Long Range Deserter:

Long Range Deserter Henry Chesham, 1986 **Long Range Deserter** David Bingley, 1997 Military Deserters United States. Congress. Senate. Committee on Armed Services. Subcommittee on Treatment of Deserters from Military Service, 1968 *A German Deserter's War Experience*, 1917 **Broken Homes: A Study of Family Desertion and its Social Treatment** Joanna C. Colcord, 2022-09-16 Joanna C Colcord's *Broken Homes: A Study of Family Desertion and its Social Treatment* is a seminal work that meticulously examines the multifaceted issue of family desertion. Through a blend of case studies, statistical analyses, and sociological insights, Colcord delves into the causes, consequences, and societal responses to this prevalent yet often overlooked social phenomenon. Her narrative is both compassionate and critical, offering a window into the lives affected by abandonment and the era's social policy frameworks. The book is a vital artifact in the literary continuum of social work, reflecting the progressive ambition of early 20th-century reforms within its rich historical context. As a pioneering social worker and a director at the Russell Sage Foundation, Joanna C. Colcord's professional experience deeply informs her exploration in *Broken Homes*. Her passion for social justice and her first-hand encounters with the plight of disintegrated families lend authenticity and depth to her analysis. Colcord's voice echoes the cries for reform and understanding in an age where industrialization and urbanization were transforming the American family landscape. Scholars, policymakers, and anyone interested in the history of social welfare will find *Broken Homes* both enlightening and thought-provoking. Colcord's work offers vital lessons about the social constructions of family and the enduring impact of desertion on individuals and communities. It stands as a testimony to the complexities of family dynamics and an admonition for continual progress in social support systems. This book not only contributes to historical scholarship but also serves as a call to action for current and future generations to address the persistent challenges surrounding family cohesion and societal support mechanisms.

No Soap, No Pay, Diarrhea, Dysentery & Desertion Jeff Toalson, 2006-08-18 *No Soap No Pay Diarrhea Dysentery Desertion* is a groundbreaking study of life during the final sixteen months of the Confederacy Civil War. Studies normally focus on military battles, campaigns, generals, and politicians, with the common Confederate soldier and Southern civilians receiving only token mention. Using personal accounts from more than two hundred—seventy soldiers, farmers, clerks, surgeons, sailors, chaplains, farm girls, nurses, nuns, merchants, teachers, and wives—author Jeff Toalson has created a compilation that is remarkable in its simplicity and stunning in its scope. These soldiers and civilians wrote remarkable letters and kept astonishing diaries and journals. They discussed disease, slavery, inflation, religion, desertion, blockade running, and their never-ending hope that the war would be over before their loved ones died. As in all wars, these are the people who suffer the most, and glory is hard to find amid lice, dysentery, starvation, and death. A significant contribution to Civil War literature, *No Soap No Pay Diarrhea Dysentery Desertion* will open vistas to a side of the war with which most are only mildly familiar. The words of these individuals are an honest, powerful, and poetic portrayal of the war's effect on their lives. A

Armor, 1999 The magazine of mobile warfare **All Hands**, 1951 A German Deserter's War Experience Anonymous, 2020-09-28 Murdering Wells G Mitchell, 2017-04-01 When a military deserter robs a mail contractor and leaves him to the mercy of Apache raiders in a remote corner of Arizona the contractor's brother Luke Adison vows to track down those responsible Soon the tables turn however as Luke is captured by the deserters Will he manage to escape and avenge his brother or will he learn the true secret behind the sinisterly named Murdering Wells

The Oxford Companion to American Military History, **Obstinate Heroism** Steven J. Ramold, 2020-03-15 Despite popular belief the Civil War did not end when Robert E Lee surrendered to Ulysses S Grant at Appomattox Virginia in April 1865 The Confederacy still had tens of thousands of soldiers under arms in three main field armies and countless smaller commands scattered throughout the South Although pressed by Union forces at varying degrees all of the remaining Confederate armies were capable of continuing the war if they chose to do so But they did not even when their political leaders ordered them to continue the fight Convinced that most civilians no longer wanted to continue the war the senior Confederate military leadership over the course of several weeks surrendered their armies under different circumstances Gen Joseph Johnston surrendered his army in North Carolina only after contentious negotiations with Gen William Tecumseh Sherman Gen Richard Taylor ended the fighting in Alabama in the face of two massive Union incursions into the state rather than try to consolidate with other Confederate armies Personal rivalry also played a part in his practical considerations to surrender Gen Edmund Kirby Smith had the decision to surrender taken out of his hands disastrous economic conditions in his Trans Mississippi Department had eroded morale to such an extent that his soldiers demobilized themselves leaving Kirby Smith a general without an army The end of the Confederacy was a messy and complicated affair a far cry from the tidy closure associated with the events at Appomattox

Desertion in the Early Modern World Matthias van Rossum, Jeannette Kamp, 2016-02-25 Early modern globalization was built on a highly labour intensive infrastructure This book looks at the millions of workers who were needed to operate the ships ports store houses forts and factories crucial to local and global exchange These sailors soldiers craftsmen and slaves were crucial to globalization but were also confronted with the process of globalization themselves They were often migrants who worked directly or indirectly for trading companies merchants and

Salvatore,2003-07-15 Provides a radically new interpretation of postcolonial Argentinian history showing how marginalized groups used the resources of the market and state to avoid economic exploitation and government domination **Desertion During the Civil War** Ella Lonn,American Historical Association,1928 *Remembering and Disremembering the Dead* Floris Tomasini,2017-08-01 This book is open access under a CC BY 4.0 licence This book is a multidisciplinary work that investigates the notion of posthumous harm over time The question what is and when is death affects how we understand the possibility of posthumous harm and redemption Whilst it is impossible to hurt the dead it is possible to harm the wishes beliefs and memories of persons that once lived In this way this book highlights the vulnerability of the dead and makes connections to a historical oeuvre to add critical value to similar concepts in history that are overlooked by most philosophers There is a long historical view of case studies that illustrate the conceptual character of posthumous punishment that is dissection and gibbeting of the criminal corpse after the Murder Act 1752 and those shot at dawn during the First World War A long historical view is also taken of posthumous harm that is body snatching in the late Georgian period and organ snatching at Alder Hey in the 1990s Blindfold and Alone John Hughes-Wilson,Cathryn M Corns,2015-10-29 Three hundred and fifty one men were executed by British Army firing squads between September 1914 and November 1920 By far the greatest number 266 were shot for desertion in the face of the enemy The executions continue to haunt the history of the war with talk today of shell shock and posthumous pardons Using material released from the Public Records Office and other sources the authors reveal what really happened and place the story of these executions firmly in the context of the military social and medical context of the period **Conscripts and Deserters** Alan Forrest,1989-11-23 Between the outbreak of war with Austria in 1792 and Napoleon's final debacle in 1814 France remained almost continuously at war recruiting in the process some two to three million frenchmen a level of recruitment unknown to previous generations and widely resented as an attack on the liberties of rural communities Forrest challenges the notion of a nation heroically rushing to arms by examining the massive rates of desertion and avoidance of service as well as their consequences on French society on military campaigns and the morale of armies on political opinion at home on the social fabric of local villages and on the
