Shelley At Work A Critical Inquiry:

Shelley at Work Neville Rogers,1996 *Shelley at Work, a Critical Inquiry* by Neville Rogers Neville Rogers,1956

The Unfamiliar Shelley Timothy Webb,2016-12-05 Stimulated by new editions of Shelley s writings and the evidence of notebooks the editors have assembled an outstanding group of international Shelley scholars to work through the implications of recent advances in scholarship With particular attention to texts that have been neglected or underestimated the contributors consider many important aspects of Shelley s prolific and remarkably diverse output including the verse letter plays prose essays satire pamphlets political verse romance prefaces translations from the Greek prose style artistic representations fragments and early writings Revaluations of Shelley s youthful works often criticized for their over exuberance pay dividends as they reveal Shelley s early maturation as a writer and also shed light on his later achievement Taken as a whole the collection makes evident that Shelley s reputation has been based largely on surprisingly imperfect and incomplete edited publications driven by Victorian taste and culture A writer very different from the one we thought we knew emerges from these essays which are sure to inspire more reappraisals of Shelley s work **Shelley's Italian Experience**

Alan M. Weinberg,2016-07-27 Focusing on Shelley s Italian experience the present study both addresses itself to the living context which nurtured Shelley s creativity and explores a neglected but essential component of his work The poet s four years of self exile in Italy 1818 1822 were in fact the most decisive of his career As he responded to Italy his poetry acquired a new subtlety and complexity of vision Endowed with remarkably keen powers of absorption the poet imaginatively reshaped the rich cultural heritage of Italy and the vital qualities of its landscape and climate Review of Nevile Rogers's Shelley at Work

Kenneth Neill Cameron,1958 *Platonism and the English Imagination* Anna Baldwin,1994-03-24 This is the first comprehensive overview of the influence of Platonism on the English literary tradition showing how English writers including Chaucer Shakespeare Milton Blake Wordsworth Yeats Pound and Iris Murdoch used Platonic themes and images within their own imaginative work The Dark Angel: Gothic Elements in Shelley's Works John V. Murphy,1975 By establishing a

relationship between Shelley s works and the Gothic tradition this study offers a new way of approaching the center of Shelley s thought Consideration of Shelley s application of the Gothic mode as an agency for psychological analysis is preceded by a brief introduction to Gothic sensibility **Shelley's Visual Imagination** Nancy Moore Goslee,2011-06-23

First full length study of Shelley s remarkable notebooks and the visual and textual imagination they reveal **Imageless**

Truths Karen A. Weisman,2016-11-11 In Imageless Truths Karen A Weisman offers a new reading of Shelley s work in the context of the poet s changing constructions of poetic fictions Shelley s understanding of language in general and of the fictions and their rhetorical trope in particular evolved throughout his career and Weisman argues that it is in his self consciousness over these transformations that we can find the primary motivating factor in the poet s philosophical and literary development Weisman discerns in Shelley an ongoing quest for a mode of fiction making that can accommodate both

the poet's belief in a metaphysical ultimate and his anxiety over the implications of grounding poetic fictions too firmly in the details of everyday life. If Shelley's awareness of fictionality is a major element in the poetry, it is an awareness that comes with the troubled sense of the limits of fiction. Weisman contends that it is this persistent double-edged anxiety that distinguishes Shelley from the other English Romantics. Her point is not intended to deny the validity or the continuing relevance of the deconstructionist perspective nor the value of its various claims for Shelley; she is simply concerned that the instability of poetic fictions was eventually perceived as a given by Shelley as the beginning premise which he acknowledged and then tried to move beyond. Imageless Truths will be of interest to students and scholars of English literature.

Shelley's Ambivalence Christine Gallant, 1989-11-02. A study of Shelley's poetry approaching it from the viewpoint of contemporary Jungian analytical psychology that incorporates the theories of Melanie Klein and D. W. Winnicott. Material that relates to the earliest stages of the ego's development to the pre-Oedipal situation are used.
