclusive cultures With one click we can make our camera lens switch from portrait to landscape so why can t we find a simple way to broaden our perspectives on equity Because human beings are wildly complex for one thing But this potent guide simplifies providing concrete techniques for becoming expansive educators capable of engaging every student Chapter assets include

Compelling research to support why it's urgent we embrace foundational fairness and why even subtle words can have massive effects on students' sense of potential. Questions and prompts that help you build inclusive thinking into your expectations of students, your feedback, grading and approaches to discipline. Activities, discussion frames and debate structures that support students' exploration of complex topics. Ideas for engaging staff, leadership, family and the community in ways that reveal strength. Social justice work is not other; it's not extra. It's student agency work. It's what keeps so many of us educators up at night worried about why some of our learners aren't engaged. With this book, they will be engaged because they will know you believe in their abilities and now know how to show that every day. The African American Child Yvette R. Harris, James A. Graham, 2007-05-01. This book argues convincingly that children's cultural differences need to be recognized for any accurate understanding of their development. Pointing out the need for additional and more effectively designed research, Harris and Graham provide a valuable foundation for further investigations. This nonpolemic book should be in all libraries, filling an unfortunate gap. Highly recommended. Choice, Current Reviews for Academic Libraries. This major new textbook introduces students to issues that have an impact on the lives of African American children but have typically been ignored or inadequately discussed in mainstream child development textbooks. The authors hope to familiarize students with a sampling of research that moves beyond a deficit view of the development of the African American child while stimulating critical thinking about future directions for research on African American children and their families. The book is designed to be student friendly, with each chapter presenting an overview of the material covered as well as an Insider's Voice which offers a personal story or viewpoint about the issues discussed in the chapter. Each chapter goes on to feature a dialogue of current biological, environmental, constructivist and cultural contextual theories as well as suggestions for additional reading, videos, websites and questions to guide critical thinking. **Resources in Education**, 1997.
