Reading Mina Loy's Autobiographies Sandeep Parmar, 2013-06-06 Mina Loy is recognised today as one of the most innovative modernist poets numbering Gertrude Stein Marcel Duchamp Djuna Barnes and T S Eliot amongst her admirers Drawing on substantial new archival research this book challenges the existing critical myth of Loy as a modern woman through an analysis of her unpublished autobiographical prose Mina Loy's Autobiographies explores this major twentieth century writer's ideas about the modern and how they apply to the modernist writer based on her engagement with twentieth century avant garde aesthetics and charts how Loy herself uniquely defined modernity in her essays on literature and art Sandeep Parmar here shows how ultimately Loy's autobiographies extend the modernist project by rejecting earlier impressions of avant garde futurity and newness in favour of a late modernist aesthetic one that is more pessimistic inward and interested in the fragmentary interplay between the past and present

AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it

The Poetry of Thom Gunn Stefania Michelucci, 2008-12-24 Thom Gunn served as a mouthpiece for his time illustrating the social cultural and historical transformations that have characterized western civilization from World War II until today Starting with theoretical premises drawn from philosophy anthropology and sociology this work examines Thom Gunn's entire poetic career In Gunn's early poetry the author argues the predominant theme is the desire for freedom from the painful prison of the intellect and from the masks that the individual feels compelled to wear even in his sexual relationships In Gunn's later poetry the author notes a gradual opening to human relationships and to Nature which is also Gunn's vindication and reevaluation of his own nature and the liberation of his long repressed and hidden homosexuality
