

Shell Country

Charles Hill

Shell Country:

Creating Country Music Richard A. Peterson, 2013-04-26 In *Creating Country Music* Richard Peterson traces the development of country music and its institutionalization from Fiddlin John Carson's pioneering recordings in Atlanta in 1923 to the posthumous success of Hank Williams Peterson captures the free wheeling entrepreneurial spirit of the era detailing the activities of the key promoters who sculpted the emerging country music scene More than just a history of the music and its performers this book is the first to explore what it means to be authentic within popular culture Peterson restores to the music a sense of fun and diversity and possibility that more naive fans and performers miss Like Buck Owens Peterson knows there is no greater adventure or challenge than to act naturally Ken Emerson Los Angeles Times Book Review A triumphal history and theory of the country music industry between 1920 and 1953 Robert Crowley International Journal of Comparative Sociology One of the most important books ever written about a popular music form Timothy White Billboard Magazine

Responsible Leadership Nicola Pless, Thomas Maak, 2006-03-01 While there is a high demand for knowledge on responsible leadership there has been till now no source able to meet that demand Enron Worldcom and other high profile cases of management and leadership misconduct have highlighted the need for such a book to provide crucial insights on key issues including responsible leadership leadership competencies and the development of responsible leaders Meeting this need experts in the field of business and leadership ethics have now been brought together to write this vital text the first of its kind It answers the challenge of defining responsible leadership in an era of globalization and as such is highly topical and relevant to all those on the path to becoming responsible leaders Topical and timely this first rate edited collection provides the reader with insights orienting knowledge and best practice cases in the field and is essential reading for all business students academics and professionals concerned with leadership in twenty first century business

"My Rebellious and Imperfect Eye", 2021-10-18 *My Rebellious and Imperfect Eye* Observing Geoffrey Grigson acknowledges and celebrates Geoffrey Grigson 1905 1985 as an all round man as a distinctive lyrical poet as the exact observer of nature and of men in the past and in the present as a pioneering literary critic and art critic as an unrivalled anthologist as a ground breaking editor as a broadcaster as a botanist the list could be extended In an unsurpassed number of diverse areas of artistic and natural culture Grigson passionately communicated all he experienced and felt to as wide an audience as possible Therefore as the centenary of his birth comes in view it seems singularly appropriate to celebrate Geoffrey Grigson's unique contribution to the twentieth century cultural scene In a writing career spanning nearly sixty years he was unmatched by any of his contemporaries for a range which reaches from the edges of journalism into and beyond the academic world In prose and verse the nineteen contributors to this volume amongst them some of the most distinguished names in contemporary English letters would hardly claim to have covered every aspect of Grigson's genius but they do manage to touch upon most of the territory he illuminated The volume contains a full bibliography of Grigson's work and a number of his drawings Music

Genres and Corporate Cultures Keith Negus, 2013-07-04 Music Genres and Corporate Cultures explores the seemingly haphazard workings of the music industry tracing the uneasy relationship between economics and culture entertainment corporations and the artists they sign Keith Negus examines the contrasting strategies of major labels like Sony and Polygram in managing different genres artists and staff How do takeovers affect the treatment of artists Why has Polygram been perceived as too European to attract US artists And how did Warner s wooden floors help them sign Green Day Through in depth case studies of three major genres rap country and salsa Negus explores the way in which the music industry recognises and rewards certain sounds and how this influences both the creativity of musicians and their audiences He examines the tension between raps public image as the spontaneous music of the streets and the practicalities of the market and asks why country labels and radio stations promote top selling acts like Garth Brooks over hard to classify artists like Mary Chapin Carpenter and how the lack of soundscan systems in Puerto Rican record shops affects salsa music s position on the US Billboard chart Drawing on over seventy interviews with music industry personnel in Britain and the United States Music Genres and Corporate Cultures shows how the creation circulation and consumption of popular music is shaped by record companies and corporate business styles while stressing that music production takes within a broader culture not totally within the control of large corporations Country Life ,1906 **Global Business Today Global Edition 8e**

