The Longest Trek Grace Lee Whitney, Jim Denney, 1998 She opened for jazz great Billie Holiday shared the set with Marilyn Monroe and flirted on screen with Jack Lemmon In her dream role Gene Roddenberry beamed her aboard the Starship Enterprise as Yeoman Janice Rand in the original Star Trek series But a terrifying sexual assault on the studio lot and her lifelong feelings of emptiness and isolation would soon combine to turn her starry dream into a nightmare Disco Frank DeCaro, 2024-10-15 This dazzling volume shines new light on the songs styles and enduring pop culture impact of the 1970s musical genre that emerged from Black and Latin queer culture to take the world by storm Half a century after the drug fueled DJ driven glamour drenched musical phenomenon of disco was born at a New York City loft party disco s musical and fashion influences live on in popular culture This is a frolicking entertaining yet serious tribute to the overlooked art form of disco which has never been given its proper due nor taken its true place in the historic struggle for LGBTQ gender and racial equality Painting a vivid portrait of this provocative era DeCaro explores the cultural importance of disco and how the music and dance that originated in queer Black and Latin clubs of the day became a mainstream phenomenon changing our culture along the way With glamorous photos from disco s heyday up through today DeCaro examines disco s pervasive influence on pop culture over the last fifty years exploring disco in film and television as well as in fashion and interior design Through entertaining texts as well as interviews with artists and celebrities of the era such as Donna Summer and Grace Jones among others this book champions the diverse origins of disco while celebrating its influence on today s groundbreaking artists such as Lady Gaga Dua Lipa and Miley Cyrus A must for all lovers of music style and pop culture

Across the Great Divide Wayne Karol, 2004 Praise for Wayne Karol's *The Sixties as Science Fiction: An Appreciation of Paul Kantner* Easily the best thing I've ever seen written on him and his music and what it all means Jeff Tamarkin author of *Got A Revolution: The Turbulent Flight of Jefferson Airplane* One of the finest pieces of writing about music and society that it's been my pleasure to read Bill Parry co editor *Holding Together: The Sixties were such a long time ago why can't America seem to stop re-fighting the battles we fought then Why are we still so bitterly divided Why does so much of what's happening now seem like weird repetitions of the past from the Monica Lewinsky scandal and Watergate to Iraq and Vietnam* In *Across the Great Divide* Wayne Karol offers an original and insightful perspective on how we ended up in this mess and what we might be able to do about it It's his duty as a baby boomer to hope that it will change the world
