Longman English Grammar:

Longman English grammar practice for intermediate students Louis G. Alexander, 2001 Longman English Grammar Practice L. G. Alexander, 1990-01-01 This book provides grammar exercises for students working with a teacher. The book can be used in any order depending on the personal needs of the students and the exercises are not arranged in order of increasing difficulty but are marked with asterisks to indicate their relative degree of difficulty *Longman English Grammar Practice* L. G. Alexander, 1991 **Grammar of Spoken and Written English** Douglas Biber, Stig Johansson, Geoffrey N. Leech, Susan Conrad, Edward Finegan, 2021-11-15 The completely redesigned Grammar of Spoken and Written English is a comprehensive corpus based reference grammar. GSWE describes the structural characteristics of grammatical constructions in English as do other reference grammars. But GSWE is unique in that it gives equal attention to describing the patterns of language use for each grammatical feature based on empirical analyses of grammatical patterns in a 40 million word corpus of spoken and written registers. Grammar in use is characterized by three inter related kinds of information: frequency of grammatical features in spoken and written registers; frequencies of the most common lexico grammatical patterns; and analysis of the discourse factors influencing choices among related grammatical features. GSWE includes over 350 tables and figures highlighting the results of corpus based investigations. Throughout the book authentic examples illustrate all research findings. The empirical descriptions document the lexico grammatical features that are especially common in face to face conversation compared to those that are especially common in academic writing. Analyses of fiction and newspaper articles are included as further benchmarks of language use. GSWE contains over 6 000 authentic examples from these four registers illustrating the range of lexico grammatical features in real world speech and writing. In addition, comparisons between British and American English reveal specific regional differences. Now completely redesigned and available in an electronic edition, the Grammar of Spoken and Written English remains a unique and indispensable reference work for researchers, language teachers and students alike Longman English Grammar L. G. Alexander, 1988 Longman's English Grammar George Jay Smith, 1906 Longman Advanced Grammar L. G. Alexander, 1993 This is a text based practice and reference book of grammar for upper intermediate and advanced students who are working on their own or with a teacher. The book is designed to compliment and extend the grammar presented in conventional coursebooks and is also suitable for those working for the Cambridge Advanced English and Proficiency exams Longman English Grammar Practice L. G. Alexander, 1993-10-01 **Longman English Grammar** Louis G. Alexander, 2006 *Longman Grammar of Spoken and Written English* Douglas Biber, 2012