Charles Hill, 2014-09-16 Global Business Today has been developed specifically to meet the needs of international students of business Written in a refreshing informative and accessible style it has become the most widely used text in the International Business market with its comprehensive and up to date contents focus on managerial implications and application of international business concepts and incorporation of ancillary resources that enliven the text and make it easier to teach In addition to boxed material which provides insightful illustrations in every chapter interesting anecdotes have been carefully weaved into the narrative of the text to engage the reader Enhancements to the Global Edition include New Country Focus boxes that provide background on the political economic social or cultural aspects of countries grappling with an international business issue to help raise students awareness of how national and geographic differences affect the conduct of international business such as Corruption in the Philippines and the Export Processing Zone Authority of Pakistan New Management Focus boxes that provide lively illustrations of the relevance of chapter material for the practice of international business including Patenting Basmati Rice and Expatriate Managers New Perspective boxes that provide additional context for chapter topics such as Market Economy in China Australian SMEs Embrace the Chinese Currency and Global Variations in Ownership Structure **Catalog of Copyright Entries** Library of Congress. Copyright Office, 1976 *Responsible Leadership* Mark Moody-Stuart, 2017-09-08 As Chairman of the Royal Dutch Shell Group from 1991 2001 and Anglo American plc from 2002 2009 Sir Mark Moody Stuart is as qualified as anyone on the planet to discuss the realities dilemmas and lessons to be learnt from the last 20 years of corporate engagement with sustainability ethics and responsibility In this

unique book part memoir part confessional part manifesto for leadership we hear a unique voice from the front line of corporate responsibility Moody Stuart retraces the steps of a remarkable journey from being a postgraduate geologist to being at the helm of two of the largest corporations in the world We hear of dealings with dictators and prime ministers colleagues and NGOs rivals and friends We travel from Syria to Nigeria Iraq to Downing Street and from the machinations of the United Nations to those inside the boardroom of Shell We see Shell s annus horribilis in 1995 unfold through the eyes of an insider and how Brent Spar and the execution of Ken Saro Wiwa sent shockwaves through the company resulting in a complete reappraisal of its mission and principles We hear about the oil and mining sectors and their complicated development role in areas of conflict and corruption the way that markets have failed us on climate change and corruption and how governments need to step up to the global challenges we face We hear how Deepwater Horizon could have been avoided what Shell were asked to do by Tony Blair during the UK fuel blockades of 2000 and why they declined why China is too important to ignore and why the Global Compact is too important to fail We hear lessons from a life spent living in 10 different countries and we come to realize that for corporations trying to do the right thing can sometimes be almost impossible We also come to know a deeply ethical and thoughtful leader who has always tried to do exactly that From Soul to Hip Hop Tom Perchard,2017-07-05 The essays contained in this volume address some of the most visible durable and influential of African American musical styles as they developed from the mid 1960s into the 21st century Soul funk pop R B and hip hop practices are explored both singly and in their many convergences and in writings that have often become regarded as landmarks in black musical scholarship These works employ a wide range of methodologies and taken together they show the themes and concerns of academic black musical study developing over three decades While much of the writing here is focused on music and musicians in the United States the book also documents important and emergent trends in the study of these styles as they have spread across the world The volume maintains the original publication format and pagination of each essay making for easy and accurate cross reference and citation Tom Perchards introduction gives a detailed overview of the book s contents and of the field as a whole situating the present essays in a longer and wider tradition of African American music studies In bringing together and contextualising works that are always valuable but sometimes difficult to access the volume forms an excellent introductory resource for university music students and researchers *Writers Directory* NA NA,2016-03-05

Shell Country Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is actually remarkable. This extraordinary book, aptly titled "**Shell Country**," written by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound effect on our existence. Throughout this critique, we shall delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.
