Longman Primary Dictionary Southern African Edition

Jeffrey Jensen Arnett

Longman Primary Dictionary Southern African Edition:

The Social and Political History of Southern Africa's Languages Tomasz Kamusella, Finex Ndhlovu, 2017-11-21 This book is the first to offer an interdisciplinary and comprehensive reference work on the often marginalised languages of southern Africa. The authors analyse a range of different concepts and questions including language and sociality, social and political history, multilingual government and educational policies. In doing so they present significant original research ensuring that the work will remain a key reference point for the subject. This ambitious and wide ranging edited collection will appeal to students and scholars of southern African languages, sociolinguistics, history and politics.

The Cambridge Companion to English Dictionaries Sarah Ogilvie, 2020-09-24 How did a single genre of text have the power to standardise the English language across time and region, rival the Bible in notions of authority and challenge our understanding of objectivity, prescription and description? Since the first monolingual dictionary appeared in 1604 the genre has sparked evolution, innovation, devotion, plagiarism and controversy. This comprehensive volume presents an overview of essential issues pertaining to dictionary style and content and a fresh narrative of the development of English dictionaries throughout the centuries. Essays on the regional and global nature of English lexicography, dictionary making, explore its power in standardising varieties of English and defining nations seeking independence from the British Empire, from Canada to the Caribbean. Leading scholars and lexicographers historically contextualise an array of dictionaries and pose urgent theoretical and methodological questions relating to their role as tools of standardisation, prestige, power, education, literacy and national identity.

Festschrift Rufus H. Gouws Willem Botha, Paul Mavoungou, Dion Nkomo, 2013-06-01 The range of languages covered by the lexicographic investigations reported on, e.g. Afrikaans, English, Northern Sotho, Yilumbu, Fang, French and Dutch, is a clear indication of the wide ranging influence of Rufus Gouws to whom the work is dedicated.

The Politics of Race, Class and Nationalism in Twentieth Century South Africa S. Mark, Stanley Trapido, S. Marks, 2014-09-25 The standard of contribution is high, the reader gets a good sense of the cutting edge of historical research. African Affairs.
